The South Asia Collective

Banglapaper Prothomalo Bd Com:

Bangladesh in Bondage Q M Jalal Khan, 2021-04-12 This book brings together a collection of essays about the untenable political status quo in Bangladesh under Sheikh Hasina. Since democratization in the 1990s, Bangladeshi political life has been characterized by fierce battles over the role of religion in society, corruption, and the obstacles to constructing a society with freedom of expression and rule of law independent from the influence of powerful neighboring countries. Academic freedom and other human rights issues have hindered the study of Bangladesh heretofore, and corruption, police abuses, and election rigging are common as well as widely documented. In this passionate, sometimes personal exploration of the issues of social justice, rule of law, and the democratic process in Bangladesh, the book offers a valuable case study of how an Asian developmental state is otherwise regressing backwards morally, socially, and politically. The Bangladeshi struggle for sovereignty, prosperity, and democracy documented in this book will be of interest to political scientists, scholars of South Asia, and those of Islam.

Bangladesh Hiranmay Karlekar, 2005 It is, I think, a timely and sobering reminder of the power of all kinds of fundamentalisms in the contemporary world and that no society is proof against their ravages, even those which have prided themselves on their secularism, tolerance, and pluralism. Bangladesh is a country haunted by divisions, not only the Partition of India but also that of the War of Liberation and the even more fateful split between Muslim and Bengali, which is the more menacing because it exists within individuals within the people themselves. Whether the wholeness of a specifically Bengali version of Islam can be restored is the question which this book poses.

Jeremy Seabrook, *The Guardian* This book should ring a warning bell for policymakers in the South Block. If you do not agree, read Karlekar's chilling tale of the death of Mujibur's dream and that of many others who naively believed in it.

Kanchan Gupta, *India Today* The book unravels how the hate matrix has found a place in a culturally vibrant society that just two decades back asked for freedom from the shackles of an oppressive regime.

Anju Kumar, *The Hindu* Dubbed a hotbed of terrorism across the world, Bangladesh is under the spotlight. Hiranmay Karlekar's timely book tackles the issue with depth and insight. A must read for strategic thinkers and those involved in watching India's neighbourhood.

Tehelka The author argues that the headquarters of Islamic terrorism is shifting from Afghanistan to Bangladesh, which he describes as a soft state with an ineffective government and a weak police force.

The Pioneer Karlekar has a long experience of reporting on Bangladesh. His book resonates with this experience and with a wealth of details and will help fill the vacuum of information on Bangladesh and its crisis of fundamentalism.

The India Express Bangladesh focuses on the growth of Islamic fundamentalism in Bangladesh. Hiranmay Karlekar analyzes in detail the historical, social, cultural, and political circumstances that have led to this and discusses the chances of the situation being altered. From a wealth of reliable sources, he discusses the circumstances which account for this rise in fundamentalism and he demonstrates the forces that function within the ruling coalition in Bangladesh, allowing this rise unchecked.

Hiranmay Karlekar is Consultant Editor of *The Pioneer* and a member of the Press Council of India. During his career, he has been Editor

of The Hindustan Times Deputy Editor of The Indian Express and Assistant Editor of The Statesman and the erstwhile Hindustan Standard published from Kolkata by the Anandabazar Patrika group **Views from Inside** Joy Egbert, Gisela Ernst-Slavik, 2017-12-01 The goal of this text is to help teachers in diverse classrooms understand the importance of students' culture, languages and schooling experiences to curriculum assessment and student achievement. Readers will learn about aspects of specific cultures and languages that are important to their understanding of their students and they will discover that cultures that are often considered similar may not be so and why they aren't. Finally, the text focuses on how teachers can integrate languages and cultures into classrooms and how to account for students' backgrounds and funds of knowledge when devising tasks. The text starts with an introduction to language and culture that presents a research-based explanation of why these concepts are important for teachers to understand. Chapter 1 Then the middle 28 chapters each address one country's culture. Each chapter starts with a school scenario in the US. Part 2 of each chapter includes evidence-based demographic and background data on the country including historical events that may have an impact on our students and their families. Part 3 includes a look at education, schooling and culture including famous people, contributions to the world, personal characteristics, important religious information, focal customs and other aspects that are important to cultural insiders. Part 4 is about language and literacy traditions and how they relate to the culture, a number of words that teachers can learn, e.g. yes, no, thank you, please, hello, how the language is different from and similar to English and what those differences and similarities might mean for English language learners from that culture. Part 5 comprises advice, resources and ideas for teachers, for example, if it is an oral culture, the teacher might consider working with students on oral storytelling before transitioning to written stories or incorporate both using technology. Each chapter also contains recommended readings and resources and short exercises that extend the chapter information. The final chapter presents parting notes for teachers and additional suggestions for addressing diversity.

Islamic NGOs in Bangladesh

Mohammad Musfequs Salehin, 2016-01-13 NGOs (Non Governmental Organizations) have emerged in both a development and aid capacity in Bangladesh, providing wide-reaching public services to the country's population living in extreme poverty. However, resistance to and limitations of NGO-led development, which in conjunction with Bangladesh's social transformation, led to a new religious-based NGO development practice. Looking at the role of Islamic NGOs in Bangladesh, the book investigates new forms of neoliberal governmentality supported by international donors. It discusses how this form of social regulation produces and reproduces subjectivities, particularly Muslim women's subjectivity, and has combined religious and economic rationality, further complicating the boundaries and the relationship between Islam, modernity and development. The book argues that both secular and Islamic NGOs target women in the name of empowerment, but more importantly, as the most reliable partners to meet their debt obligations of micro-financing schemes, including sharia-based financing. The targeted women, in turn, experience Islamic NGOs as less coercive and more sensitive to their religious environment in the

rural village community than are secular NGOs Providing a comparative study of the role of religious and secular NGOs in the implementation of neoliberal policies and development strategies this book will be a significant addition to research on South Asian Politics Development Studies Gender Studies and Religion *Rohingya Refugee Crisis in Myanmar* Kudret Bülbül,Md. Nazmul Islam,Md. Sajid Khan,2022-01-03 This book discusses the current reality and the future of ethnic Rohingyas in Myanmar It presents Myanmar s history policy politics and most importantly while focusing on Rohingya ethnic conflict presents a resolution by looking at the global and regional policies and politics of South Asia and South East Asia The recent coup unfolded in Myanmar and the detention of the democratic leaders has surprised the world with its subsequent emergency declaration in 2021 thus making this book relevant and well timed Eventually the book offers an account of a previously little known yet much discussed role of media international actors human trafficking and humanitarian based resolution for Rohingya refugee crisis It shows a new perspective in the post Rohingya influx era of Bangladesh and the neighbouring countries **Ethnic Media in the Digital Age** Sherry S. Yu,Matthew D. Matsaganis,2018-12-07 Ethnic media are media produced for and frequently by immigrants ethnic and linguistic minority groups and indigenous populations These media represent a sector of the broader media industry that has seen considerable growth globally even while many mainstream legacy media have struggled to survive or have ceased to exist largely due to the emergence of new communication technologies What is missing in the literature is a careful examination of ethnic media in the digital age The original research including case studies in this book provides insight into 1 what new trends are emerging in ethnic media production and consumption 2 how ethnic media are adapting to changing technologies in the media landscape of our times and 3 what enduring roles ethnic media perform in local communities and in an increasingly globalized world The ethnic media that contributors discuss in this book are produced for and distributed across a variety of platforms ranging from broadcasting and print to online platforms Additionally these media serve numerous immigrant ethnic and indigenous communities who live in and trace their origins back to a variety of regions of the world including Africa Asia Europe North America and Oceania **Engaging in Educational Research** Raqib Chowdhury,Mahbub Sarkar,Foez Mojumder,M Moninoor Roshid,2018-10-01 This book reflects the paradigm shift now manifesting in Bangladesh s education system by highlighting recent empirical research It shares essential insights by presenting research conducted on diverse aspects of current day education in Bangladesh including policy and governance equity access and participation curriculum and pedagogy assessment and education programs and projects run by NGOs Further it offers a platform for these unique studies to be showcased and disseminated to scholars and researchers from developing and developed countries alike and represents a unique reference resource for the education research community in Bangladesh Asia and all over the world With Foreword from Professor Serajul Islam Choudhury *Handbook of Digital Journalism* Surbhi Dahiya,Kulveen Trehan,2024-05-02 This book presents perspectives from South Asian countries such as India Nepal Sri Lanka Bangladesh and Bhutan It brings in
