Sea of Literatures Angela Fabris, Albert Göschl, Steffen Schneider, 2023-12-18 Mediterranean studies flourish in literary and cultural studies but concepts of the Mediterranean and the theories and methods they use are very disparate This is because the Mediterranean is not a simple geographical or historical unity but a multiplicity a network of highly interconnected elements each of which is different and individual Talking about Mediterranean literature raises the question of whether the connectivity of Mediterranean literature can or should be limited in some way by constructing an inside and an outside of the Mediterranean What kind of connectivity and fragmentation do literary texts produce how do they build and interrupt references to the real to fictional forms of representation to history but also to other texts and discourses how do they create and deny communication and how do they engage with and reflect literary and non literary concepts of the Mediterranean These and other questions are considered and discussed in the over twenty contributions gathered in this volume

Audiovisual Posthumanism Evi D. Sampanikou, 2017-05-11 This volume deals with the challenges posthumanism meets as a successor to postmodernism in the field of artistic literary and aesthetic expression It also explores the ways social sciences and humanities are affected by posthumanism and it asks how posthumanism can be an expansion of humanism in the contemporary world rather than a transcendence of humanism The chapters authors come from different countries cultural backgrounds and study areas to present a varied perspective on posthumanism

Aivali Soloup, 2019 This graphic novel tells the story of Greeks and Turks living as neighbors in the town of Aivali and other places along the Aegean Sea during the late Ottoman Empire It also tells the story of their subsequent expulsion from their ancestral homelands during a population exchange of Greeks and Turks in 1922 known to Greeks as The Catastrophe and their subsequent lives as refugees

Greeks as The Catastrophe and their subsequent lives as refugees *Aivali - Une histoire entre Grèce et Turquie - Réédition*
Soloup,2022-03-03T00:00:00+01:00 24 juillet 1923 la signature du Trait de Lausanne sonne le glas de l'Empire ottoman et
donne naissance la Turquie moderne Pour les populations grecques vivant sur le territoire turc et pour les Turcs vivant sur le
territoire grec la conséquence est immédiate l'exode 1 5 million de Grecs et 500 000 Turcs passent d'un territoire l'autre
Presque devenue turque mais située juste en face de la grecque de Lesbos Aivali est un lieu très symbolique de ce double d
racinement les maisons des Grecs expulsés sont habitées par des Turcs eux-mêmes chassés de Crète **Coping with the
Future** Hans Christian Garmann Johnsen, Halvor Holtskog, Richard Ennals, 2018-03-21 Coping with the Future has been
written in response to widespread international awareness that the future is not predictable In political and economic terms
we are in unknown territory with daily developments around Brexit and the Trump Presidency and Kodak moments in
business On the other hand business leaders demand certainty which is not available This book redefines the nature of
modern business In contrast to recent trends it has a focus on human centred manufacturing and on decision making which
goes beyond a focus on short term profit The liberal capitalism of the USA and the UK is not the only current variety of
capitalism Business is not just about managers but requires participation and engagement by workers Since the financial
crash of 2008 there has been much talk about the need for fresh approaches to business but little has changed This book
pulls together current research and practice and poses new questions based on case studies There is no one simple best way
but an uncertain future can be addressed drawing on diverse past experience and cases The book addresses an intended
audience in business and universities including business schools around the world The debate takes a broader approach
involving research in the social sciences and approaches from philosophy The world has always been unpredictable but we
have allowed ourselves to be comforted by convenient myths It is time to wake up **Aivali** ,2014 Αἰβάλί Σολούπ, Bruce
