Abundant Thinking:

Hidden Secrets of God's Economy Lou Galloway, 2008-06 Radically transform your financial position in life to one of abundance and prosperity by discovering the hidden financial secrets of God's economy After receiving revelation from the Lord in October 2006 I discovered why I wasn't prospering as promised in the Bible My beliefs were based upon my personal experiences rather than the word of God I discovered I wasn't using all the talents that God created within me These hidden talents are the seeds to our financial and business success The Lord revealed to me that I should be living in God's economy of abundance and that my finances are not meant to be tied to the world's economic system I was challenged to transform the way I think and learn to apply the principles of abundance in generating a 30 fold 60 fold and 100 fold return Once my eyes were opened to this revelation the Lord began to reveal opportunities to me For further details visit my web site at www.harvestwells.com Lou Galloway lives in Hobart Australia with his wife Sandra They have two daughters two son in laws a son and two grandsons Lou has spent over 15 years in ministry including many overseas missionary excursions Lou has a diploma in Christian Ministries and a Bachelor of Computing degree Lou is currently involved in developing business projects within the mission field and has a vision to expand this concept on a much larger scale

Go Get Your Life Back Demetrius A Jackson, 2014-08-06 Living abundantly requires that you appreciate what you have in life rather than bemoaning the things you lack It asks that you focus on what is possible and that you reach for what you want in life Living abundantly opens up possibilities and opportunities that you could easily have missed by harboring negative thoughts and thoughts of scarcity It causes you to take positive actions because you firmly believe and expect that they will produce the desired results Go Get Your Life Back Living Abundantly may appear to be a strange and contradictory concept It says you should be grateful for what you have and that it is okay to want more It says you should be aware of your minimum requirements but place no maximum limit on what you can achieve because the world can always keep on giving you more All you have to do is accept the good things in your life be grateful for them and know that if you want more there is an abundance out there and that it is your positive attitude that will allow you to tap into it
