The EIS must comply with all provisions of NEPA and its implementing regulations. In particular, the EIS must comply with the provisions of 33 C.F.R. Part 230 and 33 C.F.R. Part 325, Appendix B.

4. It is the purpose of the SOR to establish an understanding between USACE, Third-party contractor and Applicant regarding the responsibilities of the parties in the preparation of the EIS. This SOR defines the conditions and procedures to be followed in preparing and completing the EIS, including the environmental and technical information, collection, analysis, and reporting necessary for USACE to comply with NEPA and applicable regulations.

Army Officer's Guide ,2023-10-17 The Army Officer's Guide is the crown jewel of Stackpole's military reference line. First published in 1930, this guide has been continuously revised since then and has become the gold standard reference for the U.S. Army's officer corps, especially the new second lieutenants commissioned into the army out of West Point and ROTC programs. This edition has been thoroughly revised and updated with the latest information on leadership training, military justice, promotions, benefits, counseling, soldiers' physical fitness regulations, and much more—everything the officer needs to know in order to do his job well, to advance his career, to navigate the military, and to guide his soldiers on and off the battlefield. Topics include: How to train, lead, and counsel troops effectively; Tips on how to move along your career as an NCO by continuing education, training, and professional development; Information about all the regulations NCOs need to be aware of in carrying out their jobs; And much, much more. Stackpole has been guiding military officers and soldiers for more than 80 years. Unit medical providers are not expected to employ these guidelines blindly. Unit medical providers are expected to manipulate and adjust these guidelines to their unit's mission and medical air crew training experience.
