Raging Heart: The Intimate Story of the Tragic Marriage of O.J. and Nicole Brown Simpson

Sheila Weller, 2016-03-04 *Raging Heart* is so revealing that the book itself became part of the actual O J Simpson murder trial. It is the only book to trace the path of O J and Nicole's fatal love story through the eyes of the people who really knew them. Acclaimed journalist Sheila Weller gained the unprecedented cooperation of Nicole Brown Simpson's family and had exclusive access to O J and Nicole's friends who reveal private information here for the first time. Though the story that unfolds in *Raging Heart* was never fully explored in court, the revelations from its incisive reporting sent shock waves through the trial. *Raging Heart* is full of explosive information from people who knew but couldn't or wouldn't tell their stories on the witness stand. As vivid as a home movie, *Raging Heart* is an explicit heartrending look behind the verdict of the century and the one book the O J Simpson jurors would be astonished to read.

[Stepfamily Relationships](#) Lawrence Ganong, Marilyn Coleman, 2016-07-15 This second edition synthesizes the emerging knowledge base on the diversity of stepfamilies, their inherent concerns, and why so relatively little is still known about them. Its extensive findings shed needed light on family arrangements relatively new to the literature: e.g. cohabitating stepparents, the effects of these relationships on different family members, e.g. stepsiblings, stepgrandparents, the experiences of gay and lesbian stepfamilies, and the stigma against non nuclear families. Coverage reviews effective therapeutic and counseling interventions for emotional, familial, and social challenges of stepfamilies, as well as the merits of family education and self help programs. The authors explore prevailing myths about marriage, divorce, and stepfamily life, while expanding the limits of stepfamily research. Among the topics included: The cultural context of stepfamilies, Couple dynamics in stepfamilies, Gay and lesbian couples in stepfamilies, The dynamics of stepparenting, Siblings, half siblings, and stepsiblings, Effects of stepfamily living on children, Clinical perspectives on stepfamily dynamics. For researchers and clinicians who work with families, it enriches the literature as it offers insights and guidelines for effective practice, as well as possible avenues for future research.

Mother of Invention Katrine Marçal, 2021-10-19 An illuminating and maddening examination of how gender bias has skewed innovation technology and history now in paperback It all starts with a rolling suitcase Though the wheel was invented some 5 000 years ago and the suitcase in the 19th century it wasn't until the 1970s that someone successfully married the two What was the holdup For writer and journalist Katrine Marçal the answer is both shocking and simple because real men carried their bags no matter how heavy *Mother of Invention* is a fascinating and eye opening examination of business technology and innovation through a feminist lens Because it wasn't just the suitcase Drawing on examples from electric cars to tech billionaires Marçal shows how gender bias stifles the economy and holds us back delaying innovations sometimes by hundreds of years and distorting our understanding of our history While we talk about the Iron Age and the Bronze Age we might as well talk about the Ceramic Age or the Flax Age since these technologies were just as important But inventions associated with women are not considered to be technology in the same way as those associated with men *Mother of Invention* is a sweeping tour of the global economy with a powerful message If we upend our biases we can unleash our full potential

"Wake Up, Mr. West" Joshua K. Wright, 2022-01-14 Black celebrities in America have always walked a precarious line between their perceived status as spokespersons for their race and their own individual success and between being not black enough for the black community or too black to appeal to a broader audience Few know this tightrope walk better than Kanye West who transformed hip hop pop and gospel music redefined fashion married the world's biggest reality TV star and ran for president all while becoming one of only a handful of black billionaires worldwide Despite these accomplishments his polarizing behavior controversial alliances and bouts with mental illness have made him a caricature in the media and a disappointment among much of his fanbase This book examines West's story and what it reveals about black celebrity and identity and the American dream
