Why Bernie Sanders Matters Harry Jaffe, 2015-12-22 Missionary Radical Hippy Revolutionary Red Mayor Pragmatist Socialist Hot from the campaign trail a vivid new biography that goes inside Bernie Sanders's contradictions his unusual life and his electrifying quest to make the American dream a reality for all Vermont Senator Bernie Sanders may be the least political person in politics a brusque unpolished Jewish Socialist from Brooklyn with deep seated convictions and distaste for small talk He is also at seventy four the rising star of the Democratic party whose underdog bid for the presidential nomination has hit the marks of a serious contender He's competitive with and in some cases leading Hillary Clinton in early state polls He's closed the fundraising gap and is drawing crowds of thousands to campaign rallies Why Because where most candidates are calculating and rehearsed Sanders is frank authentic and impassioned For thirty years he has spoken out against income inequality environmental injustice and privatized healthcare Now amid an ever widening chasm between the rich and the rest and growing voter disenchantment the country is listening With reporting from inside the campaign personal relationships with Sanders's friends and colleagues and meticulous research noted reporter Harry Jaffe offers an engaging insightful portrait of the ultimate outsider candidate charting Sanders's course from Brooklyn to Burlington and now to Des Moines and beyond Within the untold narrative of Sanders's origins and political development he also examines the growth of the progressive movement and the recent developments including the Occupy movement the Great Recession and the rise of the millennial generation that have shifted Sanders's views from fringe to focal point At once a captivating biography and a thought provoking window into the contemporary political landscape this will become the defining account of a pivotal moment in American history

emerges is one that deserves more attention Hari Kunzru New York Review of Books Democratic socialism is ascending in the United States as a consequence of a widespread recognition that global capitalism works only for a minority and is harming the planet's ecology This history of American democratic socialism from its beginning to the present day interprets the efforts of American socialists to address and transform multiple intersecting sites of injustice and harm Comprehensive deeply researched and highly original this book offers a luminous synthesis of secular and religious socialisms detailing both their intellectual and their organizational histories [Focus On: 100 Most Popular 20Th-century American Politicians](#) Wikipedia contributors, [Our Revolution](#) Bernard Sanders, 2016-11-15 An inside account of Sanders extraordinary campaign and a blueprint for future political action **Meet the Candidates 2020: Bernie Sanders** Scott Dworkin, 2019-06-11 What is democratic socialism Educate yourself on Bernie Sanders the liberal independent from Vermont and the 2016 underdog turned 2020 Democratic favorite Bernie Sanders shocked the establishment in 2016 with his self described political revolution mobilizing grassroots fundraising and campaigning to nearly secure the Democratic nomination over Hillary Clinton even in the face of Democratic National Convention opposition The Vermont senator and longest serving independent in congressional history hopes to do the same with a better result in 2020 Meet the Candidates 2020 Bernie Sanders A Voter's Guide will help you decide if Sanders's brand of democratic socialism is for you and if he is the right candidate to take on Donald Trump A vocal critic of Donald Trump Sanders advocates for sweeping reform single payer universal health care labor and economic inequality reform taxes on the wealthy the Green New Deal marijuana legalization free higher education Sanders has had an undeniable influence on how campaigns are run and has moved the Democratic party to the left but how will his liberal platforms play in a Democratic primary and against Trump in a general election After reading Meet the Candidates 2020 Bernie Sanders A Voter's Guide you'll be able to analyze those chances explain his positions and decide if they are what you believe is right for America The Meet the Candidates 2020 series is the informed voter's guide to making a decision in the 2020 Democratic primary and presidential election Each book gives an unbiased political insider's analysis of each contender featuring candidate interviews an introduction by campaign advisor Democratic Coalition co founder and Dworkin Report host Scott Dworkin and compilation and writing by Occupy Democrats Editor at Large Grant Stern In two hours of reading you'll understand their defining characteristics credentials campaign issues challenges presidential chances and everything else you need to know to decide who should challenge Donald Trump Whether it's for Elizabeth Warren Joe Biden Bernie Sanders Kamala Harris Julian Castro Cory Booker or another Meet the Candidates is what you need to make an informed vote for president in 2020 [Truth in Advertising?](#) Barbara Allen, Daniel Stevens, 2018-10-18 This book represents the first systematic effort to examine 1 the factual accuracy of the claims made in an entire political advertising campaign 2 the visuals and sound cues used in that advertising and their relationship with the tone and accuracy of ads and 3 the impact of the accuracy of claims on what people know and how they vote in a real

campaign The research is based on several years of labor intensive coding of the factual accuracy of every claim made in the presidential ads in the 2008 election as well as the ads for the races for the US Congress in Minnesota We show how the accuracy of political ad claims the visuals and sound of ads and ad tone particularly negativity are related to voting behavior We argue that understanding how the accuracy of political ad claims affects voters is now more important than ever This research has steered clear of the normative question of what such putative gains in knowledge represent however Does the content of negative advertising enhance voter capacities such as the ability to locate candidates issue positions accurately or state reasons to like or dislike candidates based on accurate information about the candidates traits or issue stands Does the accuracy of the information in political advertising matter to voting behavior or vote choice whether turnout goes up or down Would voting more while knowing less that is true be sufficient in a democracy In studying the effects of advertising tone such questions about advertising tone have not been asked Our book redresses this lacuna We show that negative advertising is more likely to make inaccurate claims We show that ads making inaccurate claims also use a larger number of visual and sound distortions perhaps tying up more cognitive capacities while pressing their untruthful arguments We show links between inaccurate advertising and aggregate turnout individual turnout and individual political knowledge The news is not good in an age of post factual democracies
