Allies Of Humanity Two:

The Allies of Humanity Book Two Marshall Vian Summers, 2013-09-28 This second set of Briefings from The Allies of Humanity completes a crucial message regarding our vulnerability and potential within the Greater Community the larger physical universe in which we live Communicated by a small group of extraterrestrial observers the Briefings reveal the true nature and purpose of an extraterrestrial Intervention that has been underway in our world for quite some time This group of observers represents the Allies of Humanity an association of free races in the universe who support the preservation of Knowledge and freedom throughout the Greater Community The Allies distinguish themselves from the intervening forces that are here by maintaining their distance and not engaging directly with us Instead they offer us their wisdom about the realities of life in the universe and a warning about the dangers and consequences of premature human ET contact The arrival of The Allies Briefings was the result of a rare convergence of three powerful forces the extraterrestrial the Divine and the human It was these essential forces that joined to enable The Allies Briefings to be delivered in a form and in a language that can be understood by everyday people In this one book each of these voices is represented the extraterrestrial in the Allies Briefings the Divine in the Teachers Commentaries and the human in the Message from Marshall Vian Summers It was in December 2000 that Marshall received the entire six briefings of The Allies of Humanity Book Two Human Unity Freedom and the Hidden Reality of Contact within 24 hours The Briefings were delivered very quickly for a reason The Allies threatened with being discovered by the Intervention had to give their second set of Briefings to Marshall as quickly as possible before escaping to a distant location far from our Solar System The Allies describe this situation in their Preface to the Second Set of Briefings which is included in this volume Since that time Marshall along with the support of a growing number of courageous people has endeavored to study and to bring The Allies of Humanity Briefings and message to the attention of as many people as possible This ongoing work represents a vital mission and relies upon the contributions of readers everywhere in order to continue Whether or not any further Briefings will be sent here by the Allies is as yet uncertain But what is certain is that the information contained in these two sets of Briefings provides the missing pieces to our understanding of the extraterrestrial presence in the world today and what we must do to begin to prepare The Allies emphasize that these Briefings provide us everything that we need to know to begin this preparation with a clear understanding of our situation We cannot afford to make the same mistakes that so many native peoples have made throughout the course of our own human history regarding their first encounters with explorers from the outside We at New Knowledge Library are proud to be able to present what may prove to be one of the most important documents ever published for the advancement well being and future of humanity We recognize that some people may reject this information out of hand because of its possible association with channeled ET messages However given the high degree of his personal integrity and the extraordinary quality and relevance of his writings Marshall s work stands apart Truly the revelations that

have come to us through his work may ultimately prove to be as significant as other Divinely inspired messages in the past that have impacted the course of human history We encourage you the reader to seriously explore the crucial message presented in all of these Briefings in both Book One and Book Two and to share this message with others These Briefings represent a unique and greatly needed communication to all the people of our world at this critical turning point New Knowledge Library Allies of Humanity Book Two Marshall Vian Summers,2005 The Allies of Humanity Book 2 presents startling new information on the interactions between races in our local Universe and on the nature purpose and hidden activities of those races who are interfering in human affairs This Second Set of Briefings from the Allies completes a crucial message regarding our vulnerability and potential within the Greater Community the larger physical Universe in which we live **Secret Lives of the Underground Railroad in New York City** Don Papson,Tom Calarco,2015-02-11 During the fourteen years Sydney Howard Gay edited the American Anti Slavery Society s National Anti Slavery Standard in New York City he worked with some of the most important Underground agents in the eastern United States including Thomas Garrett William Still and James Miller McKim Gay s closest associate was Louis Napoleon a free black man who played a major role in the James Kirk and Lemmon cases For more than two years Gay kept a record of the fugitives he and Napoleon aided These never before published records are annotated in this book Revealing how Gay was drawn into the bitter division between Frederick Douglass and William Lloyd Garrison the work exposes the private opinions that divided abolitionists It describes the network of black and white men and women who were vital links in the extensive Underground Railroad conclusively confirming a daily reality *The Search for Missing Friends: 1831-1850* Ruth-Ann Mellish Harris,Donald M. Greer, J. Warren Smith, 2015-03-04 In his writings and his career Gregory of Nyssa assumes many roles He is a Christian Platonist a spiritual guide for ascetics and those seeking the vision of God as well as one of those who shaped the Trinitarian doctrine of God espoused at Constantinople in 381 But he is also a popular preacher and paradoxically someone unafraid of deeper speculations regarding the meaning of the Christian ideal The translations in Part One illustrate these various concerns but are not a sufficient basis for the thesis of Part Two one that attempts to answer the question of how to describe the coherence of a thinker far from systematic One solution is to appeal to Gregory's conviction that after this world all Christians indeed all humans will be united in diversity and that this means that all are now on the one path to their destiny however much their progress may differ This answer does not pretend to solve all problems nor does it rule out other approaches to Gregory's thought But it locates Gregory's work in the liturgical and sacramental life of the church that includes ordinary as well as elite Christians Pleasure Boat , 1846
