Jay Ponti ,2023-10-19 BE THE REVOLUTION HOW OCCUPY WALL STREET AND THE BERNIE SANDERS MOVEMENT RESHAPED AMERICAN POLITICS Most people think that Occupy Wall Street failed and Bernie Sanders s meteoric rise to the national stage was simply a viral phenomenon that captured the hearts of unrealistic Millenials Be The Revolution reveals how Occupy organizers strategically activated their national network of activists to fuel the grassroots movement that propelled the Senator s campaign to change the course of American history This is an inside journey through the key events of the 2016 and 2020 primary races It follows a secret group of Sanders influencers called Bernie s Avengers as they challenge the Democratic establishment and then join the historic pipeline fight at Standing Rock This book also offers important insights into the rise of QAnon and neofascism Be The Revolution is a gonzo adventure into the heart of the grassroots movements that defined a decade a memoir that also contains a theory of change to guide the development of the movements urgently needed to take on national and global crises PRAISE FOR BE THE REVOLUTION Be The Revolution offers Important insights into some of the most significant developments in modern America based on intimate knowledge and direct participation Noam Chomsky We should thank Jay for his life s work As an organizer he is a wonder to watch in action This accounting of events of the last ten years is a profound and seismic piece of American political and cultural history that has gone all but unnoticed in the mainstream Be The Revolution is not about a battle of right or left but the battle for humanity and the natural world The timing of this book couldn t be more right nor the message more on point Ken Burns should do a doc on this Mark Ruffalo Jay Ponti is a legendary long distance revolutionary thinker and activist whose vision analysis and courage is a beacon of hope in our bleak times Don t miss this jewel of a book Dr Cornel West This book is a great history of progressive action from the Occupy moment to the present clear invigorating and encouraging of future efforts We owe Jay Ponti a big thank you for his tireless efforts to change the American political landscape and thus to help save Earth s biosphere from a catastrophic mass extinction event It s crucial work he describes here and joining the effort can give anyone a project that includes meaning and hope Kim Stanley Robinson Be The Revolution is an important first hand account of the efforts led by Occupy Wall Street and Bernie Sanders inspired activists to resist the forces of neoliberalism and mobilize for an equitable future This history is crucial to understand if the human race is going to save itself from the climate emergency and rise of neofascism Thom Hartmann Be The Revolution is a love letter to our movements an honest and searching testimonial from the heart of the grassroots Jay Ponti is a ride or die revolutionary who has given us a glimpse into some of the most important moments of political struggle in the last decade This is the book the establishment doesn t want you to read Nina Turner The prevailing narrative of American politics is not the real story It obliterates the deeper reality of who we are as people and the overarching meaning of struggles for justice Beneath the corporate created hype and

experience teaching yoga in schools prisons conferences and his weekly Queer and Trans Yoga class A Queer Dharma is a guidebook reclamation and unapologetically queer heart offering for true healing and transformation The Citizen Marketer Joel Penney, 2017-05-05 From hashtag activism to the flood of political memes on social media the landscape of political communication is being transformed by the grassroots circulation of opinion on digital platforms and beyond By exploring how everyday people assist in the promotion of political media messages to persuade their peers and shape the public mind Joel Penney offers a new framework for understanding the phenomenon of viral political communication the citizen marketer Like the citizen consumer the citizen marketer is guided by the logics of marketing practice but rather than being passive actively circulates persuasive media to advance political interests Such practices include using protest symbols in social media profile pictures strategically tweeting links to news articles to raise awareness about select issues sharing politically charged internet memes and viral videos and displaying mass produced T shirts buttons and bumper stickers that promote a favored electoral candidate or cause Citizens view their participation in such activities not only in terms of how it may shape or influence outcomes but as a statement of their own identity As the book argues these practices signal an important shift in how political participation is conceptualized and performed in advanced capitalist democratic societies as they casually inject political ideas into the everyday spaces and places of popular culture While marketing is considered a dirty word in certain critical circles particularly among segments of the left that have identified neoliberal market logics and consumer capitalist structures as a major focus of political struggle some of these very critics have determined that the most effective way to push back against the forces of neoliberal capitalism is to co opt its own marketing and advertising techniques to spread counter hegemonic ideas to the public Accordingly this book argues that the citizen marketer approach to political action is much broader than any one ideological constituency or bloc Rather it is a means of promoting a wide range of political ideas including those that are broadly critical of elite uses of marketing in consumer capitalist societies The book includes an extensive historical treatment of citizen level political promotion in modern democratic societies connecting contemporary digital practices to both the 19th century tradition of mass political spectacle as well as more informal culturally situated forms of political expression that emerge from postwar countercultures By investigating the logics and motivations behind the citizen marketer approach as well as how it has developed in response to key social cultural and technological changes Penney charts the evolution of activism in an age of mediatized politics promotional culture and viral circulation **Performing Left Populism** Goran Petrovic Lotina, Théo Aiolfi, 2023-06-15 This interdisciplinary volume offers new insights into the connections between populism and performance As a driving force of the contemporary left the populist logic offers a way for progressive politics to radicalize actions against the elite fostering greater democratization of societies at a time of socio political and environmental crisis Exploring the populist roots of a number of performances the contributors to this study analyze the potentials and limits of the new forms of left populism for more democratic ways of living together

Combining performance studies and political theory *Performing Left Populism* demonstrates how various performance practices give rise to populism. It shows how both civic performances including grassroots civil movements, political speeches, state policies and media campaigns, and artistic performances such as theatre, dance, music and artistic activism contribute to these processes. By these means, the book examines the processes of constructing a people through both the real civic and imaginary artistic perspectives. Offering scholars and practitioners a thought provoking analysis of the ways in which performance can be viewed politically as a social practice capable of mobilizing alternative ways of living and invigorating democracy, this study expands the debate about left populism towards strategies of mobilization, collectivism and democratic politics.
