Complete EU Law Elspeth Berry, Matthew J. Homewood, Barbara Bogusz, 2013-08-08 Innovative new EU Law text offering a modern approach to the institutional and substantive law of the EU Provides a comprehensive introduction to EU law combining the popular text cases and materials format with a range of supportive learning features making it the ideal text for students looking for a thorough yet accessible guide to EU law

Substantive Law of the EU Catherine Barnard, 2025 Human Rights Treaties Mark Sachleben, 2005-12-13 The book examines patterns of participation in human rights treaties International relations theory is divided on what motivates states to participate in treaties specifically human rights treaties Instead of examining the specific motivations this dissertation examines patterns of participation In doing so it attempts to match theoretical expectations of state behavior with participation This book provides significant evidence that there are multiple motivations that lead states to participate in human rights treaties

European Union Law Margot Horspool, Matthew Humphreys, Michael Wells-Greco, 2021 The Care Text Series takes the reader straight to the heart of the subject providing focused and reliable guides for students of law at all levels Written with authority by leading academics and renowned for their dainty these invaluable texts provide a straightforward analysis of the subject and its challenges European Union Law provides an accessible introduction to the European institutions and offers thorough and wide ranging coverage of the key substantive law topics to serve as a strong basis for further study of the subject Insightful analysis of the underflying themes and principles of EU law is delivered in a clear and direct style accompanied by chapter summaries contextual examples critical questions and expertly selected further reading suggestions to help guide you through the subject and support further research Book jacket

European Constitutional Law Robert Schütze, 2012-04-05 The European Union has existed for over half a century Having started as the Europe of the Six in a specific industrial sector the Union today has twenty seven Member States and acts within almost all areas of social life The Union s constitutional structures have evolved in parallel with this immense growth Born as an international organisation the Union has developed into a constitutional Union of States This textbook analyses the constitutional law of the European Union after Lisbon in a clear and structured way Examining the EU through a classic constitutional perspective it explores all the central themes of the course from the history and structure of the Union the powers and procedures of its branches of government to the rights and remedies of European citizens A clear three part structure and numerous illustrations will facilitate understanding Critical and comprehensive this is required reading for all students of European constitutional law

Fairness in International Criminal Trials Yvonne McDermott, 2016-01-21 With the acceptance of international criminal procedure as a self sustaining discipline and as the tribunals established to try the most serious crimes in the former Yugoslavia Sierra Leone and Rwanda have completed or are beginning to wind up their activities the time is ripe for a critical evaluation of these international criminal tribunals and their legacy By examining the due process standards embraced by the five

contemporary international criminal tribunals the author draws conclusions about how the right to a fair trial should be interpreted in international criminal law This volume addresses key conceptual questions on fairness including should international criminal tribunals set the highest standards of fairness or is it sufficient for their practice to be just fair enough To whom does the right to a fair trial attach and can actors such as the prosecution and victims be accurately said to benefit from that right Does fairness require the full realization of a number of guarantees owed to the accused under the statutory frameworks of international criminal tribunals or should we instead be concerned with the fairness of the trial as a whole What is the interplay between domestic and international courts on questions of procedural fairness What are the elements of fairness in international criminal proceedings And what remedies are available for breaches of fair trial rights Through an in depth exploration of the right to a fair trial the author concludes that international criminal tribunals have a role in setting the highest standards of due process protection in their procedures and that in so doing they can have a positive impact on domestic justice systems

The Challenge of Children's Rights for Canada, 2nd edition Katherine Covell,R. Brian Howe,J.C. Blokhuis,2018-08-30 More than a quarter of a century has passed since Canada promised to recognize and respect the rights of children under the United Nations Convention on the Rights of the Child Ratification of the Convention cannot however guarantee that everyone will abandon proprietary notions about children or that all children will be free to enjoy the substance of their rights in every social and institutional context in which they find themselves including and perhaps especially within families This disconnect remains one of the most important challenges to the recognition of children s rights in Canada The authors argue that social toxins are as harmful to children s independent welfare and developmental interests as environmental toxins and that both must be eradicated if Canada is to fulfill its commitments under the Convention They also argue that if Canada wishes to ensure the substance of the rights outlined in the Convention are socially guaranteed an attitudinal or cultural shift is required concerning the moral and legal status of children This revised expanded and updated edition of the bestselling Challenge of Children s Rights for Canada will be of interest to academics policymakers parents teachers social workers and human service professionals indeed to anyone who cares about and for children
