**Plotinus-Arg Philosophers** Lloyd P. Gerson, 2012-08-21 First published in 1999 We are fortunate in possessing a fascinating document The Life of Plotinus written by the philosopher Porphyry a pupil and associate of Plotinus for the last eight years of his life The basic facts contained in this Life can be quickly recounted Plotinus was likely a Greek born in Egypt in AD 205 It is possible though that he came from a Hellenized Egyptian or Roman family In his 28th year Plotinus discovered in himself a thirst for philosophy This is a collection of his works Ennead I contains treatises on what Porphyry calls ethical matters Enneads II III contain treatises on natural philosophy or cosmology with some rationalizations for the inclusion of III 4 5 7 and 8 Ennead IV concerns the soul V Intellect or and VI being numbers and the One The thematic unity of Enneads I IV and V is somewhat greater than the rest *Presocratics-Arg Philosophers* Jonathan Barnes, 2013-10-08 The purpose of this series is to provide a contemporary assessment and history of the entire course of philosophical thought Each book constitutes a detailed critical introduction to the work of a philosopher of major influence and significance

Sprigge, 2013-07-04 First published in 1999 The purpose of this series is to provide a contemporary assessment and history of the entire course of philosophical thought Each book constitutes a detailed critical introduction to the work of a philosopher of major influence and significance The arguments of the philosophers take on many differing forms Those of George Santayana bear little similarity to what we find today in the Journal of Philosophy indeed some have been misled by his imagery and splendid prose style to believe that no arguments are being made at all in Santayana's many books Timothy Sprigge's gift is an ability to draw clear ties between these writings and important contemporary issues and to show that Santayana makes a contribution to today's arguments
