Kabbalah and the Mystical Hebrew Alphabet Solomon Price,2024-01-13 So what exactly is the Kabbalah Kabbalah is an ancient form of mysticism which studies the connections between God humanity and the mysterious

Ein Soph the celestial dark sea of energy at the heart of all creation Kabbalah practitioners believe that through their sacred science the human soul becomes attuned to this Holy substance thereby granting access to the primordial forces of the universe In Kabbalah and the Mystical Hebrew Alphabet Price explores these fascinating ideals in an informed yet easy to follow manner The first two sections of the book cover topics such as The Tree of Life Four Kabbalistic Worlds Adam Kadmon Gematria and Numerology Lurianic Kabbalah and the Origins of the Universe Shekhinah and the Sacred Feminine Levels of the Human Soul The Alchemical Process The Elixir of Life History of Kabbalah Paleo Hebrew and the Bible While the third section gives a detailed interpretation on each of the 22 letters in the Hebrew Alphabet In doing so Price effectively unravels the mysteries of the Great Work from an objective modern day perspective [The Battle of The Sexes: It's Been Downhill Since The Garden](#) H.R. Boaz,2021-05-08 The Battle of the Sexes explores how the Word of God YHWH both the Old Testament and the New Testament has been twisted to support a narrative that is not in the Scriptures Traditional translations and teachings of the Bible have either presumed or assumed that men are given power and dominion over women But nowhere in the Bible is this statement made not even in Genesis Bereishis 3 16 And your husband will rule over you which is not spoken as an imperative but rather as a prophecy The original Hebrew language of the first five books of Moses also known as the Torah Old Testament tells a very different story of the primal couple A story that is contrary to what is often taught in all religions that use the Word of YHWH as their foundation namely Judaism Christianity and Islam With an abbreviated overview of human history as told from YHWH s point of view we discover a connection of how all cultures have come to share similar myths legends and stories with the Torah And how these ancient archetypes of good and evil have been misused to support a psychological and socio political advantage of men over women Likewise a brief foray into the unique Hebrew language the ancient language in which YHWH created our world and dictated the Torah to Moses provides proof that the Word of God is indeed communication from another dimension Like a massive encrypted message the Torah includes multiple levels of God given fences that protect the Word of God from man s distorted perspective The Hebrew language itself provides the most significant fence Like no other language each Hebrew word defines itself by the letters that make up the word This is only one feature of the holy text that assures that the instructions of YHWH remain intact regardless of man s interpretations The Battle of the Sexes is an examination from a fresh viewpoint into the issues that arise between the genders which stem from the original disobedience of God s one instruction by the primal couple in the Garden of Eden Gan Eden We see a more complete perspective of who did what in the initial defiance and how we continue to struggle in the female male relationship with those very same issues first raised in Gan Eden Moreover with clarity the Hebrew language reveals a much greater significance of the female to the human experience than is typically taught in any religion Exposed in her Hebrew name which is not usually translated properly is her irrefutable role in God s plan of salvation for the human race God did not make women subservient to men and YHWH did not give men or women dominion over anything but the animals

and the earth to utilize as God intends Humanity is to work together not to manipulate or fight to assume power over one another Nowhere is this idea more consequential than in the marriage relationship Being the preeminent human relationship YHWH presents marriage as the foundation for all other human relationships from Bereishis the beginning creation of our world and the human creature Undergirding the arrogant impudent presumption that men are to rule over women is the equally destructive fallacy that God is masculine The Battle of the Sexes explores how from the initial verses and chapters of the first book of Torah the book of Genesis we begin to understand how as the Jewish Sages say with the change of one letter the world is destroyed With the misinterpretation and misunderstanding of one Hebrew word adam our modern grasp of the essence of YHWH and the female male relationship as described in Torah has been distorted and all but destroyed The Battle of the Sexes is sure to not only answer but raise many questions regarding the female male relationship as well as humanities relationship with God
