The Unmaking of the President 2016 Lanny J. Davis, 2018-02-06 The first comprehensive account that proves that James Comey threw the 2016 election to Donald Trump Compelling criticism lapsed Trump supporters might well open their minds to this attorney s scholarly entirely convincing proof of the damage done Kirkus Reviews starred review During the week of October 24 2016 Hillary Clinton was decisively ahead of Donald Trump in most polls Then FBI Director James Comey sent his infamous letter to Congress on October 28 saying the bureau was investigating additional emails potentially relevant to the Hillary Clinton email case In *The Unmaking of the President* 2016 attorney Lanny J Davis shows how Comey s misguided announcement just eleven days before the election swung a significant number of voters away from Clinton winning Trump an Electoral College victory and the presidency Drawing on sources in the intelligence community and Justice Department Davis challenges Comey s legal rationale for opening a criminal investigation of Clinton s email practices questions whether Comey received sufficient Justice Department oversight and cites the odd clairvoyance of Trump ally Rudolph Giuliani who publicly predicted an October surprise Davis proves state by state using authoritative polling data how voter support for Clinton dropped after the Comey letter was made public especially in key battleground states Despite so many other issues in the election Trump s

behavior the Russian hacking Clinton s campaign missteps after the October 28 Comey letter everything changed Now Davis proves with raw indisputable data how Comey s October letter cost Hillary Clinton the presidency and America turned the course of history in the blink of an eye

Words That Matter Leticia Bode, Ceren Budak, Jonathan M. Ladd, 2020-05-26 How the 2016 news media environment allowed Trump to win the presidency The 2016 presidential election campaign might have seemed to be all about one man He certainly did everything possible to reinforce that impression But to an unprecedented degree the campaign also was about the news media and its relationships with the man who won and the woman he defeated Words That Matter assesses how the news media covered the extraordinary 2016 election and more important what information true false or somewhere in between actually helped voters make up their minds Using journalists real time tweets and published news coverage of campaign events along with Gallup polling data measuring how voters perceived that reporting the book traces the flow of information from candidates and their campaigns to journalists and to the public The evidence uncovered shows how Donald Trump's victory and Hillary Clinton's loss resulted in large part from how the news media responded to these two unique candidates Both candidates were unusual in their own ways and thus presented a long list of possible issues for the media to focus on Which of these many topics got communicated to voters made a big difference outcome What people heard about these two candidates during the campaign was quite different Coverage of Trump was scattered among many different issues and while many of those issues were negative no single negative narrative came to dominate the coverage of the man who would be elected the 45th president of the United States Clinton by contrast faced an almost unrelenting news media focus on one negative issue her alleged misuse of e-mails that captured public attention in a way that the more numerous questions about Trump did not Some news media coverage of the campaign was insightful and helpful to voters who really wanted serious information to help them make the most important decision a democracy offers But this book also demonstrates how the modern media environment can exacerbate the kind of pack journalism that leads some issues to dominate the news while others of equal or greater importance get almost no attention making it hard for voters to make informed choices

Social Deviance Tim Delaney, 2017-06-16 The topic of social deviance is inherently intriguing People in general and college students in particular find the topic of deviant behavior fascinating This can be explained at least in part by a combination of the subject matter itself our own past deviant behaviors and our willingness and desire to evaluate and comment on the behaviors of others While the topic of deviant behavior seems straightforward at the surface the study of social deviance reveals how complicated it really is Although Social Deviance utilizes a textbook style approach in its coverage of deviant behavior this comprehensive straightforward and student friendly book maintains student interest because of the author's use of real life phenomena and current examples Each chapter includes chapter objectives an introductory story a glossary of key terms

discussion questions and boxed material The boxed materials include A Closer Look box that zooms in on topics that warrant deeper explanation and a Connecting Social Deviance and Popular Culture box that shows how contemporary forms of popular culture illustrate deviant behavior **Florida Law Review** ,2016
