Bernie Sanders June 9:

The Disinformation Age Eric Cheyfitz, 2017-02-10 This book explores the disconnect between political language and political reality in the United States in the post Great Recession era of social political economic and environmental crisis It argues that this crisis has called into question the ideology of American exceptionalism and outlines a more sustainable and democratic alternative

Suicide of the West Jonah Goldberg, 2020-01-14 NEW YORK TIMES BESTSELLER An urgent argument that America and other democracies are in peril because they have lost the will to defend the values and institutions that sustain freedom and prosperity Now updated with a new preface Epic and debate shifting David Brooks New York Times Only once in the last 250 000 years have humans stumbled upon a way to lift ourselves out of the endless cycle of poverty hunger and war that defines most of history If democracy individualism and the free market were humankind s destiny they should have appeared and taken hold a bit earlier in the evolutionary record The emergence of freedom and prosperity was nothing short of a miracle As Americans we are doubly blessed because the radical ideas that made the miracle possible were written not just into the Constitution but in our hearts laying the groundwork for our uniquely prosperous society Those ideas are Our rights come from God not from the government The government belongs to us we do not belong to it The individual is sovereign We are all captains of our own souls not bound by the circumstances of our birth The fruits of our labors belong to us In the last few decades these political virtues have been turned into vices As we are increasingly taught to view our traditions as a system of oppression exploitation and privilege the principles of liberty and the rule of law are under attack from left and right For the West to survive we must renew our sense of gratitude for what our civilization has given us and rediscover the ideals and habits of the heart that led us out of the bloody muck of the past or back to the muck we will go

The Making of the President 2016 Roger Stone, 2017-01-31 In the tradition of Theodore White s landmark books the definitive look at how Donald J Trump shocked the world to become president From Roger Stone a New York Times bestselling author longtime political adviser and friend to Donald Trump and consummate Republican strategist comes the first in depth examination of how Trump s campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming In the early hours of November 9 2016 one of the most contentious polarizing and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J Trump to concede shocking a nation that had only hours before given little credence to his chances Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media Stone a long time Trump retainer and confidant gives us the inside story of how Donald Trump almost single handedly harnessed discontent among Forgotten Americans despite running a guerrilla style grass roots campaign to compete with the smooth running and free spending Clinton political machine From the start Trump s campaign was unlike any seen on the national stage combative maverick and fearless Trump s nomination was the hostile takeover of the Republican party and a

resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security Here Stone outlines how Donald Trump skillfully ran as the anti Open Borders candidate as well as a supporter of American sovereignty and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters The veteran adviser to Nixon Reagan and Trump charts the rise of the alt conservative media and the end of the mainstream media monopoly on voter impacting information dissemination This is an insider s view that includes studying opposition research into Bill Hillary and Chelsea Clinton s crimes and the struggle by the Republican establishment to stop Trump and how they underestimated him Stone chronicles Trump s triumph in three debates where he skillfully lowered expectation levels but skewered Mrs Clinton for the corruption of the Clinton Foundation her mishandling of government email and her incompetence as Secretary of State Stone gives us the inside word on Julian Assange Wikileaks Clinton campaign chief John Podesta Huma Abedin Anthony Weiner Carlos Danger Doug Band Jeffery Epstein and the efforts to hide the former first lady s infirmities and health problems Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e mails released by Wikileaks came from the Russians The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton s weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of Americans desperately wanted change Stone also reveals how and why the mainstream media got it wrong including how the polls were loaded and completely misunderstood who would vote Stone s analysis is akin to Theodore H White s seminal book The Making of the President 1960 It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard bitten political survivor who Donald Trump called one tough cookie

Bernie Ted Rall, 2016-03-01 Now a NEW YORK TIMES BESTSELLER Bernie is the must have guidebook to the Bernie Sanders campaign and the uncompromising candidate behind it Insightful funny and accessible this biography in graphic novel form of the presidential candidate explains both his early life and political rise but also shows the broader political shift that made it possible for a Jewish socialist to rally voters and become a real presidential contender Political cartoonist and Kennedy Award winner Ted Rall interviewed Bernie Sanders at length for this book and delved deep into his background to create this one of a kind biography Sanders upbringing in a struggling working class family in a hardscrabble section of Brooklyn during the 1950s taught him that poverty is a disease one that affects us all Incredibly the lessons he learned back then are revolutionizing the political process this year marking the resurgence of political progressivism on the left at the same time as the two party system seems to be on the way out From McGovern s 1972 loss to Nixon to the Occupy movement Rall shows readers exactly how the American public was primed to embrace a socialist calling for a political revolution Twice the winner of the Robert F Kennedy Journalism Award and a Pulitzer Prize finalist Rall is a political cartoonist opinion columnist graphic novelist and occasional war correspondent whose work has appeared in hundreds of publications including

Gender in the 2016 US Presidential Election Dustin Harp, 2019-04-09 Using a discourse analysis Dustin Harp investigates media during the 2016 US presidential election to explore how traditional patriarchal and feminist ideas about gender played out during the campaign The book illustrates how these two ideologies competed for space and struggled for discursive authority A broad range of media texts is examined and gender moments where gender became a dominant part of the political conversation are identified These include the nasty woman and grab them by the pussy comments of Donald Trump and the woman card played by and against Hillary Clinton Furthermore Harp reveals how binary notions of gender and stereotypical ideas of how men and women should behave look and sound structured the ways Donald Trump and Hillary Clinton were talked about in the media As a counterpoint the research also shows the ways feminist ideologies worked against the sexism and misogyny and became mainstream in media discourse during the campaign Students and researchers of Gender Studies will find that the gender moments in *Gender in the 2016 US Presidential Election* tell a broader story about women gender expectations and power They offer important and timely insights about misogyny and sexual harassment in contemporary US culture and feminist
