Larkin, 1996-10-01 Folkboat Story Dieter Loibner, 2008-10-17

This modern classic of small boat literature details the history of the Nordic Folkboat a class that enjoys remarkable popularity in some of the world's most beautiful and challenging sailing waters A clinker design that sails equally fast and well whether it is made from wood or fiberglass the Nordic Folkboat has been around for 60 years It has stood the test of time as its minimalism robustness and sea kindliness have proved resistant to radical design modifications Loibner guides us through all the layers of the Folkboat community from those who sail competitively in the many Folkboat regattas worldwide to the devoted following of recreational sailors who appreciate the sturdiness of the design when out cruising with family and friends to what he refers to as the Lunatic Fringe Any reader who has spent a thrilling afternoon on the dancing prow of a small boat will appreciate the insights and journey of *The Folkboat Story*

Cruising for Seniors Paul H. Keller, 2000 Paul Keller proves that it is never too late to start sailing with firsthand practical advice on everything from setting up your boat to keeping healthy on board **Chartering a Boat** Chris Caswell, 2001

Caswell offers advice on everything from choosing the right cruising area a good company to charter from and selecting a suitable boat to dealing with common problems encountered on charters **If the Shoe Fits** Rae Ellen Lee, 2001 Rae Ellen Lee is a writer and sailing enthusiast **Cruising (With) Class** Stan Zimmerman, 2007-02-26

Many beginning sailors soon yearn for a larger boat with a galley head and berths so they can extend their time on the water and range of action However the simple mechanics of sailing do not include the variety of arts necessary to cruise successfully *Cruising with Class* began as a series of lectures at the Sarasota Florida Sailing Squadron with the intention of teaching basic skills to beginning cruisers Comfort on the water is not a matter of soft cushions It comes from confidence in the ability to voyage safely Reading the weather planting the anchor calculating the tides navigating a coast avoiding fatigue choosing equipment coping with storms reacting to disasters these are the arts of a cruiser Although the book calls on the author's 25 years of cruising small sailboats it is not a travelogue Instead it is a precise iteration of lessons learned the hard way and presented in sailor to sailor fashion so others can avoid disaster and find comfort bred in confidence on the water *Treasured Islands* Lowell Don Holmes, 2001 Not only the British writer himself already famous for novels and poems but his family with him took to the

sea between 1888 and 1890 to search Polynesia Micronesia and Melanesia for Robert's health and adventure. Writer and film maker Holmes emeritus anthropology Wichita State U Kansas has **The Fishes of the Sea** Dave Preble, 2001. Dave Preble has plied the sea as a charter skipper a draggerman and a biologist and in *The Fishes of the Sea* he provides a fascinating overview of history nature sociology and the marine ecosystem. His insights are born of experience with opinions that are refreshing and voiced from the heart. He brings to life the glory days when fish were abundant and he chronicles the devastation of overfishing. The result is a book that is hard to put down once you crack the first page. Fisherman *Red Sea Peril* Shirley Billing, 2002. In 1996 the author and her husband sailed from Phuket Thailand to Cyprus as part of a multi year circumnavigation of the globe. While traveling through the Red Sea they were arrested and detained for questioning by Eritrean soldiers for 23 days. She offers a memoir of the entire trip with a day
