Budapest 1900 A Historical Portrait Of A City And Its Culture:

Budapest 1900 John Lukacs, 2018-09-01 A distinguished historian and Budapest native offers a rich and eloquent portrait of one of the great European cities at the height of its powers Budapest like Paris and Vienna experienced a remarkable exfoliation at the end of the nineteenth century In terms of population growth material expansion and cultural exuberance it was among the foremost metropolitan centers of the world the cradle of such talents as Bartók Kodály Krúdy Ady Molnár Koestler Szilárd and von Neumann among others John Lukacs provides a cultural and historical portrait of the city its sights sounds and inhabitants the artistic and material culture its class dynamics the essential role played by its Jewish population and a historical perspective that describes the ascendance of the city and its decline into the maelstrom of the twentieth century Intimate and engaging *Budapest 1900* captures the glory of a city at the turn of the century poised at the moment of its greatest achievements yet already facing the demands of a new age Lukacs's Budapest like Hemingway's Paris is a moveable feast Chilton Williamson Lukacs's book is a lyrical sometimes dazzling never merely nostalgic evocation of a glorious period in the city's history *The New York Review of Books* A reliable account of a beautiful city at the zenith of its prosperity *Publishers Weekly* *Budapest 1900* John Lukacs, 1988 *Budapest 1900* John Lukacs, 1989 [Double Exile](#) Tibor Frank, 2009 This is a social history of refugees escaping Hungary after the Bolshevik type revolution of 1919 the ensuing counterrevolution and the rise of anti-Semitism Largely Jewish and German before World War I the Hungarian middle class was torn by the disastrous war the partitioning of Hungary in the Treaty of Trianon and the numerus clausus act XXV in 1920 that seriously curtailed the number of Jews admitted to higher education Hungary's outstanding future professionals whether Jewish Liberal or Socialist felt compelled to leave the country and head to German speaking universities in Austria Czechoslovakia and Germany When Hitler came to power these exiles were to flee again many on the fringes of the huge German emigration Emotionally prepared by their earlier threatening experiences in Hungary they were quick to recognize the need to uproot themselves again Many fled to the United States where their double exile catalyzed the USA into an active enemy of Nazi Germany and stimulated the transplantation of European modernism into American art and music To their surprise the refugees also encountered anti-Semitism in the USA The book is based on extensive archival work in the USA and Germany **New Directions in Urban History** Peter Borsay, Ruth-Elisabeth Mohrmann, Gunther Hirschfelder, **Rhetorics of Display** Lawrence J. Prelli, 2021-12-24 Groundbreaking case studies mapping the rhetoric inherent in acts of presentation and concealment *Rhetorics of Display* is a pathbreaking volume that brings together a distinguished group of scholars to assess an increasingly pervasive form of rhetorical activity Editor Lawrence J Prelli notes in his introduction that twenty first century citizens continually confront displays of information and images from the verbal images of speeches and literature to visual images of film and photography to exhibits in museums to the arrangement of our homes to the merchandising of consumer goods The volume provides an integrated comprehensive study of the processes of

selecting what to reveal and what to conceal that together constitute the rhetorics of display Surveying major historical transformations in the relationship between rhetoric and display this book also identifies the leading themes in relevant scholarship of the past three decades Seventeen case studies canvass a representative and diverse range of displays from body piercing to a civil rights memorial to a Titanic exhibition to imagery found in gambling casinos and examine the ways that phenomena persons places events identities communities and cultures are exhibited before audiences Collectively the contributors shed light on rhetorics that are nearly ubiquitous in contemporary communication and culture The Routledge Companion to Global Film Music in the Early Sound Era Jeremy Barham, 2024-01-31 In a major expansion of the conversation on music and film history The Routledge Companion to Global Film Music in the Early Sound Era draws together a wide ranging collection of scholarship on music in global cinema during the transition from silent to sound films the late 1920s to the 1940s Moving beyond the traditional focus on Hollywood this Companion considers the vast range of cinema and music created in often overlooked regions throughout the rest of the world providing crucial global context to film music history An extensive editorial Introduction and 50 chapters from an array of international experts connect the music and sound of these films to regional and transnational issues culturally historically and aesthetically across five parts Western Europe and Scandinavia Central and Eastern Europe North Africa The Middle East Asia and Australasia Latin America Soviet Russia Filling a major gap in the literature The Routledge Companion to Global Film Music in the Early Sound Era offers an essential reference for scholars of music film studies and cultural history *Masquerade* Tivadar Soros, 2001 The author recounts his years lived under a fake Christian identity during the Nazi occupation of Hungary in the Second World War including the efforts he put forth to protect his family as well as many other Jews **The Routledge History of East Central Europe since 1700** Irina Livezeanu, Arpad von Klimó, 2017-03-16 Covering territory from Russia in the east to Germany and Austria in the west The Routledge History of East Central Europe since 1700 explores the origins and evolution of modernity in this turbulent region This book applies fresh critical approaches to major historical controversies and debates expanding the study of a region that has experienced persistent and profound change and yet has long been dominated by narrowly nationalist interpretations Written by an international team of contributors that reflects the increasing globalization and pluralism of East Central European studies chapters discuss key themes such as economic development the relationship between religion and ethnicity the intersection between culture and imperial national wartime and revolutionary political agendas migration women s and gender history ideologies and political movements the legacy of communism and the ways in which various states in East Central Europe deployed and were formed by the politics of memory and commemoration This book uses new methodologies in order to fundamentally reshape perspectives on the development of East Central Europe over the past three centuries Transnational and comparative in approach this volume presents the latest research on the social cultural political and economic history of modern East Central Europe providing an analytical and comprehensive

overview for all students of this region **Hungarian Women's Activism in the Wake of the First World War** Judith Szapor, 2017-12-14 Using a wide range of previously unpublished archival written and visual sources Hungarian Women's Activism in the Wake of the First World War offers the first gendered history of the aftermath of the First World War in Hungary The book examines women's activism during the post war revolutions and counter revolution It describes the dynamic of the period's competing liberal Christian conservative socialist radical socialist and right wing nationalistic women's movements and pays special attention to women activists of the Right In this original study Judith Szapor goes on to convincingly argue that illiberal ideas on family and gender roles tied to the nation's regeneration and tightly woven into the fabric of the interwar period's right wing extreme nationalistic ideology greatly contributed to the success of Mikl's Horthy's regime Furthermore the book looks at the long shadow that anti liberal nationalist notions of gender and family cast on Hungarian society and provides an explanation for their persistent appeal in the post Communist era This is an important text for anyone interested in women's history gender history and Hungary in the 20th century
