Don't Believe the Hype!! (First Revision) C. Brian Madden,2017-05-11 Ever ask the question Why today s Millennials in America s Black Community seem so mad at the world and don t care whether they live or die these days There is a reason for it and it is being done on purpose to destroy this country It s called Communism And it is Real Don t Believe the Hype First Revision is an explosive book which investigates how and why Communist Subversion Perversion has taken over the African American Community with the sole intent to use and destroy them while simultaneously destroying the rest of United States of America from within Using Historical Facts from the Mid 19th Century to the present era Don t Believe

the Hype will surely spark Geo political conversations between people of all races genders and back grounds *The Campaign Manager* Catherine Shaw,2018-03-13 Everything you need to know about Vote by Mail Successful campaign manager and three term mayor of Ashland Oregon Catherine Shaw presents the must have handbook for navigating local campaigns This clear and concise handbook gives political novices and veterans alike a detailed soup to nuts plan for organizing funding publicizing and winning local political campaigns Finding the right message and targeting the right voters are clearly explained through specific examples anecdotes and illustrations Shaw also provides in depth information on assembling campaign teams and volunteers canvassing how to conduct a precinct analysis and how to campaign on a shoestring budget The Campaign Manager is an encouraging lucid presentation of how to win elections at the local level The sixth edition has been fully revised to include new and expanded coverage of contemporary campaign management from digital ads and new social media tools to data driven voter targeting tactics and vote by mail strategies **Journal of a Dissenter** Chris Wright,2025-01-20 This is a lengthy intellectual journal by a political radical that ranges over a variety of subjects such as Marxism capitalism history many schools of modern philosophy psychology economics and contemporary American politics It also includes quite a few personal passages but I ve kept those only because they express common experiences and youthful psychological tendencies Its most useful content for students might be its many summaries of good historical and scientific scholarship especially in the journal s second half Ultimately the document is a fairly comprehensive expression of a particular society as refracted through an inquisitive and critical mind from the ages of 15 to 44

Democratic Disunity Colleen Elizabeth Kelley,2022-01-13 Democratic Disunity Rhetorical Tribalism in 2020 addresses that while attention has recently and rightly been paid to the tribal bifurcation of the GOP the Democratic Party is similarly divided Americans live in a democratic republic rather than a direct democracy and choices regarding governing concerns are configured through communicative action These choices include those made between and within American political parties Without rhetorical mediation and intervention toxic partisan tribalism within the two major American political parties is likely to destabilize the nations federalist system of government Kelley argues that intraparty tribalism poisons public life and consumes public space within which electoral politics including discussion deliberation and compromise should be thriving Democratic Disunity considers intraparty tribalism as a rhetorical form uniquely positioned within the twenty first century Details are provided regarding language in use strategies with which to anchor a rhetoric of governing through a mindful deliberative dialogue which diminishes the effect of political partisanship including its toxic variations both between and within American political parties Scholars and students of rhetoric political communication and political science will find this book particularly interesting Procurement With Purpose Peter Smith,2021-11-01 Procurement with Purpose describes a growing and powerful movement how organisations can use the money they spend with suppliers to help address wider environmental social and economic issues That is not just about emissions and climate change but includes how to

address issues such as biodiversity and habitat loss plastics and waste modern slavery inequality and discrimination and more That organisational buying power is now being used to drive change across the business and political world With case studies from leading organisations insightful analysis of business purpose concepts and practical guidance on implementing these ideas through the procurement and contracting cycle Procurement with Purpose is a fascinating and valuable resource for anyone interested in how organisations can help protect and nurture this planet and its people **Single Payer**

Healthcare Reform Lindy S.F. Hern, 2020-06-10 The recent rise of Medicare for All in American political discourse was many years in the making Behind this rise is a movement composed of grassroots activists and organizations that have been working for more than three decades to achieve the goal of establishing a single payer healthcare system in the United States In the past decade the Single Payer Movement has grown and garnered more public and political support than ever before This relative success cannot be attributed to any one political figure or political era The story of how this happened and how it is tied to a turn against establishment politics on both the left and right as well as the rise of outsider politicians such as Senator Bernie Sanders takes place during the Clinton G W Bush Obama and Trump administrations During each of these eras activists experienced shifting opportunities that they interpreted through the telling of stories These narratives of opportunity encouraged participation in particular forms of grassroots mobilization which then affected the outcome of each era This has had lasting effects on the development of healthcare policy in the United States In this book Hern conducts a political ethnographic analysis in which she uses historical records interviews and participant observation to tell the story of the Single Payer Movement establish the lessons that can be learned from this history and develop a framework the Environment of Opportunity Model that involves a holistic understanding of social movement activity through the analysis of narrative practice After Trump Donald Heinz, 2020-03-18 A black social gospel movement arose after the Civil War to

mitigate the broken promises of reparations and the reestablishment of white supremacy After the Gilded Age a new social gospel arose in the early twentieth century that brought together Christian proclamation and an ethic of social justice that became liberal Protestantism's distinctive contribution to world Christianity leaving residues in the New Deal and the Great Society In the face of poverty and bondage in the 1960s Martin Luther King Jr led a second wave of the black social gospel movement and died for it as prophets do It birthed new liberation movements on many fronts Again things fell apart as the Reagan Revolution massively redistributed wealth and social benefits upward and late capitalism flourished In this environment tax cuts for the wealthy and massive inequalities grew and President Trump inherited the resentments of the Christian Right and the opportunism of economic conservatives Would a recurring social gospel have made a difference After Trump American Christianity faces another crisis of decision Will the strange God of the Bible be re called will the churches re live as social movements that bring good news to all the people will American Christianity re contest the public square and proclaim a new social gospel for our times This book is an invitation and a manifesto *Summary of Outsider in the White*
