Art Rebels Paul Lopes, 2019-06-11 How creative freedom race class and gender shaped the rebellion of two visionary artists Postwar America experienced an unprecedented flourishing of avant garde and independent art Across the arts artists rebelled against traditional conventions embracing a commitment to creative autonomy and personal vision never before witnessed in the United States Paul Lopes calls this the Heroic Age of American Art and identifies two artists Miles Davis and Martin Scorsese as two of its leading icons In this compelling book Lopes tells the story of how a pair of talented and outspoken art rebels defied prevailing conventions to elevate American jazz and film to unimagined critical heights During the Heroic Age of American Art where creative independence and the unrelenting pressures of success were constantly at odds Davis and Scorsese became influential figures with such modern classics as *Kind of Blue* and *Raging Bull* Their careers also reflected the conflicting ideals of and contentious debates concerning avant garde and independent art during this period In examining their art and public stories Lopes also shows how their rebellions as artists were intimately linked to their racial and ethnic identities and how both artists adopted hypermasculine ideologies that exposed the problematic intersection of gender with their racial and ethnic identities as iconic art rebels *Art Rebels* is the essential account of a new breed of artists who left an indelible mark on American culture in the second half of the twentieth century It is an unforgettable portrait of two iconic artists who exemplified the complex interplay of the quest for artistic autonomy and the expression of social identity during the Heroic Age of American Art

Race, Religion, Region Fay Botham, Sara M. Patterson, 2022-08-23 Racial and religious groups have played a key role in shaping the American West yet scholars have for the most part ignored how race and religion have influenced regional identity In this collection eleven contributors explore the intersections of race religion and region to show how they transformed the West From the Punjabi Mexican Americans of California to the European American shamans of Arizona to the Mexican Chinese of the borderlands historical meanings of race in the American West are complex and are further complicated by religious identities This book moves beyond familiar stereotypes to achieve a more nuanced understanding of race while also showing how ethnicity formed in conjunction with religious and regional identity The chapters demonstrate how religion shaped cultural encounters contributed to the construction of racial identities and served as a motivating factor in the lives of historical actors The opening chapters document how religion fostered community in Los Angeles in the first half of the twentieth century The second section examines how physical encounters such as those involving Chinese immigrants *Hermanos Penitentes* and Pueblo dancers shaped religious and racial encounters in the West The final essays investigate racial and religious identity among the Latter day Saints and southern California Muslims As these contributions clearly show race religion and region are as critical as gender sexuality and class in understanding the melting pot that is the West By depicting the West as a unique site for understanding race and religion they open a new window on how we view all of America
