Bernie Sanders Govtrack:

Bernie Sanders's Democratic Socialism Nicolas Gachon, 2021-03-20 This book provides a framework for understanding and analyzing Bernie Sanders's democratic socialism its origins its maturation and its evolution between 1972 when Sanders ran for the Vermont gubernatorial election for the first time and 2020 when he made his second presidential run The core argument is that Bernie Sanders's characteristic brand of socialism evolved from the mould of late 19th century utopian radicalism to radical demands for state and corporate accountability in the 21st century turning into a social movement for reparative justice that rose to national prominence in the wake of the Great Recession in 2008 and of the Occupy Wall Street movement in 2011

Meet the Candidates 2020: Bernie Sanders Scott Dworkin, 2019-06-11 What is democratic socialism Educate yourself on Bernie Sanders the liberal independent from Vermont and the 2016 underdog turned 2020 Democratic favorite Bernie Sanders shocked the establishment in 2016 with his self described political revolution mobilizing grassroots fundraising and campaigning to nearly secure the Democratic nomination over Hillary Clinton even in the face of Democratic National Convention opposition The Vermont senator and longest serving independent in congressional history hopes to do the same with a better result in 2020 Meet the Candidates 2020 Bernie Sanders A Voter's Guide will help you decide if Sanders's brand of democratic socialism is for you and if he is the right candidate to take on Donald Trump A vocal critic of Donald Trump Sanders advocates for sweeping reform single payer universal health care labor and economic inequality reform taxes on the wealthy the Green New Deal marijuana legalization free higher education Sanders has had an undeniable influence on how campaigns are run and has moved the Democratic party to the left but how will his liberal platforms play in a Democratic primary and against Trump in a general election After reading Meet the Candidates 2020 Bernie Sanders A Voter's Guide you'll be able to analyze those chances explain his positions and decide if they are what you believe is right for America The Meet the Candidates 2020 series is the informed voter's guide to making a decision in the 2020 Democratic primary and presidential election Each book gives an unbiased political insider's analysis of each contender featuring candidate interviews an introduction by campaign advisor Democratic Coalition co founder and Dworkin Report host Scott Dworkin and compilation and writing by Occupy Democrats Editor at Large Grant Stern In two hours of reading you'll understand their defining characteristics credentials campaign issues challenges presidential chances and everything else you need to know to decide who should challenge Donald Trump Whether it's for Elizabeth Warren Joe Biden Bernie Sanders Kamala Harris Julian Castro Cory Booker or another Meet the Candidates is what you need to make an informed vote for president in 2020

[Hillary Clinton's Career in Speeches](#) Shawn J. Parry-Giles, David S Kaufer, Xizhen Cai, 2023-09-01 Women candidates are under more pressure to communicate competence and likability than men And when women balance these rhetorical pressures charges of inauthenticity creep in suggesting the structural and strategic anti woman backlash at play in presidential politics Hillary Clinton demonstrated considerable ability to adapt her rhetoric across

roles contexts genres and audiences Comparisons between Clinton s campaign speeches and those of her presidential opponents Barack Obama Bernie Sanders and Donald Trump show that her rhetorical range exceeded theirs And comparisons with Democratic women candidates of 2020 suggest they too exhibited a rhetorical range and faced a backlash similar to Clinton Hillary Clinton s Career in Speeches combines statistical text mining methods with close reading to analyze the rhetorical highs and lows of one of the most successful political women in U S history Drawing on Clinton s oratory across governing and campaigning the authors debunk the stereotype that she was a wooden and insufferably wonkish speaker They marshal evidence for the argument that the sexist tactics in American politics function to turn women s rhetorical strengths into political liabilities *Why Irrational Politics Appeals* Mari Fitzduff,2017-02-13 The 2016 election has inspired millions of U S citizens and struck panic in the hearts of millions more This book explains the allure of Trump examines how Trump s success ties into the hopes and fears of many Americans and calls into question the limitations of our democratic system Across the United States and around the world people are struggling to understand why so many turned to Donald Trump an individual described as rude and insensitive at best and as racist hateful and ignorant at worst as their champion Trump s nomination as the Republican presidential candidate and his subsequent election to president of the United States upended many long held assumptions and beliefs about politics such as the inevitable power of superfund election syndicates and the need for presidential candidates to have governance experience and broad knowledge of domestic and foreign affairs *Why Irrational Politics Appeals* Understanding the Allure of Trump takes a serious scientific look at Trump and his politics against the backdrop of modern American society It brings together experts from a variety of psychological and political science fields to answer the mystifying question of why people by the millions would follow a leader who to so many others seems unqualified undiplomatic and in opposition to previously established standards for a national leader Readers will gain an understanding of how little a role rationality plays in political choices particularly but not always among citizens of certain socioeconomic backgrounds and why Trump s apparently divisive attitudes and prejudices his lack of political correctness and his hubris appeal to so many voters The book also raises questions about our democratic processes and our need for more thoughtful political cultures to ensure that citizens are adequately prepared to make important leadership decisions that will affect the future of our nation s economy social norms and global safety

America through Foreign Eyes Jorge G. Castañeda,2020-05-30 Do Americans care what foreigners think about the United States This book makes the case that they should In these pages Jorge Casta eda writes from his unique vantage point as a former Foreign Minister of Mexico who has lived studied and worked in America He offers an impressionistic analytical and intuitive review of his experience in the country over the last half century and shows how foreigners can provide perspective on the United States true nature Casta eda brings a different viewpoint to issues ranging from purported American exceptionalism uniformity race and religion culture immigration and the death penalty Visitors and analysts from Dickens to Naipaul have generally asked the right questions and described America s most salient features and mysteries But they have not always followed through with answers and explanations Casta eda draws from his work with American civil society and government authorities to provide both insight and context Americans have long seen their country as exceptional standing outside of history but by comparing its contemporary politics and culture with those of other countries Casta eda shows how increasing nationalism and nostalgia are actually making the US more like other countries Casta eda admits that most Americans have never cared much about what a foreigner thinks about their country but the dynamic is shifting The outside world means more to the US than ever before and Americans should care about what foreigners think since they are now so sensitive to what foreigners do Since Trump s election in 2016 American politics increasingly resemble those of Europe Latin America and parts of Asia such that pining for a lost and glorious past is as American as it is British Mexican Chinese or Italian Now the questions that serious knowledgeable and sympathetic foreigners address to Americans may be the ones Americans ask or should ask for themselves

What Happened to Bernie Sanders Jared H.

Beck,2018-03-06 For the first time the definitive answer to the relative disappearance of Bernie Sanders and his political revolution in our new Trumpocracy One year into Donald Trump s presidency the US 2016 presidential election is still being fought by both parties As the case of Russian hacking and collusion is investigated and Hillary Clinton desperately attempts to explain What Happened to her and why she lost a more important question one haunted by shadowy tactics and campaign double dealing rings out What happened to Bernie Sanders Jared H Beck Esq the lawyer suing the Democratic National Committee and Debbie Wasserman Schultz for collusion and fraud for conspiring as a whole to make sure Hillary Clinton was the Democratic presidential candidate has now written the book on what truly transpired during the Democratic primaries and National Convention What Happened to Bernie Sanders is organized in sections Democracy Demands the Truth Stories with No Fingerprints A Bankrupt Institution Rule of Law Demands Consequences Using uncovered documents and other primary sources Beck shows that Bernie Sanders lost to Hillary Clinton because he never had a chance to win He illustrates how a web of forces emanating from elite interests through the mainstream media and Democratic political establishment and fronted by the Democratic National Committee operated to ensure that Clinton would secure the nomination The story of the 2016 Democratic primaries is not one of being stronger together or making America great again it is one of how corruption has critically eroded America s political institutions to the point of crippling democracy itself *The Trump and Harris Doctrines* Stanley A. Renshon,Peter Suedfeld,2024-10-02 The 2024 U S presidential election will hinge on two very different basic approaches to domestic and foreign policy two very different sets of underlying premises and two very different types of presidential and high level official personalities at the administrative helm putting them into effect Republican presidential nominee Donald Trump is campaigning on a nationalist conservative preservation platform It is a direct antithesis of the Biden Harris Waltz progressive transformation agenda This volume comparatively analyzes the choices of presidential doctrine that are likely to define the principles beliefs and nature of U S foreign policy in the years following the election of either candidate and their vastly different agendas Renshon Suedfeld and contributors do an excellent job of analyzing the different foreign policy assumptions and implications associated with the Trump and Biden presidencies at a time of deepening international crisis Richard Ned Lebow King s College London I can think of no better book to objectively compare and contrast President Biden s foreign policy with that of the Trump administration A very useful and fair minded collection of essays containing a range of perspectives Colin Dueck George Mason University [Meet the Candidates 2020: Cory Booker](#) Scott Dworkin,2019-08-27 A primer on the policies and candidacy of the Democratic senator from New Jersey who has made social and racial justice his foundation Is he the right Democrat to take on Trump Cory Booker New Jersey senator and former mayor of Newark has a voting record measured a third most liberal in his time in the Senate Meet the Candidates 2020 Cory Booker A Voter s Guide helps you understand exactly how liberal Booker is where on the spectrum Booker sits among Democratic contenders for the presidency and whether his positions are worthy of your vote

Booker a voice for social progress and equality and a critic of President Trump is campaigning on the platform of an end to the war on drugs and drug reform single payer healthcare education reform environmental reform and the Green New Deal and criminal justice reform He sits on the Committee on Environment and Public Works Committee on Foreign Relations and the Senate Committee on the Judiciary where he emerged as a strong voice in the Kavanaugh hearings The Meet the Candidates 2020 series is the informed voter s guide to making a decision in the 2020 Democratic primary and presidential election Each book gives an unbiased political insider s analysis of each contender featuring candidate interviews an introduction by campaign adviser Democratic Coalition co founder and Dworkin Report host Scott Dworkin and compilation and writing by Occupy Democrats Editor at Large Grant Stern In two hours of reading you ll understand their defining characteristics credentials campaign issues challenges presidential chances and everything else you need to know to decide who should challenge Donald Trump Whether it s for Elizabeth Warren Joe Biden Bernie Sanders Kamala Harris Julian Castro Cory Booker or another Meet the Candidates is what you need to make an informed vote for president in 2020
