understanding of our ability to address the issues covered **Arctic Triumph** Nikolas Sellheim, Yulia V. Zaika, Ilan Kelman, 2019-03-13 This book approaches the challenges the Arctic has faced and is facing through a lens of opportunity. Through pinpointed examples from and dealing with the Circumpolar North, the Arctic is depicted as a region where people and peoples have managed to endure despite significant challenges at hand. This book treats the Arctic of disasters as an innovated narrative and asks how the disaster pieces of Arctic discourse interact with the ability of Arctic peoples, communities, and regions to counter disaster adversity and doom. While not neglecting the scientifically established challenges associated with climate change and other potentially disastrous processes in the north, this book calls for a paradigm shift from perceiving the Arctic of disasters to an Arctic of triumph. Particular attention is therefore given to selected Arctic achievements that underline triumphant developments in the north, even when Arctic triumph and disaster intersect.
