Bernie Sanders Obama:

Barack Obama F. Erik Brooks, MaCherie M. Placide, 2019-10-07 An essential resource for readers analyzing the presidency of Barack Obama this book provides a comprehensive summary of the life of 44th president of the United States Barack Obama stated Our destiny is not written for us It is written by us Was the former president talking about himself and his rise to the American presidency On January 20 2009 Barack Obama was inaugurated as the 44th president of the United States the first African American to be elected to this office Former President Obama's politics of unity appealed to many segments of American society When Obama became president the United States faced challenges at home and abroad Internationally the country was stalled in two wars in Afghanistan and Iraq Domestically the country faced a financial and banking crisis and poverty was on the rise Undaunted by these colossal challenges former President Obama noted We did not come to fear the future We came to shape it Barack Obama A Life in American History discusses the life of Barack Obama chronologically and discusses his post presidential life Readers of all levels with an interest in Barack Obama politics political parties political ideology presidential elections government and the U S presidency will find this book compelling Barack Obama Burton I. Kaufman, 2022-03-15 In this insightful biography Burton I Kaufman explores how the political career of Barack Obama was marked by conservative tendencies that frustrated his progressive supporters and gave the lie to socialist fearmongering on the right Obama's was a landmark presidency that paradoxically Kaufman shows resulted in few if any radical shifts in policy Following his election President Obama's supporters and detractors anticipated radical reform As the first African American to serve as president he reached the White House on a campaign promise of change But Kaufman finds in Obama clear patterns of classical conservatism of an ideological sort and basic policy making pragmatism His commitment to usher in a multiracial multiethnic and multicultural society was fundamentally connected to opening up but not radically altering the existing free enterprise system The Affordable Care Act arguably President Obama's greatest policy achievement was a distillation of his complex motivations for policy More conservative than radical the ACA fitted the expansion of health insurance into the existing system Similarly in foreign policy Obama eschewed the use of force to affect regime change Yet he kept boots on the ground in the Middle East and supported ballot box revolts geared toward achieving in foreign countries the same principles of liberalism free enterprise and competition that existed in the United States In estimating the course and impact of Obama's full political life Kaufman makes clear that both the desire for and fear of change in the American polity affected the popular perception but not the course of action of the forty fourth US president

Quotes & Facts on Obama's Radicalism Brian Koralewski, 2010-10-28 A collection of quotes facts on President Obama's Radicalism Including statements by the President his family associates appointees advisers friends biggest supporters in their own words Selections were made based on the degree to which the ideas expressed the policies promoted were radical for being well outside of the mainstream of American thought belief tradition practice Examples include ideas that are

unconstitutional that imply violation of individual freedom or that reveal significant disrespect for the founding documents of The United States of America Specifically the quotes facts contained herein represent the disregard by President Obama for such basic American freedoms as Press Speech Life among other God given inalienable rights **The Oral Presidency of Barack Obama** Anthony Neal,2018-03-02 This book offers an examination of the signature weapon of Barack Obama s presidency his speeches It provides an in depth analytical look at the words of Barack Obama through the social and cultural contexts that made the content of his speeches timeless The book draws on the oral tradition of the Black church in order to help explain aspects of the president s speaking style and to establish a direct link between the president s words and actions

Barack Obama, Post-Racialism, and the New Politics of Triangulation Terry Smith,2012-05-31 Examines black voters relationship to the political process and to the first black president in a prematurely post racial America using interviews with members of the Congressional Black Caucus empirical data news accounts academic literature and case law

The Obama Hate Machine Bill Press,2012-01-31 Obama was born in Kenya Obama is a Muslim and a terrorist sympathizer Obama is a Communist who wants to institute death panels The extent to which these undying lies have taken hold in the American mindset shows just how ruthless destructive and all powerful the right wing machine hijacked by extremists in the media and fueled by corporate coffers has become in America And no one has inspired such venom as our nation s current president who has been targeted by Republicans for a uniquely insidious brand of character assassination In his characteristic on the mark arguments sure to appeal to anyone on the Left or in the Center talk show host and syndicated columnist Bill Press shows how the peculiar nature of Obama Hating subverts issue driven debate and threatens not only the outcome of the 2012 election but the future of the American democratic system **Obama's True Legacy** Jamie

Glazov,2023-05-15 The Biden administration may go down in history as the most disastrous presidency in American history It did not however spring up out of nothing The Biden era s America Last economically and socially destructive policies virtually all originated in the Obama administration The Biden team of course is made up of numerous Obama holdovers and there is widespread suspicion that the man who is really pulling the strings for Biden is none other than Barack Obama himself Barack Obama s True Legacy details just how bad the Obama years really were for America and Americans and shows how the country is now suffering from a resurgence of these sinister policies after the four year respite of the Trump administration The book is a collection of new original non published essays written by an organized group of prominent conservative intellectuals on how Obama transformed America documenting the suppressed details of how the ex president was and still is a major national security threat to America Barack Obama s True Legacy is a one volume guide to how the Democrat Party went so drastically wrong and why it is such a dangerous and catastrophic force in the White House and the country at large today It all goes back to one man Barack Hussein Obama **Obama'S Wonder Years** James A.

Yannes,2018-03-01 This book contains a distillation of eight plus years of both financial and cultural factoids abstracted from

a plethora of sources and was originally accumulated for the authors personal use Friends have asked for copies so often that I decided to publish the material as the simplest solution and those that want copies can now get copies The material is presented in factoid format as accumulated by my self over the 8 years from numerous sources many with attribution The core eight years 2008 2016 was a remarkable period in American history with continuous improvements in both the stock market and the employment picture

The Presidency of Barack Obama Julian E. Zelizer, 2018-03-13 An original and engaging account of the Obama years from a group of leading political historians Barack Obama s election as the first African American president seemed to usher in a new era and he took office in 2009 with great expectations But by his second term Republicans controlled Congress and after the 2016 presidential election Obama s legacy and the health of the Democratic Party itself appeared in doubt In The Presidency of Barack Obama Julian Zelizer gathers leading American historians to put President Obama and his administration into political and historical context These writers offer strikingly original assessments of the big issues that shaped the Obama years including the conservative backlash race the financial crisis health care crime drugs counterterrorism Iraq and Afghanistan the environment immigration education gay rights and urban policy Together these essays suggest that Obama s central paradox is that despite effective policymaking he failed to receive credit for his many achievements and wasn t a party builder Provocatively they ask why Obama didn t unite Democrats and progressive activists to fight the conservative counter tide as it grew stronger Engaging and deeply informed The Presidency of Barack Obama is a must read for anyone who wants to better understand Obama and the uncertain aftermath of his presidency Contributors include Sarah Coleman Jacob Dlamini Gary Gerstle Risa Goluboff Meg Jacobs Peniel Joseph Michael Kazin Matthew Lassiter Kathryn Olmsted Eric Rauchway Richard Schragger Paul Starr Timothy Stewart Winter Thomas Sugrue Jeremi Suri Julian Zelizer and Jonathan Zimmerman

Unmasking Obama Jack Cashill, 2020-08-18 During the Obama years an asymmetrical media war was waged to control the critical first draft of American history There is no fair way to record that history without first acknowledging the war The field of battle shaped up as follows on the right the alternative conservative media and the responsible right occasionally working together often working at odds on the left the mainstream media the social media giants Hollywood Broadway the federal bureaucracies the national security apparatus and what Ray Bradbury would call firemen the virtual book burners amateur and professional Rarely at odds these forces routinely worked together to amplify what Obama adviser Ben Rhodes famously called the White House s messaging campaign Money resources and power overwhelmingly favored the left but the right had the equalizer on its side the truth
