Basic Documents In International Law:

Basic Documents in International Law Ian Brownlie, 2009 *Basic Documents in International Law* provides exactly what it says in the title the essential basic and most important documents needed for the study and understanding of international law Collated by a world leading expert this focused selection of documents will be an excellent resource for both students and practitioners

Basic Documents in International Law and World Order Burns H. Weston, Richard A. Falk, Anthony A. D'Amato, 1980

Basic Documents in International Law, 1978

Basic Documents on International Trade Law Chia-Jui Cheng, Jiarui Cheng, 1990-02-22

Basic Documents on International Trade Law Chia-Jui Cheng, 2012-04-27

Anyone involved in trade law knows the time consuming nature of obtaining primary source material and consulting each of the main trade laws Now in its fourth edition *Basic Documents in International Trade Law* solves this problem by assembling in a single easy to use resource a very comprehensive collection of the most important and frequently used documents on the law of international trade In addition to its obvious practical value this work reveals much about the process of harmonization in international trade law and the operation of the key international trade bodies This makes the book a helpful reference for international business lawyers researchers legislators and government officials in the field Since the successful publication of the previous editions of the book the appearance of new conventions and model laws has considerably enriched the law of international trade and the present edition contains a wealth of new material The book has been substantially revised and several new instruments have been included Among the most significantly important improvements to this new edition are new chapters added to different parts of the book a redesigned and thoroughly revised Part 6 reflecting the expansion of intellectual property rights under the framework of treaties administered by World Intellectual Property Organization and bibliographies and other research resources updated and enlarged to include an extraordinarily rich collection of books and articles in many trading languages besides English including for the first time major Chinese works in the international trade law field As the late Prof Clive M Schmitthoff commented on the first edition the book is not only of practical usefulness but has also considerable jurisprudential value and reveals the methodology of the harmonization process in the area of international trade law The *International Business Lawyer* first commented in 1987 that the book can only be described as a *vade mecum* for every international business lawyer an assessment that now seems more merited than ever

Basic Documents on International Investment Protection Martins Paparinskis, 2019-05-30 International law of foreign investment is a field of public international law that has attracted considerable attention from practitioners academics and policy makers in the last two decades Its key characteristic is the extent of substantive and procedural decentralisation while often sharing certain structural elements both substantive obligations and mechanisms of international dispute settlement are mostly opposable only between the particular parties even when expressed in multilateral form This makes a clear and comprehensive overview of the topic particularly important The second edition adopts a new structure that better reflects the

concurrence of various reform proposals with the fairly stable stratum of instruments that inform the current practice With this systemic dynamic in mind the selected documents are divided into three parts Past Present and Future The Past sets out the legal background to modern investment protection law The Present provides generalist international law materials sources and responsibility a selection of the more important instruments with substantive investment rules and rules of international dispute settlement regarding investment protection The Future new for the second edition lists a number of possible directions of future development including a variety of approaches that maintain the traditional procedural kernel of investor State arbitration as well as proposals for more significant change with non State actor involvement in dispute settlement either rejected or moulded into a judicial mechanism This highly regarded book is aimed at teachers students practitioners and policymakers in the area It can be used both as a practitioners handbook and as a classroom companion for courses on international dispute settlement and investment protection law International Law & World Order Burns H. Weston, **Handbook of International Law** Anthony Aust, 2005-10-27 A concise account of international law by an experienced practitioner this book explains how states and international organisations especially the United Nations make and use international law The nature of international law and its fundamental concepts and principles are described The difference and relationship between various areas of international law which are often misunderstood such as diplomatic and state immunity and human rights and international humanitarian law are clearly explained The essence of new specialist areas of international law relating to the environment human rights and terrorism are discussed Aust s clear and accessible style makes the subject understandable to non international lawyers non lawyers and students Abundant references are provided to sources and other materials including authoritative and useful websites **International Law Reports** Elihu Lauterpacht, C. J. Greenwood, Karen Lee, A. G. Oppenheimer, 2004-10-14 The International Law Reports is the only publication in the world wholly devoted to the regular and systematic reporting in English of decisions of international courts and arbitrators as well as judgments of national courts Since the Reports began in 1922 over 10 000 cases have been reported in full or digest form This new companion volume is an indispensable guide to the Reports themselves as well as being an essential compendium to the vast range of international law jurisprudence over the last eighty years The Table of Treaties covers in a single consolidation all treaties referred to in volumes 1 125 of the International Law Reports by date and treaty title It also indicates where the treaties may be found particularly useful in the case of early and bilateral treaties The Table is accompanied by indexes to the treaties by party and subject **Basic documents in international law, edited by i. brownlie**, 1967
