Why Bernie Sanders Matters Harry Jaffe, 2015-12-22

Missionary. Radical. Hippy. Revolutionary. Red. Mayor. Pragmatist. Socialist. Hot from the campaign trail, a vivid new biography that goes inside Bernie Sanders's contradictions, his unusual life, and his electrifying quest to make the American dream a reality for all. Vermont Senator Bernie Sanders may be the least political person in politics: a brusque, unpolished Jewish Socialist from Brooklyn with deep-seated convictions and distaste for small talk. He is also, at seventy-four, the rising star of the Democratic party whose underdog bid for the presidential nomination has hit the marks of a serious contender. He's competitive with, and in some cases leading, Hillary Clinton in early state polls. He's closed the fundraising gap and is drawing crowds of thousands to campaign rallies. Why? Because where most candidates are calculating and rehearsed, Sanders is frank, authentic, and impassioned. For thirty years, he has spoken out against income inequality, environmental injustice, and privatized healthcare. Now, amid an ever-widening chasm between the rich and the rest, and growing voter disenchantment, the country is listening. With reporting from inside the campaign, personal relationships with Sanders's friends and colleagues, and meticulous research, noted reporter Harry Jaffe offers an engaging, insightful portrait of the ultimate outsider candidate, charting Sanders's course from Brooklyn to Burlington and now to Des Moines and beyond. Within the untold narrative of Sanders's origins and political development, he also examines the growth of the progressive movement and the recent developments including the Occupy movement, the Great Recession, and the rise of the millennial generation that have shifted Sanders's views from fringe to focal point. At once a captivating biography and a thought-provoking window into the contemporary political landscape, this will become the defining account of a pivotal moment in American history.

Are We Screwed? Geoff Dembicki, 2017-08-22

A declaration of resistance and a roadmap for radical change from the generation that will be most screwed by climate change. The Millennial generation could be first to experience the doomsday impacts of climate change. It's also the last generation able to do something about them. With time ticking down, 31-year-old journalist Geoff Dembicki journeyed to Silicon Valley, Canada's tar sands, Washington D.C. Wall Street, and the Paris climate talks to find out if he should hope or despair. What he learned surprised him: Millions of people his age want to radically change our world, and they are at the forefront of resistance to the politicians and CEOs steering our planet towards disaster. In *Are We Screwed?*, Dembicki gives a firsthand account of this movement and the shift in generational values behind it through the stories of young people fighting for their survival. It begins with a student who abandons society to live in the rainforest and ends with a Muslim feminist fomenting a political revolution. We meet a Brooklyn artist terrifying the oil industry, a

Norwegian scientist running across the melting Arctic and an indigenous filmmaker challenging the worldview of Mark Zuckerberg *Are We Screwed* makes a bold argument in these troubled times A safer and more equitable future is more achievable than we've been led to believe This book will forever change how you view the biggest existential challenge of our era and redefine the generation now battling against the odds to solve it **Pipelines and Politics** Lisa
