Grammar for Teachers Andrea DeCapua, 2016-07-28 Updated and revised with more examples and expanded discussions this second edition continues the aim of providing teachers with a solid understanding of the use and function of grammatical structures in American English The book avoids jargon and presents essential grammatical structures clearly and concisely Dr DeCapua approaches grammar from a descriptive rather than a prescriptive standpoint discussing differences between formal and informal language and spoken and written English The text draws examples from a wide variety of authentic materials to illustrate grammatical concepts The many activities throughout the book engage users in exploring the different elements of grammar and in considering how these elements work together to form meaning Users are encouraged to tap into their own often subconscious knowledge of grammar to consciously apply their knowledge to their own varied teaching settings The text also emphasizes the importance of understanding grammar from the perspective of English language learners an approach that allows teachers to better appreciate the difficulties these learners face Specific areas of difficulties for learners of English are highlighted throughout

The Solitude of Self Vivian Gornick, 2006-09-05 Elizabeth Cady Stanton along with her comrade in arms Susan B Anthony was one of the most important leaders of the movement to gain American women the vote But as Vivian Gornick argues in this passionate vivid biographical essay Stanton is also the greatest feminist thinker of the nineteenth century Endowed with a philosophical cast of mind large enough to grasp the immensity that women's rights addressed Stanton developed a devotion to equality uniquely American in character Her writing and life make clear why feminism as a liberation movement has flourished here as nowhere else in the world Born in 1815 into a conservative family of privilege Stanton was radicalized by her experience in the abolitionist movement Attending the first international conference on slavery in London in 1840 she found herself amazed when the conference officials refused to seat her because of her sex At that moment she realized that In the eyes of the world I was not as I was in my own eyes I was only a woman At the same moment she saw what it meant for the American republic to have failed to deliver on its fundamental promise of equality for all In her last public address *The Solitude of Self* delivered in 1892 she argued for women's political equality on the grounds that loneliness is the human condition and that each citizen therefore needs the tools to fight alone for his or her interests Vivian Gornick first encountered *The Solitude of Self* thirty years ago Of that moment Gornick writes I hardly knew who Stanton was much less what this speech meant in her life or in our history but

it I can still remember thinking with excitement and gratitude as I read these words for the first time eighty years after they were written We are beginning where she left off The Solitude of Self is a profound distilled meditation on what makes American feminism American from one of the finest critics of our time *Out of Time* Lynne Segal, Elaine Showalter, 2014-07-01 A brave book with a polemical argument on the paradoxes struggles and advantages of aging How old am I Don't ask don't tell As the baby boomers approach their sixth or seventh decade they are faced with new challenges and questions of politics and identity In the footsteps of Simone de Beauvoir Out of Time looks at many of the issues facing the aged the war of the generations and baby boomer bashing the politics of desire the diminished situation of the older woman the space on the left for the presence and resistance of the old the problems of dealing with loss and mortality and how to find victory in survival **Trickster in Tweed** Thomas S Frentz, 2016-09-16 How do academics survive the bureaucracy the petty jealousies the absurdities of operating in the university More important how do they as humans cope with the darker shadows that enter professional lives illness sorrow death Coyote The Trickster a well known figure in the American Indian world is also the icon for communication scholar Tom Frentz Frentz uses the survival strategies of The Trickster in his articulate amusing and often emotional autoethnography of striving for quality through the worlds of academia and medicine **The Quotable Jewish Woman** Elaine Bernstein Partnow, 2011-09-12 The words of Jewish women to inspire enlighten and enrich your life is the definitive collection of ideas reflections humor and wit by Jewish women Compiler Elaine Bernstein Partnow The Quotable Woman brings together the voices of over 300 women including women of the Bible actors poets humorists scientists and literary and political figures whose ideas activism service talent and labor have touched the world Quoted women include Bella Abzug Hannah Arendt Lauren Bacall Aviel Barclay Judy Blume Susan Brownmiller Judy Chicago Jennifer Connelly Gerty Theresa Cori Deborah Anita Diamant Phyllis Diller Delia Ephron Marcia Falk Dianne Feinstein Anne Frank Rosalind Franklin Anna Freud Betty Friedan Carol Gilligan Ruth Bader Ginsburg Rebecca Gratz Blu Greenberg Erica Jong Frida Kahlo Donna Karan Faye Kellerman Carole King Ann Landers Este Lauder Emma Lazarus Rosa Luxemburg Golda Meir Bette Midler Miriam Bess Myerson Cynthia Ozick Dorothy Parker Belva Plain Letty Cottin Pogrebin Ayn Rand Gilda Radner Adrienne Rich Joan Rivers Ethel Rosenberg Sandy Eisenberg Sasso Hannah Senesh Fanchon Shur Raven Snook Gertrude Stein Barbra Streisand Kerri Strug Henrietta Szold Barbara Tuchman Barbara Walters Dr Ruth Westheimer Naomi Wolf Rosalyn Yalow and many more From winners of Nobel Prizes and Oscars to lesser known but equally remarkable women from many countries and backgrounds this book is an inspirational gateway to the thoughts and lives of Jewish women both contemporary and ancient *Spinster* Kate Bolick, 2015-04-21 A New York Times Book Review Notable Book Whom to marry and when will it happen these two questions define every woman's existence So begins Spinster a revelatory and slyly erudite look at the pleasures and possibilities of remaining single Using her own experiences as a starting point journalist and cultural critic Kate Bolick invites us into her carefully considered passionately lived life weaving together the past and
