New Monasticism and the Transformation of American Evangelicalism Wes Markofski, 2015 For most of the last century popular and scholarly common sense has equated American evangelicalism with across the board social economic and political conservatism However if a growing chorus of evangelical leaders media pundits and religious scholars is to be believed the era of uncontested evangelical conservatism is on the brink of collapse if it hasn't collapsed already Combining vivid ethnographic storytelling and incisive theoretical analysis New Monasticism and the Transformation of American Evangelicalism introduces readers to the fascinating and unexplored terrain of neo monastic evangelicalism Often located in disadvantaged urban neighborhoods new monastic communities pursue religiously inspired visions of racial social and economic justice alongside personal spiritual transformation through diverse and creative expressions of radical community In this account Wes Markofski has immersed himself in the paradoxical world of evangelical neo monasticism focusing on the Urban Monastery an influential neo monastic community located in a gritty racially diverse neighborhood in a major Midwestern American city The resulting account of the way in which this movement reflects and is contributing to the transformation of American evangelicalism challenges entrenched stereotypes and calls attention to the dynamic diversity of religious and political points of view which vie for supremacy in the American evangelical subculture New Monasticism and the Transformation of American Evangelicalism is the first sociological analysis of new monastic evangelicalism and the first

major work to theorize the growing theological and political diversity within twenty first century American evangelicalism

Ministry Marketing Made Easy Yvon Prehn,2012-08-21 [Organic Outreach for Churches](#) Kevin G. Harney,2018-05-22 Nearly all churches and ministries consider themselves dedicated to evangelism and many explicitly include outreach in their mission statements But few are actually bearing fruit Kevin Harney diagnoses this problem and offers guidance for multiplying the outreach impact of churches Organic Outreach for Churches provides direction for local congregations to weave evangelism into the fabric of the church Commitment to the Great Commission is not simply about sending money and prayers to missions or holding occasional events to reach out although these things are good Organic outreach happens when evangelistic vision and action become the domain of every ministry and the commitment of every person in the congregation This will not happen accidentally There is huge spiritual and practical resistance to such changes But the only way evangelism will become an organic part of a church is when every leader and each member is gripped by a commitment to proclaiming the gospel This book is a roadmap for pastors and leaders who wish to infuse evangelistic passion into every aspect of their church s life [Growing Your Faith by Giving It Away](#) R. York Moore,2005-07-06 Talking about Jesus isn t just good for the people who hear It s good for you too R York Moore describes his adventures sharing the gospel with all kinds of people Through his vivid stories you ll catch a glimpse of the dynamic work of the Holy Spirit to guide and empower you even when you feel uncomfortable or don t know what to say or do
