

Topic 3.2: The French and Indian War 1754-1763

Why did it happen?

- 1- British and French encroaching each other's land
- 2- Control over the colonies (West India sugar making in the Caribbean)
- 3- Conflict between gaining control over the Ohio River Valley French had already claimed

People involved: Great Britain, France, Native Americans, Spanish

First Major Conflicts

- King William's War (1689 - 97): British fails to capture Quebec from the French and their Indian allies, British frontier settlements burned down
- Queen Anne's War (1702 - 13): British gained Nova Scotia from France and trading rights in Spanish America
- King George's War (1744 - 48): James Oglethorpe in Georgia led attacks against Spain in Georgia. New England captured Louisbourg. Peace treaty ends war, Britain returns to Louisbourg and gets political gains in India.

The French and Indian War (1754 - 1763)

- French start to build forts near the Ohio River Valley to intimidate the British, Virginia sends George Washington over to stop it. Obtains victory, then surrenders to French and Native troops
- Broadbent was also sent by Virginia, easily outnumbered by French and Native troops near Fort Duquesne. The **Algonquians** were the main allies of the French, along with other tribes
- Benjamin Franklin meets with colonial representatives at NY to discuss the **Albany Plan** in 1754, and talk about the coordination of British defense.
 - Advocated a intercolonial government
 - System for recruiting troops
 - Collecting taxes from Colonies to fund militia
 - Colonies didn't want to tax, so the plan was put down.

Ending and Results:

- The British prime minister (**William Pitt**) primarily focused on conquering Canada, allowing for their victory
 - Louisbourg re-taken in 1758
 - Quebec conquered in 1759
 - Montreal taken in 1760
- The **Peace Treaty of Paris** of 1763 was passed, GB gets French Canada and Spanish Florida, France compensates for Spain's loss and gives them Louisiana

Significant Effects

- 2: Britain was established as the dominant military and naval power in the world
- 3: Americans no longer had to deal from conflict with the Spanish, France, and their allied tribes
- 4: Natives no longer has a side to take advantage of
- 5: **LEADS TO TAXATION, CAUSING THE AMERICAN REVOLUTION**

Colonists Perspective:

- Developed pride and confident of their victory
- Though they colonies can provide for their own self defense
- Not impressed with British warfare or leaderships
- Start to develop ideas of autonomy from the British

Great Britain Perspective:

- Though low of the colonial troops, didn't think they contributed enough
- Noted that some colonies refuse to contribute to the war financially or with troops
- Though the colonists were unwilling to defend the growing frontier of their empire
- Abandon salutary neglect, develop strict policies to defend the frontier

Other Issues: GB thought in order to maintain a large military force and train/support colonial forces that guarded the western frontier, the government needed money. On top of that, they just had a war, and need to pay off debts

Pontiac Rebellion:

- Chief Pontiac attacks colonists on the western frontier. Angered by colonists taking their land and not giving them gifts like the French did
- Pontiac and his allies caused havoc from New York to Virginia, burning town cities and forts.
- British sent causal troops instead of relying on colonial forces
- GB passes **Proclamation of 1763** to stop colonists from settling west of the Appalachian Mountains, to prevent future conflict. Colonists were engrained, they had just won a war and couldn't even settle on the land they had fought for. This is the beginning of the divergent views between GB and the colonists.
