Along The Archival Grain Epistemic Anxieties And Colonial Common Sense:

Along the Archival Grain Ann Laura Stoler, 2009 Along the Archival Grain examines the nature of colonial governance as seen through its archival habits and conventions and in doing so offers a series of nuanced meditations on the nature of archives and the spirit with which students of empire should approach them *Ann Laura Stoler, Along The Archival Grain. Epistemic Anxieties And Colonial Common Sense, Princeton Y Oxford, Princeton University Press, 2010, 316 P* Oscar Muñoz Morán, 2012 Beyond Evidence Julia Viebach, Dagmar Hovestädt, Ulrike Lühe, 2022-02-23 Drawing on conceptual debates in transitional justice and critical archival studies as well as empirical cases from various countries around the world the contributions in this book critically examine how archives are produced by and used in transitional justice processes such as tribunals truth commissions and remembrance processes This edited volume provides conceptual critiques of the transitional justice paradigm and innovations in providing a new lens on archival practices in transitional justice In doing so it offers in depth analyses of the relationship between archives and transitional justice in France Colombia Rwanda South Africa and Northern Ireland it highlights truth commission and international court archives as much as personal collections and oral histories The authors bring critical archival studies into dialogue with transitional justice discourses to highlight the activism and emancipatory potential but also the possibilities of injustices inherent in archives and archival practice Crucially the book goes beyond merely highlighting the evidentiary value of archives by linking them to a multitude of transitional justice processes goals and ideals including remembrance processes witnessing reconciliation non recurrence and various struggles against injustices and prevalent violence This collection contributes to and expands our understanding of archives in transitional justice and critically questions core assumptions being made about the inherently positive contributions archives and records make to dealing with a violent past The chapters in this book were originally published as a special issue of The International Journal of Human Rights **Gender, Power and Sexual Abuse in the Pacific** Emily J. Manktelow, 2018-07-26 In 1843 on the island of Tahiti the evangelical missionary Rev Alexander Simpson was accused of sexually assaulting three of the female students under his care and of taking improper liberties with at least three more The events did not come out in public for at least a decade while Simpson's power in the local community only grew and rumblings relating to his wrong doings were ruthlessly crushed By exploring the case of Rev Simpson Emily Manktelow gives us key insights into the gender power and racial dynamics of a particular case of sexual abuse on the frontiers of European colonialism She explores the social and sexual context of clerical abuse considers the hierarchies of gender and power that determined how the case was handled and investigates the nature of colonialism gender and abuse in the 19th century The uncomfortably timely content of Gender Power and Sexual Abuse in the Pacific allows us to interrogate the way we deal with and represent issues of abuse authority and childhood It aims to give voice to those whom the archive has silenced and to listen to what they have to tell us about gender sexuality and abuse in the modern world *Gender, Imperialism and Global*

Exchanges Stephan F. Miescher, Michele Mitchell, Naoko Shibusawa, 2015-03-09 Gender Imperialism and Global Exchanges presents a collection of original readings that address gendered dimensions of empire from a wide range of geographical and temporal settings Draws on original research on gender and empire in relation to labour commodities fashion politics mobility and visibility Includes coverage of gender issues from countries in Africa the Americas Europe and Asia between the eighteenth to twentieth centuries Highlights a range of transnational and transregional connections across the globe Features innovative gender analyses of the circulation of people ideas and cultural practices *Histories of Women's Work in Global Sport* Georgia Cervin, Claire Nicolas, 2019-11-29 Sport has never been a man's world As this volume shows women have served key roles not only as athletes and spectators but as administrators workers decision makers and leaders in sporting organizations around the world Contributors excavate scarce archival material to uncover histories of women's work in sport from swimming teachers in nineteenth century England to national sports administrators in twentieth century Cote d'Ivoire and many places in between Their work has been varied holding roles as teachers wives and secretaries in sporting contexts around the world often with diplomatic functions including at the 1968 and 1992 Olympic Games Finally this collection shows how gender initiatives have developed in sporting institutions in Europe and international sport federations today With a foreword by Gregory Quin and afterword by Ana's Bohuon this is a pioneering study into gender and women's work in global sport *Western Historiography in Asia* Q. Edward Wang, Okamoto Michihiro, Longguo Li, 2022-02-21 This volume provides a unique and critical perspective on how Chinese Japanese and Korean scholars engage and critique the West in their historical thinking It showcases the dialogue between Asian experts and their Euro American counterparts and offers valuable insights on how to challenge and overcome Eurocentrism in historical writing *Opposing the Rule of Law* Nick Cheesman, 2015-03-12 A striking new analysis of Myanmar's court system revealing how the rule of law is lexically present but semantically absent **The Colony and the Company** Malick W. Ghachem, 2025-07-08 A new account of how Haiti under French colonial rule became a violent sugar plantation state In the early eighteenth century France turned to its New World colonies to help rescue the monarchy from the wartime debts of Louis XIV This short lived scheme ended in the first global stock market crash known as the Mississippi Bubble Saint Domingue now Haiti was indelibly marked by the crisis given its centrality in the slave trading monopoly controlled by the French East Indies Company Rising prices for enslaved people and devaluation of the Spanish silver supply triggered a diffuse rebellion that broke the company's monopoly and paved the way for what planters conceived as free trade In *The Colony and the Company* Malick Ghachem describes how the crisis that began in financial centers abroad reverberated throughout Haiti Beginning on the margins of white society before spreading to wealthy planters the revolt also created political openings for Jesuit missionaries and people of color The resulting sugar revolution Ghachem argues gave rise to an increasingly violent militarized planter state from which the colony and later Haiti would never recover Ghachem shows that the wealthy planters who co-opted the rebellion were

simultaneously locked in a showdown with maroon resistance The conflict between the planters militant defense of their prerogatives and maroon rebellion laid the foundations for a brutal history of marginalization and immiseration Haiti became a full fledged plantation colony held together by a ruthless form of white supremacy and enslavement triggering a cycle of escalating violence that led to the Haitian Revolution Tragically Haiti s postrevolutionary future remained captive to the imperial sway of money and debt

Women, Race, and the Moravian Church in the Early Modern Atlantic World Kelly Kaelin, 2025-04-24 This book focuses on women s participation in the Moravian Church during the eighteenth century focusing on the intentional practice of international marriage and migration that supported their missionary work amongst enslaved populations in the Caribbean It argues that white women missionaries and Black women converts played a crucial role in the history of its religious movement as the Church shifted from an ethnically German organization to a form of Black Atlantic Christianity
