Gas Appliance Merchandising ,1929 Intuition: Pathway to Destiny Second Edition James Culver Bryant,2024-04-30
Intuition Pathway to Destiny Second Edition provides a roadmap to merging the ego with the soul and describes the author's personal experience. It contains groundbreaking insight into the relationship between the ego and its soul. This book tells us what is coming: the evolution of consciousness. Our soul is the creation of the Devine Father that is placed within us. As we expand our consciousness, we come closer to our soul and eventually become one. The work required is set out in the first seven chapters. Chapters eight and nine describe the initial merging and integration that followed with added information regarding the spontaneous merger of ego and soul. Chapter Nine is a personal account of the author's integration experience. You will learn about essential elements at work to help you along your journey through life like intuition and synchronicity. They provide opportunities, guidance, and the necessary experiences. They help you recognize when you are on your path and when you are distracted away from it. There are powerful forces to overcome requiring discipline and discernment. Your path may be ridiculously hard or easy. It is what you designed for your soul to experience. Your ego did not design your path; your soul did. An example of guidance received through the author's intuition follows. Do not compare your destiny with another for each is uniquely designed to provide you with the experiences required on the journey back to the Devine Father. We must recognize that we are all connected. We are all one with the illusion of being separate. Being separate is required to experience the journey to oneness. The ego returning to its soul is an example of the journey to oneness.
