Biblical Greek Lexicon

JOSEPH HENRY THAYER

Biblical Greek Lexicon:

Manual Greek Lexicon of the New Testament George Abbott-Smith, 1999-07-01 The classic Greek lexicon which has proved invaluable to generations of Greek Testament students and scholars. It provides for each New Testament word its derivation, the Hebrew it represents if found in the Septuagint, its original and derived meanings, with illustrations from biblical, classical, and modern Greek, the general sense in which it is used in the papyri, its grammatical constructions, and references to other works in which it is discussed. There are also appendices of the irregular verbs of the Greek New Testament and an alphabetical list of verbal forms.

Biblical Greek Language and Lexicography Frederick W. Danker, 2004 As the basis of modern translations of the Scriptures, biblical Greek and lexicography are disciplines vital to our understanding of the original Christian message. This volume, which celebrates the career of Frederick W. Danker, presents the state of the art in Greek and biblical language studies. Among the important topics of discussion are how one discovers the meaning of words, current tools available to students of language, and the approach being used in the latest New Testament and Septuagint Greek dictionaries. Added features of this book include appendices listing current Greek-English dictionaries and grammars, and current Greek dictionary and language projects, as well as indexes of biblical references, Greek and Hebrew words, and grammatical terms.

Concise Lexicon to the Biblical Languages Jay P. Green, Robinson Maurice, Dr. Maurice Robinson, 2007-01-25 Now for the first time the Bible student will have a lexicon dictionary with every one of the original 8,674 Hebrew words and also every one of the 5,624 Greek words of the Scriptures included in it. For ninety-five out of the hundred times the Bible student, preacher, Bible class teacher, or the host of God's saints who study to show themselves workmen unashamed (2 Tim 2:15), this quick reference, easy-to-use lexicon is a jewel. You will literally wear it out using it weekly, if not daily. The words are alphabetical in order. This is important with the Hebrew words in particular. For the most used Hebrew lexicon is the Brown Driver Briggs Hebrew-Aramaic Lexicon. And one must know the root word to look up Hebrew entries in that lexicon, or else they must have a multi-paged index to it. This brief lexicon can even be used instead of the Brown Driver Briggs Lexicon in most cases when anyone desires a quick reference to the grammatical construction and the meaning of a word. For the fact is, this lexicon is an abbreviated edition of the Brown Driver Briggs Lexicon; most of the information coming from that great work. Yet this little lexicon contains more information than can be found in B. D. B. Proper names appear in alphabetical order, often with their meanings. Derivation of words is given. More grammatical information is given than is in the larger lexicon. The Greek section also provides coding to Strong's Exhaustive Concordance, and it gives page references to Thayer's Greek-English Lexicon, Arndt-Gingrich Greek-English Lexicon, and Kittel's Theological Dictionary. The reader will learn to appreciate these quick and easy references by use of the Arabic numbers in numerical order, coupled with the original language. This handy quick study tool will revolutionize study of the Bible, saving a multitude of hours of study yet providing comprehensive information not available in any other existing volume. The savings in time alone is enough.

to recommend this handy little lexicon The fact that it contains both the Hebrew Aramaic words and the Greek words in a single easy to access volume is a time saver not to be found in any other book it appears that no previous book has contained both the 8 674 Hebrew words and the 5 624 Greek words with their meanings and other items of information which the student of either language can use with ease Maurice A Robinson PhD is Associate Professor of Greek at Southeastern Baptist Theological Seminary in Wake Forest South Carolina Jay P Green Sr 1918 is Translator and Editor of The Interlinear Hebrew Greek English Bible and the translator of the Modern King James Version of the Holy Bible the Teenage Version of the Holy Bible the Literal translation of the Holy Bible and the KJ3 Literal Translation Bible He has written numerous books on textual criticism

A Manual Greek Lexicon of the New Testament George Abbott-Smith,1956 **Shorter Lexicon of the Greek New Testament** Walter Bauer,Felix Wilbur Gingrich,1965 F Wilbur Gingrich **Analytical Lexicon of the Greek New Testament** Timothy Friberg,2005 This addition to the field of New Testament Greek study aids is the most useful analytical lexicon available The Analytical Lexicon of the Greek New Testament contains an alphabetical arrangement of every Greek form found in the major printed editions of the Greek New Testament UBS Nestle Aland and the Majority Text Consequently ANLEX is not a lexicon of a single edition of the New Testament rather it is a lexicon of the New Testament s language in all its manuscript forms A distinguishing feature of this and companion volumes is the use of grammatical tags The analysis is tagged throughout with abbreviations that provide pertinent grammatical information ANLEX s analysis is superior to traditional parsing because of the authors expertise in modern linguistics In addition ANLEX provides new and original definitions in modern descriptive English for each root word
