[The Bunker Diary](#) Kevin M. Brooks, 2015 [The Microeconomic Mode](#) Jane K. Elliott, 2018-06-26 From The Road to Game of Thrones across works as seemingly different as Gone Girl and Saw literature film and television have become obsessed with the intersection of survival and choice When the trapped rock climber hero of 127 Hours is confronted with self amputation or death it is only a particularly blunt example of an omnipresent set up In real life settings or fantastical games protagonists find themselves confronting extreme scenarios with life or death consequences forced to make torturous either or choices in stripped down brutally stark environments Jane Elliott identifies and analyzes this new and distinctive aesthetic phenomenon which she calls the microeconomic mode Through close readings of its narratives tropes and concepts she traces the implicit theoretical and political claims conveyed by this combination of abstraction and extremity In the microeconomic mode humans isolated from any forms of social organization operate within a mini economy of costs and benefits gains and losses measured in the currency of life Elliott reads the key concepts that emerge from this aesthetic life interest sovereign capture and binary life in relation to biopolitics and natural law theory becoming and the control society and primitive accumulation in racial capitalism The microeconomic mode interrogates the destruction of the liberal political subject but what it leaves in its place is as disturbing as it is radically new Going beyond the question of neoliberalism in literature The Microeconomic Mode combines revelatory close readings of key literary and popular texts with significant theoretical interventions to identify how an aesthetics of choice has reshaped our contemporary understanding of what it means to be human **The Bunker Diary, 1941-1943** Paul Delmont Bunker, 1941 Army officer The diary tells of Bunker's experiences as a prisoner of war after the fall of Corregidor as well as the actions preceding the siege of Corregidor *The Fall of the Philippines* Louis Morton, 1953 A detailed description of the three month defense of Bataan the siege of Corregidor the soldier's life in the crowded intimacy of Malinta Tunnel MacArthur's evacuation and the surrender of 78 000 American and Allied troops [United States Army in WWII - the Pacific - the Fall of the Philippines](#) Professor Louis Morton, 2014-08-15 Includes 11 tables 25 maps and 71 illustrations The soldier reading these pages would do well to reflect on the wisdom of the statement exhibited in a Japanese shrine Woe unto him who has not tasted defeat Victory too often leads to overconfidence and erases the memory of mistakes Defeat brings into sharp focus the causes that led to failure and provides a fruitful field of study for those soldiers and laymen who seek in the past lessons for the future The statesman and the unformed citizen reading these pages will realize that our military means as well as our estimates and plans must always be in balance with our long range national policy This lesson signposted by the Battle of Manila Bay the Treaty of Paris signed in December

1898 when we decided to keep the Philippines the Washington Conference of 1921-22 and the Manchurian Crisis of 1931 we ignored before Pearl Harbor The result was defeat on the field of battle and the loss of the Philippine Islands
