Alan Parsons Project Anthologie:

The Alan Parsons Project Anthology Christophe Carrafang, 2016-12-15 Eye in the Sky Don't answer me Silence and I Old and Wise These magnificent songs forever imprinted in our hearts are by one of the musical formations the general public knows the least The Alan Parsons Project From 1976 to 1987 ten remarkable concept albums saw the light of day created by a collective of talented musicians and singers under the leadership of the founding duo Alan Parsons and Eric Woolfson Despite having sold 45 million copies few people are able to name all the brilliant artists who took part in this adventure The name Alan Parsons will of course sound familiar to Pink Floyd aficionados as he was the brilliant young sound engineer who worked on the legendary Dark Side of the Moon But what about Eric Woolfson What do we know about this very private man who sadly died in 2009 a genius with melodies who wrote the music and lyrics to all the Project's songs To this day there is almost no literature about The Alan Parsons Project This book full of anecdotes tries to fill in this gap and examines the entirety of the group's discography starting with the Project's birth in the mid 70s and the journeys of the fantastic musicians who created this right and varied music

The Great Illustrators of Edgar Allan Poe Tony Magistrale, Jessica Slayton, 2021-05-11 Although there have been over 700 illustrators of Poe's work over the past two centuries this book chooses to examine only the best of them Beginning with the French in the nineteenth century and tracing the great illustrators of Poe to the present this book not only provides close analyses of individual visualizations but also seeks to supply an art history context to understanding their emergence The majority of the artists featured remain unknown even to Poe scholars although their artwork represents iterations inspired by the most famous of Poe's poems and stories In some cases the illustrations helped increase the visibility of particular Poe works and to make them part of the international Poe canon A few of the illustrators featured in this book e.g. Manet Dor

Redon Beardsley are recognized among the most famous artists in the world Others such as Martini and Blumenschein while remaining minor figures in art history nevertheless produced immortal work based on Poe s fiction and poetry While still other visual artists represented here Rackham Dulac Clarke achieved artistic fame as book illustrators based on homages to other writers and fairy tales in combination with their Poe studies their work on Poe however helped to solidify their larger reputations as professional illustrators The last chapter extends traditional visualizations influenced by Poe to include his impact on twentieth and twenty first century filmmakers and cartoonists They too found in Poe s writing either a source for direct re creation or an inspiration for their own atmospheric excursions into the bizarre the exotic and the psychologically complex **Billboard** ,1981-07-25 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
