Barnes And Noble Blog:

Who Let the Blogs Out? Biz Stone, Wil Wheaton, 2025-10-16 Blogs or weblogs are a huge phenomenon on the internet. From ultra personal diary entries to specialized information on a wide variety of subjects, teen ranting to presidential campaigns, blogs are the new way to create a virtual community that can effect real world change. It's not hard to set up a blog, but it can be difficult adjusting to life in the Blogosphere. One of the first blogging experts who helped found the weblog community Xanga, Biz Stone will help readers learn the origins of blogging, discover why blogging is so popular, explore the etiquette of the blogosphere, bring traffic to a blog, make money by blogging, use a blog to become influential in any industry, maintain a blog, and keep it fresh. With internet heavies like AOL, Microsoft, and Google already providing weblog software, blogging is moving out of indie geek culture and into the mainstream. *Who Let the Blogs Out* is a next generation blogging book for anyone who wants to get started or anyone who wants to keep their blog blooming. *Musings: Blogs and Tweets* Lynn M. Dixon, 2015-12-11 This is a host of inspirational and reflective sketches. **Tech-Savvy Reading Promotion** Nancy J. Keane, 2019-04-17 Unleash new possibilities for reading promotion and readers advisory with these technological tools that can help you to catch the interest of young readers and direct them toward positive reading experiences. Gone are the days of browsing library bookshelves; today's readers live much of their lives on their devices. Learn how to meet these young readers in their online activities by using technological tools that support independent reading and reading choices. This book shows you how to use not only more traditional social media such as Facebook and blogs, but also video, audio, and print applications, databases, and more. You'll learn how to use new apps such as Moovly, Koma Koma, and Booksnaps, well-known media including Twitter, Skype, Flickr, and Goodreads, and Soundcloud, Smore, Flipgrid, and ebook clubs for reading promotion and readers advisory. For each of these technologies, you'll find a brief description of the platform, its content, and applications, notes about the platform and its cost, how to use it for book promotion, and step-by-step instructions for promotional activities. Screenshots and drawings illustrate the instructions. *A Selection of Blogs by Ceri Foulkes* Ceri Foulkes, 2012-01-09 A selection of blogs by Ceri Foulkes. **The New Handshake** Joan C. Curtis, Barbara Giamanco, 2010-08-05 This book offers an up-to-date and definitive explanation of how to build relationships via social media in the sales process and is a guide to encouraging sales people to embrace these revolutionary techniques. With more than 400 million active users on Facebook alone, 50 percent of whom log in on any given day, today's social media-oriented climate has redefined the way people communicate and interact. It's also changed the way consumers operate in the marketplace. Unfortunately, as a whole, sales professionals have been slow to embrace the new technology. In *The New Handshake: Sales Meets Social Media*, coauthors Curtis and Giamanco present *Sales 2.0*, a significant expansion from selling via the traditional face-to-face or telephone sales methods. The book begins by examining the impact of the communication revolution on sales, as well as the history of selling. It contains case examples that justify incorporating social media in business. The final chapters of the book describe each
