

GCSE AQA SOCIOLOGY – 12 MARK DISCUSS QUESTIONS

There are four of these on each paper so it is important that you learn the best approach to them!

Introduction – this is where you set out your response

There is a difference in how far sociologists would agree that...

There are many reasons for this, such as...

Paragraph 1 – in support of the statement

Point – Make an opening point that supports the statement – ‘xxxxxx would agree that...’

Evidence – ‘There is evidence to support this such as ...’ (Refer to a theory, key study, statistics or even a figure from the exam paper.)

Explain – ‘This demonstrates that...’ (Explain how your evidence supports the statement – use connectives to develop your explanation, eg. as a consequence..., this means that..., furthermore....)

Evaluate – ‘However other sociologists, such as xxxxxx may disagree with xxxxxx – this is because....’ (Present an example of who might disagree and why. Or if appropriate, you can choose someone who would agree and say why.)

Link – ‘Therefore we can see that...’ (State how what you have written helps to answer the debate.)

Paragraph 2 – counterargument

Point – On the other hand, sociologists such as ‘xxxxxx would disagree that....’

Evidence – ‘They would argue that....’ (Refer to a theory, key study, statistics or even a figure from the exam paper.)

Explain – ‘This shows that....’ (Explain how your evidence supports the statement – use connectives to develop your explanation, eg. this results in..., this highlights that..., in addition....)

Evaluate – ‘However other sociologists, such as xxxxxx may disagree with xxxxxx – this is because....’ (Present an example of who might disagree and why. Or if appropriate, you can choose someone who would agree and say why.)

Link – ‘Therefore we can see that...’ (State how what you have written helps to answer the debate.)

Conclusion – make a judgement

Overall sociologists would..... because.....

Although....

TOP TIPS

- Use sociological language – specialist vocabulary
- Include relevant sociologists and theories
- Try to include key studies if applicable
- Argue both sides of the debate – an unbalanced argument will prevent you reaching the top bands
- Don't include your own opinions on the subject matter – you have been asked to discuss what sociologist think, not what you think
- Use **CAGES** – class, age, gender, ethnicity, sexuality
