Are Women Human And Other International Dialogues:

Are Women Human? Catharine A. MacKinnon, 2007-11-30 More than half a century after the Universal Declaration of Human Rights defined what a human being is and is entitled to Catharine MacKinnon asks Are women human yet She exposes the consequences and significance of the systematic maltreatment of women and its systemic condonation as she points toward fresh ways of targeting its toxic orthodoxies A critique of the transnational status quo that also envisions the transforming possibilities of human rights this bracing book makes us look as never before at an ongoing war too long undeclared

Are Women Human ? And Other International Dialogues Catharine A. Mackinnon, 2006 *Literature and the Law of Nations, 1580-1680* Christopher Norton Warren, 2015 Literature and the Law of Nations 1580 1680 is a literary history of international law which seeks to revise the ways scholars understand early modern English literature in relation to the history of international law

Gendered Harm and Structural Violence in the British Asylum System Victoria Canning, 2017-03-27 Winner of the 2018 British Society of Criminology Book Prize Britain is often heralded as a country in which the rights and welfare of survivors of conflict and persecution are well embedded and where the standard of living conditions for those seeking asylum is relatively high Drawing on a decade of activism and research in the North West of England this book contends that on the contrary conditions are often structurally violent For survivors of gendered violence harm inflicted throughout the process of seeking asylum can be intersectional and compound the impacts of previous experiences of violent continuums The everyday threat of detention and deportation poor housing and inadequate welfare access and systemic cuts to domestic and sexual violence support all contribute to a temporal limbo which limits women s personal autonomy and access to basic human rights By reflecting on evidence from interviews focus groups activist participation and oral history Gendered Harm and Structural Violence provides a unique insight into the everyday impacts of policy and practice that arguably result in the infliction of further gendered harms on survivors of violence and persecution Of interest to students and scholars of criminology zemiology sociology human rights migration policy state violence and gender this book develops on and adds to the expanding literatures around immigration crimmigration and asylum

Sexual Coercion in Primates and Humans Martin N. Muller, Richard W. Wrangham, 2009-10-19 This book presents extensive field research and analysis to evaluate sexual coercion in a range of species including all of the great apes and humans and to clarify its role in shaping social relationships among males among females and between the sexes

On the Proposed Crimes Against Humanity Convention Morten Bergsmo, SONG Tianying, 2014-12-12 This anthology is about the need for and nature of a convention on crimes against humanity It uses the Proposed Convention on the Prevention and Punishment of Crimes Against Humanity as an important reference point 16 authors discuss how such a convention may consolidate the definition of crimes against humanity and develop measures for their prevention and punishment decades after the conclusion of the Genocide Convention and Geneva Conventions The authors include Leila N Sadat Eleni Chaitidou

Darryl Robinson Mar a Luisa Piqu Travis Weber Julie Pasch Rhea Brathwaite Christen Price Rita Maxwell Mary Kate Whalen Ian Kennedy SHANG Weiwei ZHANG Yueyao and Tessa Bolton It contains a preface by late Judge Hans Peter Kaul and a foreword by Hans Corell The book is inspired by the rationale of crimes against humanity to protect against the most serious violations of fundamental individual rights and its realization especially through domestic mechanisms Such consciousness calls upon appropriate definition and use of contextual elements of the crime effective jurisdiction for prevention and prosecution and robust inter State co operation The book considers individual State experiences in combating crimes against humanity It underlines the importance of avoiding that the process to develop a new convention waters down the law of crimes against humanity or causes further polarisation between States in the area of international criminal law It suggests that the scope of the obligation to prevent crimes against humanity will become a decisive question *Pragmatism, Nation, and Race* Chad Kautzer, Eduardo Mendieta, 2009-06-09 Pragmatism has been called the chief glory of our country s intellectual tradition by its supporters and a dog s dinner by its detractors While acknowledging pragmatism s direct ties to American imperialism and expansionism Chad Kautzer Eduardo Mendieta and the contributors to this volume consider the role pragmatism plays for better or worse in current discussions of nationalism war race and community What can pragmatism contribute to understandings of a diverse nation How can we reconcile pragmatism s history with recent changes in the country s racial and ethnic makeup How does pragmatism help to explain American values and institutions and fit them into new national and multinational settings The answers to these questions reveal pragmatism s role in helping to nourish the fundamental ideas politics and culture of contemporary America **Science, Gender and the Exploitation of Animals in Britain Since 1945** Catherine Duxbury, 2021-09-30 This book offers an historical analysis of the culture of animal dependent science in Britain from 1945 to the present exploring key areas of animal experimentation such as warfare medical science and law from a gendered perspective Questioning the nature of knowledge production in this area and how animal experimentation intersects with broader cultural norms and values concerning sex and gender it examines the impact of contemporary forms of capitalism on animal dependent science its historical trajectory and gendered configuration With close attention to the broad social context from the creation of the Welfare State and the loss of Empire to the emergence of neoliberalism in the 1980s and its present day omnipotent manifestation the author asks how animal experimentation and the use of nonhuman animals in specific areas of science is gendered and has implications for women Drawing on a variety of sociological philosophical feminist and historical theories and engaging with a wealth of primary and secondary materials of scientific research of the time *Science Gender and the Exploitation of Animals in Britain Since 1945* contends that there is a persistent gendered ideology of animal use which remains inscribed within the policies of the British neoliberal state As such it will appeal to scholars of sociology history and philosophy with interests in gender and the treatment of nonhuman animals **Lacey, Wells and Quick Reconstructing Criminal Law** Celia Wells, Oliver Quick, 2010-05-27 Since the publication of

the first edition this textbook has offered one of the most distinctive and innovative approaches to the study of criminal law. Looking at both traditional and emerging areas such as public order offences and corporate manslaughter it offers a broad and thorough perspective on the subject. Material is organised thematically and is clearly signposted at the beginning of each section to allow the student to navigate successfully through the different fields. This fourth edition looks at topical issues such as policing the Serious Crime Act 2007 and reform of the Fraud Act 2006. Relevant case law and extracts from the most topical and engaging debates on the subject give the subject immediacy. The book is essential for both undergraduate and postgraduate study of criminal law and justice.

Developing the Right to Social Security - A Gender Perspective Beth Goldblatt, 2016-06-10

The right to social security found in international law and in the constitutions of many nations contributes to the alleviation of poverty globally. Social security and its articulation as a human right have received increased attention in recent years both in response to austerity cuts to welfare in developed countries and as a means of lifting millions out of poverty in developing countries. Women disproportionately affected by poverty in all parts of the world stand to gain from a right to social security that takes cognisance of gender discrimination and disadvantage. This book interprets and redefines the right to social security from a gender perspective. Drawing on feminist theory the book formulates a conceptual approach and a set of principles for a substantively equal gendered right to social security. In so doing it challenges the relationship between the right to social security and traditional conceptions of work that exclude women's labour including their caring roles. It argues that the right must have application at the transnational level if it is to address the changing nature of women's work due to globalisation. The book applies the framework and principles it develops to a study of international law focusing on the work of key United Nations human rights bodies. It also demonstrates the value of this framework in its analysis of three countries' social security programmes: South Africa, Australia and India. In combining feminist thought on the nature of work and care with equality theories in developing the right to social security from a gender perspective this book expands the capacity of the right to advance gender equality and address gendered poverty.
