Shakespeare's Contested Nations L. Monique Pittman, 2022-04-28 Shakespeare's Contested Nations argues that performances of Shakespearean history at British institutional venues between 2000 and 2016 manifest a post imperial nostalgia that fails to tell the nation's story in ways that account for the agential impact of women and people of color thus foreclosing promising opportunities to re-examine the nation's multicultural past present and future in more intentional self-critical and truly progressive ways A cluster of interconnected stage and televisual performances and adaptations of the history play canon illustrate the function that Shakespeare's narratives of incipient British identities fulfill for the postcolonial United Kingdom The book analyzes treatments of the plays in a range of styles staged performances directed by Michael Boyd with the Royal Shakespeare Company 2000 2001 and Nicholas Hytner at the National Theatre 2003 2005 the BBC's Hollow Crown series 2012 2016 the RSC and BBC adaptations of Wolf Hall and Bring Up the Bodies 2013 2015 and a contemporary reinterpretation of the canon Mike Bartlett's King Charles III 2014 2017 This book will be of great interest to scholars and students of Shakespeare theatre and politics

After Mass Media Amanda D. Lotz, 2025-04-15 Explores the cultural role of screen storytelling in society With significant evolutions in digital technologies and media distribution in the past two decades the business of storytelling through screens has shifted dramatically In the past blockbuster movies and TV shows like Friends aimed first for domestic mass audiences although the biggest hits circulated globally Now transnational distribution plays a primary role and imagined audiences are global At the same time the once mass audience has significantly fragmented to enable an expansion in the range of commercially viable stories as evident in series as varied as Atlanta Better Things and dozens of others that are not widely known but deeply loved by their microaudiences Delving into the changing landscape of commercial screen storytelling After Mass Media explores how industrial shifts and technological advancements have remade the narrative landscape over the past two decades Television and movies have long shaped society whether by telling us about the worlds around us or far away By examining the internationalization of screen businesses the rise of streaming services with multi-territory reach and the stories made for this environment this book sheds light on the profound transformations in television and film production and circulation With a keen focus on major changes in the types of screen stories being told Amanda D Lotz unravels the industrial roots that made these transformations possible challenges some conventional distinctions of screen storytelling and provides new conceptual tools to make sense of the abundance and range of screen stories on offer Through its comprehensive analysis After Mass Media exposes how contemporary industrial dynamics particularly the erosion of traditional distribution models based on geography and mass audience reach have far-reaching implications for our understanding of national video cultures

Exploring Downton Abbey Scott F. Stoddart, 2018-03-29 The BBC television series Downton Abbey 2010 2016 highly rated in the UK achieved cult status among American viewers harking back to the days when serial dramas ruled the airwaves The show's finale was one of

the most watched in all of television history This collection of new essays by British and American contributors explores how a series about life in an early 20th century English manor home resonated with American audiences Topics include the role of the house in literature and film the changing roles of women and the servant class the influence of jazz and fashion and attitudes regarding education and the class system

Schach in Gelee Wolfgang Vögele, 2022 Öffentliche Theologie steht als Konzept politischer Ethik weiterhin auf dem Prüfstand Es konkurrieren positionelle moralisierende Positionen die auf klerikale Hierarchien fixiert sind mit Positionen die auf Religionsfreiheit Pluralismus und Differenz abheben In der Hauptstudie dieses Bandes wird Öffentliche Theologie aus dem Rückgriff auf medial literarische Beispiele entwickelt der Serie House of Cards und der Cromwell Trilogie der englischen Schriftstellerin Hilary Mantel Daraus wird sichtbar dass Öffentliche Theologie dringend um einen realistischen und pragmatischen Begriff von Politik erweitert werden muss Daneben muss vorrangig die Frage nach der theologischen Fundierung dieses Konzepts gestellt werden Die Studien dieses Bandes sollen dazu einen Beitrag leisten

Customer-Driven Disruption Suman Sarkar, 2019-09-03 Businesses worry about new technologies but customers are the ultimate disruptors Suman Sarkar offers bold strategies for making sure you understand your customers and keep up with their ever changing needs Disruption the brutal roiling of markets the decline of long established brands and products and the rise of new upstarts drives business failure and success Most people think technology causes disruption but technology merely enables it Changing customer needs cause disruptions and too many businesses get caught unaware Suman Sarkar offers proven strategies that will enable any business to stay radically close to its customers and address their evolving needs He argues that businesses need to focus on existing customers first research shows they're likely to spend more and are more profitable than new customers Personalization is becoming important for the newer generations in both developed and developing markets so Sarkar describes approaches to make them cost effective In our era of instant gratification customers want what they want now Sarkar explains how you can develop and deliver products and services faster than ever And since a few bad Yelp reviews social media posts or angry tweets from customers can ruin you Sarkar shows how to proactively make sure the quality of your products and services stays better than that of your competitors The key to survival in this era of changing customer needs is to focus on and address them quickly so customers don't switch to the competition Drawing on his experiences with leading companies worldwide Sarkar offers five strategies and techniques that will keep you ahead of the curve

Born to Be King Catherine Mayer, 2015-02-17 A provocative surprising and utterly fresh portrait of Charles Prince of Wales He is one of the world's most fascinating and least understood figures now sixty six Prince Charles has spent his entire life preparing to be king while insisting on being his own man In this brilliant portrait he emerges as a complex character driven by a painful past a questing intellect and a powerful impulse not only to reshape the monarchy but to use the long wait for the throne to work toward high ideals Based on exclusive interviews with members of Charles's inner circle and on rare access to the Prince himself this revelatory biography takes us deep into the royal sphere a world of its own that Catherine Mayer calls Planet Windsor and shows us the skullduggery and unintentional comedy of court life At the same time it provides a clear eyed view of Charles's struggles and his achievements as a philanthropist and activist The book also offers a fundamental reappraisal of one of the most documented episodes in modern history his marriage to Diana The reality as with many aspects of the Prince's story is more gripping and more poignant than we knew Now closer than ever to achieving happiness the Prince is still far from settled He remains committed to bringing about social and political change but in aiming to be a king of hearts he often creates heartache for himself and others Born to Be King explains how and why Charles may redefine the role of the sovereign even as it reveals the astonishing extent to which the Prince has already left his mark on the world

Vidding Francesca Coppa, 2022-02-23 Vidding is a well established remix practice where fans edit an existing film music video TV show or other performance and set it to music of their choosing Vids emerged forty years ago as a complicated technological feat involving capturing footage from TV with a VCR and syncing with music and their makers and consumers were almost exclusively women many of them queer women The technological challenges of doing this kind of work in the 1970s and 1980s when vidding began gave rise to a rich culture of collective work as well as conventions of creators who gathered to share new work and new techniques While the rise of personal digital technology eventually democratized the tools vidders use the collective aspect of the culture grew even stronger with the advent of YouTube Vimeo and other channels for sharing work Vidding A History emphasizes vidding as a critical feminist form of fan practice Working outward from interviews VHS liner notes convention programs and mailing list archives Coppa

offers a rich history of vidding communities as they evolved from the 1970s through to the present Built with the classroom in mind the open access electronic version of this book includes over one hundred vids and an appendix that includes additional close readings of vids
