It's Time for High-Performance Government Howard Risher, William Wilder, 2016-08-08 Leadership teams taking the reins of government in 2017 will have to overcome the demoralizing effects of years of budget deficits, a heavy loss of talent, frequent criticism and mounting pressure to do more with less, all of which have contributed to declining interest in public sector careers and deteriorating performance. Over the past twenty years there has been a widening gulf between the people management practices in the private and public sectors. Change is badly needed but it does not have to start by canceling existing civil service rules. This book argues for rethinking the way public employees are managed. The changes will contribute to a healthier, more productive work environment that once again enables public agencies to attract and motivate a highly qualified workforce. Written by leading experts with decades of experience as managers and consultants, *It's Time for High Performance Government* provides executives, managers and elected officials at all levels practical advice to improve
