

GRANT APPLICATION GUIDELINES

PAST invites applications for grants, bursaries, conferences and publications from researchers, educators and post-graduate students at African institutions in support of projects involving palaeo-anthropology, palaeontology, prehistoric archaeology and cognate disciplines. Five categories of funding are available:

- 1) Post-graduate degree support
- 2) Technical training and capacity support
- 3) Young African scientist development
- 4) Research project support
- 5) Conference and publication support. Deadlines for all applications are quarterly and it is up to the applicant to apply in good time.

Deadlines are: 01 February; 01 May; 01 August; 01 November. Where possible results will be communicated within 3 months of deadline date.

Grants are made to the institution with whom the applicant is affiliated. Applicants from countries outside of Africa will be considered only for projects within Africa and with significant long-term association with a relevant African institution, including collaboration with Africa-based scientists. In addition, such applicants must provide reasons why their research is not supported by their own institutions. Applications from organisations with interests in the above-mentioned fields of origin sciences may also be considered. We also support scientific conferences, workshops and academic publications in these areas. Non-African applicants for degree support will be considered but are not a high priority. Each application is considered individually and PAST does not enforce strict directives as each case has its own merit. Therefore, if you are unsure whether your application qualifies for consideration, please contact the CEO.

- Progress reports are due BEFORE renewal applications, and at the end of your project.
- Applicants must complete the application form after reading the application guidelines (available on website). Incomplete or incorrectly completed applications will automatically be rejected. Applications with unnecessary additions (photos or sketches) will also be rejected.
- In the application form the project details should state the research problem explicitly, justify its importance, and describe how the problem will be addressed. For students, please also provide a brief statement on the manner in which the work covered by this proposal will contribute to the development or completion of your thesis research. Provide a research schedule, and a brief statement on the logistical and administrative (e.g., permits) feasibility of the work. Do not include photos or sketches unless crucial.
- Applications must be accompanied by a supporting letter from the African institution involved. For students, a supporting letter from the academic supervisor and/or the head of department is required.

Atampt Aspire Grant Application Guidelines:

Report of ... Conference of Cardiovascular Training Grant Program Directors, 1968 Guideline, 1971 The Political Science Student Writer's Manual and Reader's Guide Gregory M. Scott, Stephen M. Garrison, 2016-09-22

The Political Science Student Writer's Manual and Reader's Guide is a practical guide to research reading and writing in political science. The Political Science Student Writer's Manual and Reader's Guide Eighth Edition is a set of instructions and exercises that sequentially develop citizenship, academic, and professional skills while providing students with knowledge about a wide range of political and governmental concepts, phenomena, and information sources. It begins by teaching beginning students to engage newspapers and other political media sources critically and analytically. It focuses on the crafts of writing and scholarship by providing the basics of grammar, style, formats, and source citation, and then introduces students to a variety of rich information resources, including the Congressional Record, Federal Register, and the Library of Congress. Students actively apply their knowledge and skills by corresponding with their representatives and commenting on pending government regulations. Part 1 concludes with campaign management, policy analysis, legislation assessment, and similar exercises that develop student skills in observation and proficiency. Part 2 prepares students to research, read, write, review, and critique political science scholarship. Finally, Part 3 teaches advanced students how to investigate public opinion, analyze domestic and international public policies, author amicus briefs, and participate in the universal community that deliberates the continuing rich tradition of political philosophy.

Sustainable Revenue for Museums Samantha Chmelik, 2019-08-23

Understanding revenue sources is vital for ensuring the long-term stability and sustainability of museums, historic sites, zoos, and botanic gardens. *Sustainable Revenue for Museums* delves into the strategies and tactics that museum professionals, funders, and experts use to generate and manage their revenue. Museum professionals of all experience levels will find immediately actionable revenue generation and management practices. *Sustainable Revenue for Museums* begins with a compilation of the most recent industry-wide revenue data with breakdowns by different revenue types, institution discipline, number of employees, and revenue type contribution to total institutional revenue. The next five sections of the book are: Passive Income, Contributed Income, Fundraising, Contributed Income Grants, and Earned Income. Museum Services, Earned Income Retail Services. In each of these sections, more than 50 museum professionals, funders, and experts contribute to chapters focusing on specific revenue sources. Topics covered include: Investment Income, Membership, Capital Campaigns, Major Gifts, Fundraising, Crowdfunding, Special Events, Partnerships, and Board Member Participation, Grants, Government, Private Donor Advised Funds, Earned Income, Admissions Programs, Education, Rights, Reproduction, Licensing, Food Services, Facility Rentals, and the Museum Store. The book's final section, *The Future of Revenue*, considers future business models and revenue generation strategies. A master list of the Resources used and recommended by the contributors closes the book.
