Ashrae Humidity Control Design Guide:

Humidity Control Design Guide for Commercial and Institutional Buildings Lewis G. Harriman, Geoffrey Wilmot Brundrett, Reinhold Kittler, 2001 This 4 color hardback book is an easy to read user friendly manual aimed at HVAC designers concerned with humidity control It helps to define the purpose of a humidity control project and provides information on the effects of humidity on mold mildew bacteria viruses and overall human health and comfort The text also discusses how humidity control equipment works and the importance of managing air pressure in a building Schools office buildings nursing homes and laboratories are discussed in depth along with other types of buildings The book provides checklists to help architects owners contractors and building and HVAC system designers get the job done quickly and accurately ASHRAE Research Project 1047

Humidity Control Design Guide for Commercial and Institutional Buildings Lew Harriman, Geoffrey Brundrett, Reinhold Kittler, 2012-04-09 This publication is a Chinese language abridged translation of Humidity Control Design Guide for Commercial and Institutional Buildings product code 90421 This book is designed to help technical professionals design humidity control systems for commercial buildings The Guide provides the HVAC designer with complete coverage of humidity control from basic principles to real world design advice and is organized in a logical easy to follow layout This book has been translated and distributed by Munters with permission from ASHRAE No part of this book may be reproduced without permission in writing from ASHRAE or from the original holder of the copyright as indicated in the text except by a reviewer who may quote brief passages or reproduce illustrations in a review with appropriate credit nor may any part of this book be stored in a retrieval system or transmitted in any form by any means electronic photocopying recording or other without permission in writing from ASHRAE or from the original copyright holder
