Art Healing Prayer Bringing Wholeness:

The Art of Healing Prayer Charles R. Ringma, Mary Dickau, 2015-12-10 The Art of Healing Prayer aims to help both clergy and laity to develop a greater understanding of those who come seeking healing and to become skilled in praying for such people biblically imaginatively and sensitively The authors recognize that this is a costly ministry requiring counsellors to find time in their own often busy lives to guide others and necessitating that they continue to be open to the gifts of God's grace However it is a ministry that often results in joy and transformation as those healed from long standing inner woundedness become sources of goodness and healing for others In the Midst of Much-Doing Charles R.

Ringma, 2023-05-31 How are we to sustain activism and compassion amidst the never ending crises of the twenty first century While the concern for social justice is deeply biblical cynicism burnout and despair are all too common side effects when action is divorced from contemplation To effectively serve as the hands and feet of Jesus the church must attend to the revitalization of its inner life through the spiritual practices which feed support and sustain the work of the kingdom Rather than the fragmentation and dualism that have led denominations to choose between prayer and service evangelization and justice the church must integrate heart mind and body in order to fulfil its calling to transform the world from within

Drawing from Scripture and a wide range of Christian traditions from the monastic to the evangelical this book inspires its readers to integrate spiritual renewal and prophetic witness for the glory of God and the good of his creation *Improvising Church* Mark Glanville, 2024-02-13 Though the post Christian cultural turn can be disconcerting it is also a uniquely exciting time to reimagine churches Building on the dynamic traditions of jazz music and Christian community biblical scholar and jazz musician Mark Glanville unfolds a biblical practical and inventive vision for building the churches we long for **The**

path to living your best life Wonder Reborn Thomas Troeger, 2010-07-27 This book explores an issue at the nerve of the long term health of all churches how godly wonder can be reborn through renewed attention to the place of beauty in preaching and worship The book opens with an exploration of the theological and cultural difficulties of defining beauty It traces the church's historical ambivalence about beauty and art and describes how in our own day the concept of beauty has been commercialized and degraded Troeger develops a theologically informed aesthetic that provides a counter cultural vision of beauty flowing from the love of God The book demonstrates how preachers can reclaim the place of beauty in preaching and worship Chapter two employs the concept of midrash to mine the history of congregational song as a resource for sermons Chapter three introduces methods from musicology for creating sermons on instrumental and choral works and for integrating word and music more effectively Chapter four explores how the close relationship between poetry and prayer can stir the homiletical imagination Each of these chapters includes a selection of the author's sermons illustrating how preachers can use these varied art forms to open a congregation to the beauty of God A final chapter recounts the responses of congregation members to whom the sermons were delivered It uses the insights gained from those experiences to affirm how the human heart hungers for a vision of wonder and beauty that empowers people to live more faithfully in the world
