Assimilation Tales Of Transformation And Surrender:

Assimilation: Tales of Transformation and Surrender , Rubber moves through me until every cell is coated every nerve insulated every part of me rubberised and assimilated The process is slow purposeful unrelenting and irreversible and it feels like slowly drowning in a rising black tide of ecstasy These stories weave tales of delicious perversity unrelenting transformations heady submission and willingly given surrender They speak of masculinity and hunger of bondage hypnosis pup play and water sports They tell of men released from their limitations to test and push and explore at the very limits of experience and play and all are wrapped within a seductively hypnotic skin of rubber and leather *Barbarian Virtues* Matthew Frye Jacobson,2001-04-16 This book is an examination of national identity in a crucial period The United States first announced its power on the international scene at the Centennial Exhibition in 1876 and first demonstrated that power during World War I The years in between were a period of dramatic change when the dynamics of industrialization rapidly accelerated the rate at which Americans were coming in contact with foreign peoples both at home and abroad In this work the author shows how American conceptions of peoplehood citizenship and national identity were transformed in these crucial years by escalating economic and military involvements abroad and by the massive influx of immigrants at home Drawing upon a diverse range of sources not only traditional political documents but also novels travelogues academic treatises and art he demonstrates the close relationship between immigration and expansionism By bridging these two areas so often left separate he rethinks the texture of American political life in a keenly argued and persuasive history This book shows how these years set the stage for today s attitudes and ideas about Americanism and about immigrants and foreign policy from Border Watch to the Gulf War *Sensibility in Transformation* Sydney McMillen Conger,1990-03 Focusing on the period from about 1690 to 1890 these essays depict an age of sensibility that was in transformation New connections are revealed between sensibility and other key preoccupations of the age including the feminine ideal and the poetic imagination Print the Legend Martha A. Sandweiss,2002-01-01 Resurrecting scores of rare images of the 19th century American West Print the Legend offers engaging tales of ambitious photographic adventurers and misinterpreted images Chronicling both the history of a place and the history of a medium this book portrays how Americans first came to understand western photos and to envision their expanding nation 138 illustrations *Rituals of Dis-integration* Ed Block,1993 Examines a subgenre of the Victorian Gothic exemplified by Henry James s *The Turn of the Screw* whose themes and techniques anticipate some important aspects of High Modernism Shows the intertwining of literature psychology folklore and culture in the work of Violet Paget Walter Pater Yeats Stevenson Arthur Symons and others Annotation copyright by Book News Inc Portland OR *Empire Films and the Crisis of Colonialism, 1946-1959* Jon Cowans,2015-05-15 The first transnational history of cinema s role in decolonization Using popular cinema from the United States Britain and France *Empire Films and the Crisis of Colonialism* 1946 1959 examines postwar Western attitudes toward colonialism and race relations Historians have written

much about the high politics of decolonization but little about what ordinary citizens thought about losing their empires. Popular cinema provided the main source of images of the colonies and according to Jon Cowans in this far reaching book films depicting the excesses of empire helped Westerners come to terms with decolonization and even promoted the dismantling of colonialism around the globe. Examining more than one hundred British, French and American films from the post World War II era, Cowans concentrates on movies that depict interactions between white colonizers and nonwhite colonial subjects including sexual and romantic relations. Although certain conservative films eagerly supported colonialism, Cowans argues that the more numerous liberal colonialist productions undermined support for key aspects of colonial rule while a few more provocative films openly favored anticolonial movements and urged internal decolonization for people of color in Britain, France and the United States. Combining new archival research on the films' production with sharp analysis of their imagery and political messages, the book also assesses their reception through box office figures and newspaper reviews. It examines both high profile and lesser known films on overseas colonialism including *The King and I*, *Bhowani Junction* and *Island in the Sun* and tackles treatments of miscegenation and internal colonialism that appeared in Westerns and American films like *Pinky* and *Giant*. The first truly transnational history of cinema's role in decolonization, this powerful book weaves a unified historical narrative out of the experiences of three colonial powers in diverse geographic settings. **Franz Kafka** Harold Bloom, 2010. A collection of critical essays on Kafka and his work arranged in chronological order of publication.

Pornographic Sensibilities Nicholas R. Jones, Chad Leahy, 2020-11-29. *Pornographic Sensibilities* stages a conversation between two fields: Medieval Early Modern Hispanic Studies and Porn Studies that traditionally have had little to say to each other. The collection offers innovative new approaches to the study of gendered and sexualized bodies in medieval and early modern textual production including literary and historical documents. The volume's embrace of the interpretative tools of Porn Studies also inscribes a critical provocation in what ways can contemporary modes of reading the past serve to freshly illuminate not only the contours of that same past but also the very critical assumptions of the present upon which fields like medieval and early modern Hispanic Studies are built. In this way *Pornographic Sensibilities* encourages at once both rigorous historicizations of pre and early modern culture and playful engagement with presentism considered here as a critical tool to undress the hidden assumptions of both past and present. This move substantively challenges long held critical orthodoxies among scholars of pre Enlightenment periods for whom the very category of pornography itself has often problematically been framed as an anachronism when applied to their work. **Photo Archives and the Idea of Nation**

Costanza Caraffa, Tiziana Serena, 2014-12-16. Das lange 19. Jahrhundert der Nationalstaatenbildung ist auch das Jahrhundert der Erfindung der Fotografie wie auch der Geburt der modernen Archivwissenschaften. Die Fotografie wurde bald von den Nationalstaaten in ihrem Bedürfnis nach bildlicher Visualisierung in den Dienst genommen. Nach dem II. Weltkrieg dem Zerfall der kolonialistischen Systeme und schließlich dem Fall der Berliner Mauer erlangten nationale Fragen erneut Aktualität.

t nun in einem globalen Rahmen Die Beiträge in diesem Band untersuchen den Zusammenhang zwischen Fotografie Fotoarchiven und der Idee der Nation wobei das Objektiv sich nicht auf einzelne Ikonen sondern auf die weitreichende Dimension des Archivs richtet *Novalis* John Neubauer, 1980
