Maurice E. Stucke

Bernie Sanders Warren:

The Rebels Joshua Green, 2024-01-09 One of the best and most readable overviews of the Democrats evolution on economic issues over the past half century The Wall Street Journal Fast paced sober yet hopeful Green is a first rate journalist The Atlantic One of Politico s 10 books we re looking forward to in 2024 From the author of the 1 New York Times bestseller Devil s Bargain comes the revelatory inside story of the uprising within the Democratic Party of the economic populists led by Elizabeth Warren Bernie Sanders and Alexandria Ocasio Cortez In his classic book Devil s Bargain Joshua Green chronicled how the forces of economic populism on the right led by the likes of Steve Bannon turned Donald Trump into their flawed but powerful vessel In The Rebels he gives an epic account of the long struggle that has played out in parallel on the left told through an intimate reckoning with the careers of the three political figures who have led the charge most prominently Based on remarkable inside sourcing and razor sharp analysis The Rebels uses the grand narrative of a political party undergoing tumult and transformation to tell an even larger story about the fate of America For many years as Green recounts the Democrats made their bed with Wall Street and big tech relying on corporate money for electioneering and embracing the worldview that technological and financial innovation and globalization were a powerful net good a rising tide lifting all boats Yes there were howls of pain but they were written off by most of the elites as the moaning of sore losers mired in the past There were always some Democratic politicians representing the old labor base who resisted the new dispensation but these figures never made it very far on a national level For one thing they didn t have the money But as income inequality ballooned widening the gulf between the wealthy elite and everyone else pressures began to build With the 2008 crisis those forces finally erupted into plain sight turning this book s protagonists into national icons At its heart The Rebels tells the riveting human story of the rise and fight of Elizabeth Warren Bernie Sanders and Alexandria Ocasio Cortez from the financial crisis on as outrage over the unfairness of the American system formed a flood tide of political revolution That same tide that would sweep Trump into office was blunted on the left as the Democratic party found itself riven by culture war issues between its centrists and its progressives But the winds behind economic populism still howl at gale force Whether the Democrats can bridge their divisions and home in on a vision that unites the party and perhaps even the country in the face of the most violently deranged political landscape since the Civil War will be the ultimate test of the legacies of all three characters A masterful account of one of the defining political stories of our age The Rebels cements Joshua Green s stature at the first rank of American writers explaining how we ve arrived at this pass and what lies ahead Elizabeth Warren David L. Bahnsen, 2020-01-28 Extreme candidates are nothing new in American politics but very rarely do candidates as extreme as Elizabeth Warren have such a talent for presenting radically dangerous policy ideas as if they are compatible with the American experiment An increasing number of far left progressives have worked their way into the upper echelons of Democratic Party leadership but none have generated the college campus enthusiasm and media coddling that

Massachusetts Senator Elizabeth Warren has created Yet what belies this Harvard professor s quirky but compelling presentation style are ideas that as recently as the Obama presidency were considered far too radical for American life Worse the essence of Warren s platform undermines the economic groups she most claims to want to aid the frustrated middle class often on the outside of American prosperity looking in Far from offering the middle class a life line an Elizabeth Warren presidency represents the greatest threat to the American dream our nation has ever faced Elizabeth Warren Jeri Freedman,2017-07-15 Massachusetts Senator Elizabeth Warren has twice been named one of the top 100 most influential people in America by Time magazine This iconic politician has held many prestigious roles in government and continues to lend her powerful voice to key issues facing the American public Her early life philanthropy and remarkable achievements are chronicled in this book for a new generation of young leaders **Breaking Away** Maurice E. Stucke,2022 Breaking Away sounds a warning call alerting readers that their privacy and autonomy concerns are indeed warranted and the remedies deserve far greater attention than they have received from our leading policymakers and experts to date Through the various prisms of economic theory market data policy and law the book offers a clear and accessible insight into how a few powerful firms Google Apple Facebook Meta and Amazon have used the same anticompetitive playbook and manipulated the current legal regime for their gain at our collective expense While much has been written about these four companies power far less has been said about addressing their risks In looking at the proposals to date however policymakers and scholars have not fully addressed three fundamental issues First will more competition necessarily promote our privacy and well being Second who owns the personal data and is that even the right question Third what are the policy implications if personal data is non rivalrous Breaking Away not only articulates the limitations of the current enforcement and regulatory approach but offers concrete proposals to promote competition without having to sacrifice our privacy This book explores how these platforms accumulated their power why the risks they pose are far greater than previously believed and why the tools need to be far more robust than what is being proposed Policymakers scholars and business owners managers and entrepreneurs seeking to compete and innovate in the digital platform economy will find the book an invaluable source of information *The Capitalist Comeback* Andrew Puzder,2025-04-08 Andy Puzder the former CEO of Carl s Jr and Hardee s says that capitalism is not a dirty word and thankfully President Trump understands this his pro business policies will bring back economic growth and secure our future As a successful CEO in the restaurant industry Andy Puzder uniquely understands how important the profit motive is to our country s ultimate prosperity Furthermore as the grandson of immigrants the son of a car salesman and someone who worked his way up from earning minimum wage to running an international business he has a first hand view of how America s exceptional capitalist spirit can lift everyone to success In 2016 the American people faced a stark choice between two very different presidential candidates Hillary Clinton spent most of her adult life involved in politics and promised to uphold and advance the progressive legacy of President Barack Obama

who had first won the White House on promises to spread the wealth around Donald Trump on the other hand came from the business world was an unapologetic capitalist used his own personal wealth as inspiration and promised simply to Make America Great Again By choosing Trump over Clinton the American people put a stop to decades of government expansion under progressive leadership and they might just have saved our economy by doing so America was once a land where everyone was encouraged to seek their fortune the more prosperous our citizens the more our whole society could in turn prosper But leftist forces in the United States have been seeking to tarnish the pursuit of prosperity and to paint profit as an evil motivation fit only for greedy plutocrats Andrew Puzder understands this first hand after a progressive smear campaign stopped him from joining President Trump s cabinet As Puzder explains in his new book *The Capitalist Comeback* this was an act of desperation from a left wing facing irrelevance with a pro business president in the White House From its roots in the Progressive Era to labor unions to education to entertainment to its political resurgence with avowed socialist candidates such as Bernie Sanders Puzder traces the development of the anti profit forces in the United States and shows how under President Trump they can be vanquished for good

Bernie or Bust @BernieOrBust, Patrick Walker, 2018-01-30 *Bernie or Bust* By BernieOrBust with Patrick Walker Author BernieOrBust and Patrick Walker started the Bernie or Bust movement of 2016 This book is an effort to tell the story of how they accomplished this feat and to correct the record of distortion created by the media about the movement The authors include a manifesto for their movement going forward They want readers to understand the need for revolution in the U S and to join the leverage movement *Bernie or Bust* *Pioneers of Electoral Revolt* provides a unique look at the initiation and operation of a grassroots political campaign that gives a remarkably nuts and bolts picture which will be of interest to other activists to voters and to all those who want to better comprehend the provocative dynamics of the recent election

The Squad Ryan Grim, 2023-12-05 *Semafor s Best Political Book of 2023* A riveting insider account of the progressive movement in Congress centering A O C Rashida Tlaib Jamaal Bowman Cori Bush Ayanna Pressley and Ilhan Omar their rise their efforts to set an ambitious agenda for the country and their struggle to find their footing within the Democratic party *The Squad* is the definitive must read book about the most exciting figures defining our new era The story is urgent and the stakes are high for the country and the world and Grim an experienced political reporter who covered the Squad before they were the Squad is uniquely qualified to tell it When Bernie Sanders an obscure Vermont senator launched his quixotic 2016 presidential campaign few could have seen just how radically the Democratic Party would transform in just a few short years or that such a transformation could be led by a Bronx bartender volunteering for Bernie in her spare time The world as it was when that campaign began is almost unrecognizable today and the Squad has both shaped and been shaped by the seismic social cultural and political changes underway Referred to informally as the Squad led by the preternaturally politically savvy Alexandria Ocasio Cortez the group laid down a marker for an aggressive

left wing agenda Grim takes you behind the scenes as that new energy makes impact with Washington and the Squad spends as much time fending off assaults from Donald Trump who regularly singled them out and led chants of send them back at rallies as they did battling their own party's sclerotic leadership As they've grown in office they've had to contend with the eternal question that confronts outsiders who power their way into the inside Are they still radical organizers willing and able to lead a political revolution

Fight John Della Volpe, David Hogg, 2025-10-16 NATIONAL BESTSELLER From John Della Volpe the director of polling at the Harvard Institute of Politics Fight is an exploration of Gen Z the issues that matter most to them and how they will shape the future 9 11 The war on terror Hurricane Katrina The 2008 financial crisis The housing crisis The opioid epidemic Mass school shootings Global warming The Trump presidency COVID 19 Since they were born Generation Z also known as zoomers those born from the late 1990s to early 2000s have been faced with an onslaught of turmoil destruction and instability unprecedented in modern

history And it shows they are more stressed anxious and depressed than previous generations a phenomenon John Della Volpe has documented heavily through decades of meeting with groups of young Americans across the country But Gen Z has not buckled under this tremendous weight On the contrary they have organized around issues from gun control to racial and environmental justice to economic equity becoming more politically engaged than their elders and showing a unique willingness to disrupt the status quo In Fight How Gen Z Is Channeling Their Passion and Fear to Save America Della Volpe draws on his vast experience to show the largest forces shaping zoomers lives the issues they care most about and how they are despite older Americans efforts to label Gen Z as overly sensitive lazy and entitled rising to the unprecedented challenges of their time to take control of their country and our future
