Artificial Life Zeinab Arjah:

Artificial Life Zeinab Arjah, 2015-12-07 Around the age of sixteen poet Zeinab Arjah fell upon great emotional turmoil She turned to religion and found comfort in her faith but she also turned to the written word She posted many of her verses online in the hopes of reaching other people facing similar troubles in an effort to say You are not alone Artificial Life written over the course of two years is a collection of her emotionally charged poetry Each poem reveals a different level of darkness and sometimes light Expressing good times or bad her poems reverberate with the human condition as weve all felt passion love friendship and even the terrible pain of loss Her words are lyrical and filled with imagery She speaks to the difficult reality of life and seeks to find hope even in the darkest of times She bridges the gap between actuality and the realm of imagination but even in the most fantastical of phrases Arjah pursues the path of living a life filled with joy and peace

Langton, 2019-09-13 In September 1987 the first workshop on Artificial Life was held at the Los Alamos National Laboratory Jointly sponsored by the Center for Nonlinear Studies the Santa Fe Institute and Apple Computer Inc the workshop brought together 160 computer scientists biologists physicists anthropologists and other assorted ists all of whom shared a common interest in the simulation and synthesis of living systems During five intense days we saw a wide variety of models of living systems including mathematical models for the origin of life self reproducing automata computer programs using the mechanisms of Darwinian evolution to produce co adapted ecosystems simulations of flocking birds and schooling fish the growth and development of artificial plants and much much more The workshop itself grew out of my frustration with the fragmented nature of the literature on biological modeling and simulation For years I had prowled around libraries shifted through computer search results and haunted bookstores trying to get an overview of a field which I sensed existed

but which did not seem to have any coherence or unity Instead I literally kept stumbling over interesting work almost by accident often published in obscure journals if published at all Take Care of Yourself Vickery, 1991-12
