

### **Résumé:**

Le projet médical et le projet de soins du service ont tous deux pour objectif majeur l'amélioration du confort des patients en soins de suite d'oncologie et soins palliatifs, au-delà du protocole de soins habituel.

Les activités d'esthétique, d'art-thérapie et de sophrologie s'inscrivent pleinement dans cet objectif en apportant des moments de détente et de bien-être. Elles sont des moyens d'expression et de communication différents, des dérivatifs à la maladie, des alternatives à la prise en charge habituelle de la douleur, et enfin des supports pour une prise en charge de la souffrance psychologique intégrés au parcours de soins cliniques.

C'est pourquoi, avec le soutien de notre hiérarchie, nous souhaitons être en capacité de continuer à proposer aux patients accueillis dans notre service mais également dans toute notre structure, ces activités à visée thérapeutique.

Le but de cette présentation étant de montrer que c'est possible.

# Art Th Rapie Pays Dalzheimer Soigner Autrement
