

Airbnb Host Cancellation Policy

Airbnb host cancellation policy protects guests to ensure they have a pleasant experience.

Airbnb has implemented a number of measures around cancellations:

- If an Airbnb host cancels any reservation more than seven days before the guest's check-in date, Airbnb deducts \$50 from the host's next payout.
- If a host cancels any reservation within seven days of check-in, they will be charged a \$100 fee.
- And if hosts cancel more than one reservation within a six-month period, they will be charged \$50 per cancellation.
- If a host cancels before the check-in date, Airbnb leaves an automatic review on the listing profile mentioning the cancellation.

Besides, when you cancel a booking as a host, your calendar remains blocked for the canceled reservation's dates, and you won't be able to accept another booking for the same dates.

Consumer Protection and Online Travel Platforms Agnieszka Jabłowska, 2025-04-26 Online platforms have transformed the travel sector by enhancing the availability of travel services and lowering transaction costs however they have also posed new challenges for consumer protection The book studies this transformation assesses the relevant EU acquis and explores how the legal framework could be improved to better protect consumer interests in a platform driven market The book examines the private governance mechanisms employed by leading platform operators and identifies their strengths and weaknesses Building upon these insights it then delves into the EU legal framework including the Digital Services Act and the Package Travel Directive It identifies gaps in the protection of consumers concluding contracts through online travel platforms and proposes strategies for addressing these gaps through horizontal and sectoral rules In this context the book reflects on key notions of consumer law such as information safety and performance as well as the associated role of platform providers Focusing on stand alone contracts for individual travel services this study offers new perspectives on consumer protection the digital economy and EU law It will appeal to both legal researchers and practitioners seeking to navigate digital markets and the complexities of their regulation By showing how EU law can better protect consumers in connection with online travel platforms the book offers a valuable resource for legal interpretation and future policy evolution

Law and the "Sharing Economy" Derek McKee, Finn Makela, Teresa Scassa, 2018-11-27 Controversy shrouds sharing economy platforms It stems partially from the platforms economic impact which is felt most acutely in certain sectors Uber drivers compete with taxi drivers Airbnb hosts compete with hotels Other consequences lie elsewhere Uber is associated with a trend toward low paying precarious work whereas Airbnb is accused of exacerbating real estate speculation and raising the cost of long term rental housing While governments in some jurisdictions have attempted to rein in the platforms technology has enabled such companies to bypass conventional regulatory categories generating accusations of unfair competition as well as debates about the merits of existing regulatory regimes Indeed the platforms blur a number of familiar distinctions including personal versus commercial activity infrastructure versus content contractual autonomy versus hierarchical control These ambiguities can stymie legal regimes that rely on these distinctions as organizing principles including those relating to labour competition tax insurance information the prohibition of discrimination as well as specialized sectoral regulation This book is organized around five themes technologies of regulation regulating technology the sites of regulation local to global regulating markets and regulating labour Together the chapters

offer a rich variety of insights on the regulation of the sharing economy both in terms of the traditional areas of law they bring to bear and the theoretical perspectives that inform their analysis Published in English
