Bernie Sanders Illinois:

Toppling Trump Samuel J. Best, Jeffrey W. Ladewig, 2024-07-05 This book tells the story of the 2020 presidential election campaign exploring how Joe Biden secured the Democratic nomination and defeated Donald Trump in the general election It argues that Democratic Party elites paved the way for Biden s victory enabling him to overcome numerous campaign missteps to defeat one of the largest wealthiest most competitive fields in history It details how elites discouraged potential rivals from entering the race orchestrated rules to truncate the field and steered voters toward Biden s candidacy both directly and indirectly It shows how they helped the Biden campaign overcome early defeats in the first several contests and turn his campaign around And it shows the critical role they played in mobilizing partisans to help Biden win the general election campaign and thwarting efforts to undermine his victory Simply put the book demonstrates that Biden would not have won the White House without maneuvering and manipulation by the Democratic establishment

Ascesa e declino dell'ordine neoliberale. L'America e il mondo nell'era del libero mercato Gary Gerstle, 2024-08-09T00:00:00+02:00 La crisi delle democrazie occidentali schiacciate da disuguaglianze di reddito e disparità sociali leadership populiste e ondate di etnonazionalismo il segno più evidente di una frattura nell'ordine politico che da decenni domina il mondo l'ordine neoliberale che ha preso forma negli Stati Uniti degli anni Settanta e Ottanta e da lì ha conquistato e trasformato l'intero pianeta Il suo declino ha avuto origine negli anni di Bush con la fallita ricostruzione dell'Iraq secondo criteri ultraliberisti e lo scoppio della Grande recessione nel 2008 e si manifestato nell'ascesa di Trump e della sinistra guidata da Bernie Sanders Ma per comprendere dove condurrà la caduta dell'ordine neoliberale necessario ricostruire il modo in cui si consolidò smantellando l'ordine del New Deal prima imperante Gary Gerstle passa in rassegna cent anni di storia americana per rinvenire le tracce ideologiche sociali elettorali organizzative e culturali di un sistema di idee e valori che si costituì in ordine politico duraturo egemonizzando la destra così come la sinistra Sono noti i principi economici del neoliberalismo Stato minimo e libero scambio libera circolazione di capitali merci e persone privatizzazione e deregolamentazione globalizzazione dei mercati come fattore di prosperità tanto per l'Occidente ben saldo in cabina di pilotaggio quanto per i Paesi emergenti Tuttavia suggerisce Gerstle se il neoliberalismo si affermato stato anche grazie a valori quali la fiducia nella libertà personale e nell'emancipazione individuale il culto dell'innovazione tecnologica il cosmopolitismo e il multiculturalismo che dopo la fine della Guerra fredda hanno trovato terreno fertile anche in ambito progressista Non a caso tra i suoi principali fautori rientrano tanto Ronald Reagan quanto Bill Clinton Le gravi conseguenze sociali e le disfunzioni politiche dell'ordine neoliberale segnano oggi il suo inesorabile tramonto Ma l'assalto al Congresso del 6 gennaio 2021 dimostra quanto la rottura di un ordine politico può essere pericolosa se ne sorgere uno nuovo potrà essere votato all'uguaglianza e alla solidarietà ma anche all'autoritarismo L'ordine del New Deal aveva persuaso una cospicua maggioranza di americani che un forte Stato centralizzato potesse gestire nel pubblico interesse un'economia capitalistica dinamica ma pericolosa L'ordine neoliberale aveva convinto una maggioranza di

americani altrettanto ampia che il libero mercato avrebbe svincolato il capitalismo da inutili controlli statali diffondendo la prosperità e la libertà personale negli Stati Uniti e in tutto il mondo. Oggi nessuna di queste proposte gode del sostegno o dell'autorità di un tempo. Che cosa verrà dopo? Affascinante e incisivo. The New York Times raro poter usare l'espressione classica subito dopo l'uscita di un libro ma la storia economica di Gerstle lo merita. Financial Times

The Rise and Fall of the Neoliberal Order Gary Gerstle, 2022 Gary Gerstle provides a sweeping reinterpretation of the entire era from the revival of market liberalism in the 1970s to the ruin generated by the 2008 global financial crisis that places America at the center

Bernie Sanders's Democratic Socialism Nicolas Gachon, 2021-03-20 This book provides a framework for understanding and analyzing Bernie Sanders's democratic socialism: its origins, its maturation, and its evolution between 1972 when Sanders ran for the Vermont gubernatorial election for the first time and 2020 when he made his second presidential run. The core argument is that Bernie Sanders's characteristic brand of socialism evolved from the mould of late 19th century utopian radicalism to radical demands for state and corporate accountability in the 21st century, turning into a social movement for reparative justice that rose to national prominence in the wake of the Great Recession in 2008 and of the Occupy Wall Street movement in 2011.

On New Terrain Kim Moody, 2017-11-20 A detailed and provocative study of how capital has changed since the 1980s and its effects on the working class and political parties in the USA. Scottish Left Review. *On New Terrain* challenges conventional wisdom about a disappearing working class and the inevitability of a two-party political structure as the only framework for struggle. Through in-depth study of the economic and political shifts at the top of society, Moody shows how recent developments in capitalist production impact the working class and its power to resist the status quo. He argues that this transformed industrial terrain offers new possibilities for organization in the workplace and opens doors for grassroots independent political action strengthened by reemerging labor and social movements. From the logistics revolution to the unprecedented concentration of business and wealth in the hands of the one percent, *On New Terrain* examines the impact of the current economic terrain on the working class in the United States. Looking beyond the clichés of precarity and the gig economy, Moody shows that the working class and its own self-activity are essential in the global battle against austerity. A masterful and much-needed book. *Solidarity* immediately shakes the reader by offering a hard-hitting, concrete and sober analysis of the transformation of both the capitalist and working classes of the USA. Bill Fletcher Jr, coauthor of *Solidarity Divided*. He explodes myths about the gig economy and the potential to transform the Democratic Party. Readers will put the book down convinced that there is a way for workers to win. LaborNotes

Moffett and Laurie L. Rice find that online forms of political participation like friending or following candidates and groups as well as blogging or tweeting about politics draw in a broader swathe of young adults than might ordinarily participate Political scientists have traditionally determined that participatory patterns among the general public hold less sway in shaping civic activity among college students This book however recognizes that young adults political participation requires looking at their online activities and the ways in which these help mobilize young adults to participate via other forms Moffett and Rice discover that engaging in one online participatory form usually begets other forms of civic activity either online or offline

Political Philosophy and Political Action Adam Burgos, 2016-12-12 Political philosophers have long taken inspiration from political movements when crafting their theories which they hoped would address the universal problems of democracy Political Philosophy and Political Action investigates the relationship between political practices of popular resistance and political theory The text demonstrates how the lived experience on political resistance can help us to analyse and interpret theory and also reveals how concrete resistance movements can challenge the ideals of political theory generally It begins by examining the universal aspirations present within the contextual particularities of Black Lives Matter Occupy Wall Street and the Arab Spring Political Philosophy and Political Action then turns to critical examination of Jean Jacques Rousseau Karl Marx John Dewey and Jacques Rancière using novel interpretations of their philosophies of equality and democracy to construct a conceptual framework More specifically the chapters show how we can analyze resistance movements that incorporate the imperative to resist inequality in the name of democracy The result is a novel means of thinking about important issues in contemporary political philosophy including pluralism oppression and domination and the purposes and meaning of politics **Political Pope** George Neumayr, 2025-05-01 The untold story of the left's efforts to politicize the Vatican and the battle to stop it before the Catholic Church as we know it is destroyed Pope Francis is the most liberal pope in the history of the Catholic Church He is not only championing the causes of the global Left but also undermining centuries old Catholic teaching and practice In the words of the late radical Tom Hayden his election was more miraculous if you will than the rise of Barack Obama in 2008 But to Catholics in the pews his pontificate is a source of alienation It is a pontificate

at times beyond parody Francis is the first pope to approve of adultery flirt with proposals to bless gay marriages and cohabitation tell atheists not to convert tell Catholics to not breed like rabbits praise the Koran support a secularized Europe and celebrate Martin Luther At a time of widespread moral relativism Pope Francis is not defending the Church's teachings but diluting them At a time of Christian persecution he is not strengthening Catholic identity but weakening it Where other popes sought to save souls he prefers to save the planet and play politics from habitual capitalism bashing to his support for open borders and pacifism In *The Political Pope* George Neumayr gives readers what the media won't a bracing look at the liberal revolution that Pope Francis is advancing in the Church To the radical academic Cornel West Pope Francis is a gift from heaven To many conservative Catholics he is the worst pope in centuries
