Bernie Sanders Feminism:

Feminist Freedom Warriors Chandra Talpade Mohanty, Linda Carty, 2018-06-05 Born out of an engagement with anti racist feminist struggles as women of color from the Global South Feminist Freedom Warriors FFW is a project showcasing cross generational histories of feminist activism addressing economic anti racist social justice and anti capitalist issues across national borders This feminist reader is a companion to the FFW video archive project that is currently available online Using text and images the book presents short narratives from the women featured in the FFW project and illustrates the intersecting struggles for justice in the fight against oppression These are stories of sister comrades whose ideas words actions and visions of economic and social justice continue to inspire a new generation of women activists **The futures of feminism** Valerie Bryson, 2021-03-02 This book makes the case for an inclusive form of socialist feminism that puts women with multiple disadvantages at its heart It moves feminism beyond contemporary disputes including those between some feminists and some trans women Combining academic rigour with accessibility the book demystifies some key feminist terms including patriarchy and intersectionality and shows their relevance to feminist politics today It argues that the analysis of gender cannot be isolated from that of class or race and that the needs of most women will not be met in an economy based on the pursuit of profit Throughout the book asserts the social economic and human importance of the unpaid caring and domestic work that has been traditionally done by women It concludes that there are some grounds for optimism about a future that could be both more feminist and more socialist **Abolitionist Socialist Feminism** Zillah Eisenstein, 2019-05-22 A personal and political manifesto vying for an antiracist socialist feminist movement of movements The world is burning flooding and politically exploding to the point where it s become clear that neoliberal feminism the kind that aims to elect The First Woman President will never be enough In this book Zillah Eisenstein asks us to consider what it would mean to thread socialism to feminism then what it would mean to thread abolitionism to socialist feminism She asks all of us especially white women to consider what it would mean to risk everything to abolish white supremacy to uproot the structural knot of sex race gender and class growing from that imperial whiteness If we are to create a revolution that is totally liberatory we need to pool together in a new working class building a radical movement made of movements Eisenstein s manifesto is built on almost half a century of her antiracist socialist feminist work But now she writes with a new urgency and imaginativeness Eisenstein asks us not to be limited by reforms but to radicalize each other on differing fronts Our task is to build bridges to connect disparate and passionate people across aisles state lines picket lines and more The genius force demanding that we abolish white supremacy can also create a new we for all of us a humanity universally accepting of our complexities and differences We are in uncharted waters but that is exactly where we need to be *The Evolution of Socialist Feminism from Eleanor Marx to AOC* Karen Bojar, 2024-11-21 The Evolution of Socialist Feminism from Eleanor Marx to AOC traces the intersection of feminism and socialism as it has played out in the socialist movements arising

in Europe and North America in the nineteenth through early twenty first centuries From well known figures in the history of socialism such as Rosa Luxemburg Sylvia Pankhurst and Angela Davis to lesser known individuals including Claudia Jones Sheila Rowbotham and Zillah Eisenstein this book examines the socialist feminists who have been among the most powerful voices insisting on freedom of expression and participatory democracy within the socialist movement as well as within the larger society It considers how these figures contributed to what has become a twenty first century multiracial grassroots socialist feminist movement led by young women of color playing a major role in radical movements across the globe The Evolution of Socialist Feminism from Eleanor Marx to AOC is an important text for undergraduate students of politics sociology and gender studies as well as for the general reader

Feminism in Coalition Liza Taylor, 2022-11-11

In Feminism in Coalition Liza Taylor examines how US women of color feminists coalitional politics provides an indispensable resource to contemporary political theory feminist studies and intersectional social justice activism Taylor charts the theorization of coalition in the work of Bernice Johnson Reagon Audre Lorde Barbara Smith the Combahee River Collective Gloria Anzald a Cherr e Moraga and others For these activist scholars coalition is a dangerous struggle that emerges from a shared political commitment to undermining oppression and an emphasis on self transformation Taylor shows how their coalitional understandings of group politics identity consciousness and scholarship have transformed how activists and theorists build alliances across race class gender sexuality faith and ethnicity to tackle systems of domination Their coalitional politics enrich current discussions surrounding the impetus and longevity of effective activism present robust theoretical accounts of political subject formation and political consciousness and demonstrate the promise of collective modes of scholarship In this way women of color feminists have been formulating solutions to long standing problems in

political theory By illustrating coalition s vitality to a variety of practical and philosophical interdisciplinary discussions Taylor encourages us to rethink feminist and political theory **Critical Perspectives on Feminism** Anne C.

Cunningham,2017-07-15 First wave feminism arrived on the international scene in the nineteenth century a time when women had very few rights as citizens and were largely controlled by a government with laws that protected and served men Today through the work of feminist movements women have gained the right to vote and work but the quest for social and economic equality remains This text gives students insight into the fascinating history of the feminist movement and its leaders while presenting thoughtful analysis of feminist issues to help students think critically about the history and present need for feminism and women s rights today *Firebrand Feminism* Breanne Fahs,2018-04-24 Unapologetic troublemaking agitating revolutionary and hot headed radical feminism bravely transformed the history of politics love sexuality and science In *Firebrand Feminism* Breanne Fahs brings together ten years of dialogue with four founders of the radical feminist movement Ti Grace Atkinson Kathie Sarachild Roxanne Dunbar Ortiz and Dana Densmore Taking aim at the selfishness of the right and the incremental politics of the liberal left they defiantly and fiercely created a new kind of feminism in the late 1960s *Firebrand Feminism* provides a timely and historically rich account of these audacious women and the lasting impact of their words and work This unique and provocative book unites second and third wave feminism and creates a much needed intergenerational dialogue about the utility of feminist rage the importance of refusal the changing politics of sex and love trans rights and tactics to start and continue a revolution Marxist-Feminist Theories and Struggles Today Khayaat

Fakier,Diana Mulinari,Nora Räthzel,2020-02-15 This vital new collection presents new Marxist Feminist analyses of Capitalism as a gendered racialized social formation that shapes and is shaped by specific nature labour relationships Leaving behind former overtly structuralist thinking *Marxist Feminist Theories and Struggles Today* interweaves strands of ecofeminism and intersectional analyses to develop an understanding of the relations of production and the production of nature through the interdependencies of gender class race and colonial relations With contributions and analyses from scholars and theorists in both the global North and South this volume offers a truly international lens that reveals the the vitality of contemporary global Marxist Feminist thinking as well as its continued relevance to feminist struggles across the globe *Antagonizing White Feminism* Noelle Chaddock,Beth Hinderliter,2019-11-29 *Antagonizing White Feminism* Intersectionality s Critique of Women s Studies and the Academy pushes back against the exclusive scholarship and discourse coming out of women centered spaces and projects which throw up barriers by narrowly defining who can participate Vehement resistance to using inclusive language and renaming scholarly spaces like Women s Studies and Critical Feminism expresses itself in concerns that women are still oppressed and thus women only spaces must be maintained But who is a woman What are the characteristics of a woman s lived experience Do affinity and a history of oppression justify exclusion This book shows how intersectional feminism is often underperformed and appropriated as a

woke vocabulary by elite women who are unwilling to do the necessary emotional work around their privilege As Trans Women Femmes Women of Color Queer Women Gender Variant and Gender Non Conforming scholars emerge the heteronormative cisgender colonial idea of women and the feminine is rapidly under attack The contributors believe that to engage in the necessary conversations about the oppressed performing oppression is to disrupt the exclusionary basis of monolithic understandings of the feminine Only then can we advance the coalition needed to forge a multiracial multicultural queer led anti imperialist feminism
