The Essential Bernie Sanders and His Vision for America Jonathan Tasini, 2015-08-24 Meet the essential Bernie Sanders an authentic and uncompromising champion of the people Independent United States Senator Bernie Sanders with a thirty five year career in public service first as Burlington Vermont s mayor then as Vermont s sole representative to Congress and currently as a United States senator is now campaigning to become president of the United States His goal is to build a movement to take back our country from the rich and powerful and return it to its rightful owners we the American people Sanders common sense populist message is resonating with Democrats Republicans independents as well as ordinary working and middle class Americans from all walks of life including millennials seniors veterans immigrants environmentalists union workers and more In this short accessible book author Jonathan Tasini draws heavily from Sanders ample public record of speeches statements and interviews and couples his working class spirit with specific legislation he has championed on a number of core proposals that comprise a broader people s agenda for America including A national single payer health care system Free public higher education Taking on wealth and income inequality Preserving Social Security Caring for our veterans Ensuring civil rights for all Combatting climate change Reforming Wall Street and much more *The Essential Bernie Sanders and His Vision for America* is a must read for anyone who shares a vision for a forward looking sustainable and more just United States of America and is eager to change the course of history Intellectual Property and Genetically Modified Organisms Charles Lawson, Berris Charnley, 2016-03-09 Taking a global viewpoint this volume addresses issues arising from recent developments in the enduring and topical debates over Genetically Modified Organisms GMOs and their relationship to Intellectual Property IP The work examines changing responses to the growing acceptance and prevalence of GMOs Drawing together perspectives from several of the leading international scholars in this area the contributions seek to break away from analysis of safety and regulation and examine the diversity of ways the law and GMOs have become entangled This collection presents the start of a much broader engagement with GMOs and law As GMO technology becomes increasingly more complex and embedded in our lives this volume will be a useful resource in leading further discussion and debate about GMOs in academia in government and among those working on future policy

Today's Environmental Issues Teri J. Walker, 2017-12-01 An accessible and impartial survey of the positions of the Republican and Democratic parties on the most pressing environmental issues of our time from climate change and wilderness preservation to air and water pollution *Today s Environmental Issues Democrats and Republicans* presents a unique perspective on party politics one that impartially identifies similarities and differences regarding an array of topics ranging from fracking sustainability and pesticides to logging and noise pollution Essays provide both historical information and up to date coverage of partisan opinions on today s environmental concerns Written for upper level high school students undergraduates and general audiences interested in environmental issues and partisan viewpoints this book enables readers

to better understand the origins details differences and commonalities of partisan opinions surrounding today s environmental concerns Each environmental issue is unique with its own set of concerns and impacts particularly when viewed from a party perspective By examining a breadth of issues from the party viewpoint readers can understand how the parties could work together or in opposition depending on the environmental issue and that the parties may not always be polar opposites on every issue a characterization that is often portrayed in the media Each essay includes a sidebar that presents a quick look at the party line individuals who have shaped opinion or policy or key court decisions *Diet*

Diagnosis David Nico,2015-11-17 Many diet plans are promoted as one size fits all But each person is unique and has specific needs and preferences *Diet Diagnosis Navigating the Maze of Dietand Nutrition Plans* will show you how to choose the program that is best for you while providing practical tools and effective principles that you can implement step by step Maybe you ve had your ups and downs as you ve tried to maintain good eating habits producing a vicious cycle of lifelong weight problems and risk of disease Or maybe you feel confused by the conflicting opinions expressed in the media about the best foods to eat or the best diet so you are stuck at the grocery store wondering what to buy for optimal health and nutrition No matter what your current health status David Nico aka Dr Healthnut will help you to reach your highest level of wellness possible including a healthy weight By changing what why and how you eat you can experience optimum health Dr Healthnut says Healthnuts are not really crazy they re just everyday people who want to make healthier lifestyle choices **The New**

and Changing Transatlanticism Laurie Buonanno,Natalia Cuglesan,Keith Henderson,2015-03-24 The European Union and the US are currently negotiating the Transatlantic Trade and Investment Partnership TTIP with potentially enormous economic gains for both partners Experts from the European Union and the US explore not only the groundwork laid for TTIP under the New Transatlanticism but also the key variables economic cultural institutional and political shaping transatlantic policy outcomes Divided into four parts Part I consisting of three chapters contextualizes the transatlantic relationship with an historical survey contemporary foreign relations and policy and cultural dynamics Together these chapters provide the background for understanding the evolving nature of the EU US relationship Part II of this volume focuses on governance and comprises two chapters one on transatlantic governance and the other administrative culture Part III consists of six policy chapters competition trade transport mobility regimes financial services regulation and GMOs Part IV consisting of three chapters explores prospects and challenges associated with transatlanticism including the TTIP The last chapter concludes with lessons learned and future challenges with respect to policy convergence the nature of the EU US relationship power resources and bargaining within the transatlantic partnership and an assessment of the future of deeper cooperation and integration This insightful account into policy cooperation between the EU and the US is a welcomed resource for policy specialists oriented toward comparative public policy wishing to enter the arena of Transatlantic Studies

Environmental Governance Reconsidered, second edition Robert F. Durant,Daniel J. Fiorino,Rosemary

O'Leary,2017-08-25 Key topics in the ongoing evolution of environmental governance with new and updated material This survey of current issues and controversies in environmental policy and management is unique in its thematic mix broad coverage of key debates and in depth analysis The contributing authors all distinguished scholars or practitioners offer a comprehensive examination of key topics in the continuing evolution of environmental governance with perspectives from public policy public administration political science international relations sustainability theory environmental economics risk analysis and democratic theory The second edition of this popular reader has been thoroughly revised with updated coverage and new topics The emphasis has shifted from sustainability to include sustainable cities from domestic civic environmentalism to global civil society and from global interdependence to the evolution of institutions of global environmental governance A general focus on devolution of authority in the United States has been sharpened to address the specifics of contested federalism and fracking and the treatment of flexibility now explores the specifics of regulatory innovation and change New chapters join original topics such as environmental justice and collaboration and conflict resolution to address highly salient and timely topics energy security risk assessment communication and technology innovation regulation by revelation and retrospective regulatory analysis The topics are organized and integrated by the book s 3R framework reconceptualizing governance to reflect ecological risks and interdependencies better reconnecting with stakeholders and reframing administrative rationality Extensive cross references pull the chapters together A broad reference list enables readers to pursue topics further Contributors Regina S Axelrod Robert F Durant Kirk Emerson Daniel J Fiorino Anne J Kantel David M Konisky Michael E Kraft Jennifer Kuzma Richard Morgenstern Tina Nabatchi Rosemary O Leary Barry Rabe Walter A Rosenbaum Stacy D VanDeveer Paul Wapner *Technology and Oligopoly Capitalism* Luis Suarez-Villa,2023-04-14 Technology and Oligopoly Capitalism is a major contribution to our understanding of how technology oligopolies are shaping America s social economic and political reality Technology oligopolies are the most powerful socioeconomic entities in America From cradle to grave the decisions they make affect the most intimate aspects of our lives how we work what we eat our health how we communicate what we know and believe whom we elect and how we relate to one another and to nature Their power over markets trade regulation and most every aspect of our governance is more intrusive and farther reaching than ever They benefit from tax breaks government guarantees and bailouts that we must pay for and have no control over Their accumulation of capital creates immense wealth for a minuscule elite deepening disparities while politics and governance become ever more subservient to their power They determine our skills and transform employment through the tools and services they create as no other organizations can They produce a vast array of goods and services with labor marketing and research that are more intrusively controlled than ever as workplace rights and job security are curtailed or disappear Our consumption of their products and their capacity to promote wants is deep and far reaching while the waste they generate raises concerns about the survival of life on our planet And their links to geopolitics

and the martial domain are stronger than ever as they influence how warfare is waged and who will be vanquished Technology and Oligopoly Capitalism s critical multidisciplinary perspective provides a systemic vision of how oligopolistic power shapes these forces and phenomena An inclusive approach spans the spectrum of technology oligopolies and the ways in which they deploy their power Numerous previously unpublished ideas expand the repertory of established work on the topics covered advancing explanatory quality to elucidate how and why technology oligopolies operate as they do the dysfunctions that accompany their power and their effects on society and nature This book has no peers in the literature in its scope the unprecedented amount and diversity of documentation the breadth of concepts and the vast number of examples it provides Its premises deserve to be taken into account by every student researcher policymaker and author interested in the socioeconomic and political dimensions of technology in America The 2020 Presidential Campaign Robert E. Denton Jr.,2021-06-10 As he has done for each presidential campaign since 1992 Robert E Denton Jr gathers a diverse collection of communications scholars to analyze specific areas of the most recent campaign season Topics include early campaign rhetoric the nomination process and conventions candidate strategies presidential debates political advertising the use of new media and coverage of the campaigns This volume looks at the 2020 presidential campaign from three perspectives The first section addresses the major political campaign communication areas including pre primary candidate surfacing the conventions the debates political advertising social media and news coverage of the campaign The second section includes two unique perspectives on political branding and the politics of food in the 2020 campaign The final section of the volume provides the broad overviews of campaign spending and finance as well as the national perspective of explaining the vote Thus the chapters cluster around the themes of campaign communication studies of unique or special topics relevant to the campaigns and the overall election To Have Danced with American Aristocrats Olive Vinci,2023-12-28 The American Political machine chugs along ran on blatant corruption but an unheard of senator Bernie Sanders rose to fame with an unlikely campaign funded only by the American people The idea came amidst an insomniac induced nervous breakdown while I was beyond fed up of playing the game as a Millennial to achieve the American Dream The Story Economy William Welser,2025-10-28 Regain Control Over Your Data Devices and Freedom How do you value your private data What about your job The truth is someone is selling your data and your job may be among the countless others being lost to AI at record rates Because of this abuse of technology among many others most people have lost all agency over their technology devices and information But technologist William Welser IV has a plan to help us regain control Enter The Story Economy a guide that provides fresh purchasing power in a world where opportunity feels harder and harder to grasp Within Welser outlines the need for an alternative economy where stories can become solutions to overwhelming new problems His entirely new marketplace allows us to use our stories as currency putting the data we ve voluntarily given to good use allowing us to purchase goods and services and giving us the power to see exactly where our data is going and to

whom In this exciting and sometimes scary world of AI Big Tech is using all of its tools against us to create a society in which we re lonely broke and lost We must take back our power and make the technology work for us to close the healthcare education and wealth divide and in the process foster self awareness to help us become astute decision makers and stay ahead of technology With The Story Economy Welser provides the innovative blueprint to get started
