Esposito,John Obert Voll,2001 This book examines the biographies of nine major activist intellectuals whose work provides the core of what the Islamic resurgence became in the 1990s and is an important foundation for what it can become in the 21st century Nine figures are covered Ismail al Faruqi Khurshid Ahmad Maryam Jameelah Hasan Hanafi Anwar Ibrahim and Abdurrahman Wahid The Muslims of America Yvonne Yazbeck Haddad,1991 Papers presented at a conference held on the Amherst campus of the University of Massachusetts April 1989 and sponsored by the Dept of History the Near East Area Studies Program and the Arabic Club of the university Proceedings of the IIIT Lunar Calendar Conference Imad ad-Dean

Ahmad,1998-01-01 This volume brings together both the elementary scientific facts that any lunar calendar formulation cannot ignore and a summary of the pressing scientific questions of particular interest to the Islamic calendar Scientific aspects of the problem are thoroughly reviewed without prejudicing the argument in purely Islamic juridical questions and differences The results are of great significance to both Islamic scholars and the general Muslim public The papers presented are of a high scientific quality and are followed by a unanimous statement of the professional astronomers on the scientific questions If these conclusions are followed the varying sets of conventions used by different Islamic populations can be made self consistent and free from scientific errors even if they still differ from each other This new edition allows the correction of errors in the first edition makes the style more uniform among the papers and improves the articles graphs and figures It aims to serve as an effective tool for addressing the calendrical issues that motivated the conference more than being merely a historical record A new Afterword summarizes refinements in the scientific issues that have taken place in the ten years since the conference many of which were prompted by the work presented here **Crisis in the Muslim Mind**

AbdulHamid AbuSulayman,2004-01-01 Across the Muslim world today if anything is self evident across the Muslim world today it is that the Ummah is badly in need of reform On this point it can be stated with confidence that Muslims are agreed Poverty and injustice characterize the face of Muslim lands from the Atlantic to the Pacific Pollution and corruption are the order of the day in the societies where the gulf between them and the developed countries of the world has never been wider Politics in the Muslim world are all too often the politics of deprivation and culture the culture of despair Crisis in the Muslim Mind examines the intellectual and historical roots of the malaise that has encompassed the Ummah and threatens to efface its identity First published in Arabic in 1991 this important work in an abridged English translation is designed to familiarize educated and concerned Muslims with the nature of the crisis confronting them and to suggest the steps necessary to overcome it Al Tawhīd Isma'il R.
