Addiction Understanding Addictions:

How to Help an Addict Christopher Martin, 2015-07-03 Understanding addiction is the only way to help a drug addict overcome their problem This book helps you not only understand addicts and their behaviors but also to identify and understand the triggers that make addicts continue to abuse drugs Sections are divided into the four main types of addicts At the end of each section you are given easy action steps you can use to speed up and ease the process of recovery for any addict This book is for anyone who loves an addict It was written by Christopher Martin a former drug addict who was addicted to some of the worst drugs you can imagine for over a decade He has seen things firsthand that no doctor or addiction specialist will ever know about If you've spent your time worrying about an addict trying to help them with rehab detox and interventions this book is for you The truth is most of the things taught in colleges and in treatment centers don't work If they did work then rehab would not be the revolving door that it is Treatment centers and specialists are not trained to help the root causes of drug and alcohol addiction Most time addicts come out worse off than when they started To beat addiction you need to understand what caused it and what continues to trigger the addict's brain they are not always the same thing Addicts and alcoholics tend to only listen to other addicts and alcoholics That's because they can understand and relate to each other This book gives you the knowledge and experience to do the same Now you can help the addict you love because you will know more about what they are going through and how to stop it This is a short easy to read action plan that dives into the nitty gritty behaviors that drug addicts try to hide Knowing and understanding these things gives you an advantage over addiction which will help you callout your addict and make them understand what they are doing Often addicts do not realize the things they do until it's too late This book helps you put an end to that vicious cycle If you love someone you feel like you are losing to drug addiction this book is for you There is light at the end of the tunnel There is a positive outcome waiting just around the corner for you Take advantage of the real world experience this author has to offer Don't wait until it's too late Don't let addiction carry someone you love even further down the wrong road Get your copy now
