Burger King Training Manual Kitchen:

Fast Food Nation Eric Schlosser, 2012 An exploration of the fast food industry in the United States from its roots to its long term consequences **Making Fast Food** Ester Reiter, 1996 Some say the adventurous days of grueling and dangerous scientific exploration are long gone but Reiter sociology Brock U undertook a 10 month trek without pay into the uncharted wilds of a Burger King kitchen to bring us first hand accounts of the strange and marvellous customs of the natives The illustrations are hilarious Annotation copyrighted by Book News Inc Portland OR *Effective Security Officer's Training Manual* Ralph Brislin, Ralph F. Brislin, 1998-06-02 Effective and practical security officer training is the single most important element in establishing a professional security program The Effective Security Officer s Training Manual Second Edition helps readers improve services reduce turnover and minimize liability by further educating security officers Self paced material is presented in a creative and innovative style Glossaries summaries questions and practical exercises accompany each chapter **Quicklet on Eric Schlosser's Fast Food Nation** Chandni Rathod, 2012-07-30 ABOUT THE BOOK

Hundreds of millions of people buy fast food every day without giving it much thought unaware of the subtle and not so subtle ramifications of their purchases They rarely consider where this food came from how it was made what it is doing to the community around them They just grab their tray off the counter find a table take a seat unwrap the paper and dig in The whole experience is transitory and soon forgotten I ve written this book out of a belief that people should know what lies behind the shiny happy surface of every fast food transaction They should know what really lurks between those sesame seed buns Published in 2001 Eric Schlosser s *Fast Food Nation* The Dark Side of the All American Meal explores the dark underbelly of fast food production in the United States An award winning journalist and contributor to *Atlantic Monthly* Schlosser developed the book from a series of articles for *Rolling Stone* magazine *Rolling Stone* asked Schlosser to find out where fast food came from As someone who enjoyed indulging in fries and hamburgers Schlosser was initially reluctant to take on the assignment As he began to research the history and formation of the fast food industry he became increasingly curious about how the industry gained power and influence on America s agricultural landscape and food culture With over 50 pages of research notes included at the end of the book the author defends his points with thorough analysis from various legal investigations interviews and journal articles Schlosser artfully weaves sarcasm with gritty investigative journalism to demonstrate how corporations and greed have corrupted the food system in America Schlosser s book was a *New York Times* bestseller for over two years and has sold over 1.4 million print copies In 2006 *Fast Food Nation* became a fictionalized film directed by Richard Linklater which was featured at the Cannes Film Festival However the book and film were not met without criticism from trade industry producers of beef potatoes and restaurant chains like McDonald s The *Wall Street Journal* reported in 2006 that various organizations were trying to create campaigns against Schlosser s allegations in the book that fast food consumption contributes to obesity and fostered corruption in the nation s agricultural system EXCERPT

FROM THE BOOK The author playfully muses that should America be attacked in the future Cheyenne Mountain may be the only place with artifacts of our civilization Burger King wrappers hardened crusts of Cheesy Bread Barbeque Wings bones and the red white and blue of a Domino s pizza box What started as a small food stand in southern California has now spread all over the nation Schlosser says fast food has infiltrated every nook and cranny of American society Shockingly Americans spend more today on fast food than higher education computers or new cars Schlosser estimates On any given day in the United States about one quarter of the country s adult population visits a fast food restaurant The author argues that the powerful rise of fast food industry happened quickly and not only transformed the American diet but also out landscape economy workforce and popular culture Importantly Schlosser draws parallels between Cheyenne Mountain and today s fast food industry

Fast Food, Fast Talk Robin Leidner,1993-08-04 Attending Hamburger University Robin Leidner observes how McDonald s trains the managers of its fast food restaurants to standardize every aspect of service and product Learning how to sell life insurance at a large midwestern firm she is coached on exactly what to say how to stand when to make eye contact and how to build up Positive Mental Attitude by chanting I feel happy I feel terrific Leidner s fascinating report from the frontlines of two major American corporations uncovers the methods and consequences of regulating workers language looks attitudes ideas and demeanor Her study reveals the complex and often unexpected results that come with the routinization of service work Some McDonald s workers resent the constraints of prescribed uniforms and rigid scripts while others appreciate how routines simplify their jobs and give them psychological protection against unpleasant customers Combined Insurance goes further than McDonald s in attempting to standardize the workers very selves instilling in them adroit maneuvers to overcome customer resistance The routinization of service work has both poignant and preposterous consequences It tends to undermine shared understandings about individuality and social obligations sharpening the tension between the belief in personal autonomy and the domination of a powerful corporate culture Richly anecdotal and accessibly written Leidner s book charts new territory in the sociology of work With service sector work becoming increasingly important in American business her timely study is particularly welcome *Citizen's Guide to Food Recovery* Cheryl
