Making It in Public Relations Leonard Mogel, 2002-03-01 *Making It in Public Relations* is a comprehensive realistic guide to everything one needs to know when pursuing a successful career in public relations. It is an introduction to public relations written for students who want or need a definition of the profession to understand what they are moving into as a career. A thorough overview of the various roles and responsibilities involved in PR work, the different types of PR functions and activities and its application in a variety of settings and scenarios are provided. In fulfilling the book's editorial role, author Leonard Mogel profiles the 10 largest public relations firms, life on the fast track at a small PR firm, how corporate communications is carried on at a large financial institution, and public relations for diverse organizations. It will be of interest to those studying public relations at the university level, recent mass communication journalism and public relations graduates, interns in public relations firms, and employees in other fields contemplating a move to this profession.

Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies, 1999. *Plunkett's Energy Industry Almanac 2007* Jack W. Plunkett, 2006-12-09 The energy industry is boiling over with changes. Deregulation, new opportunities in foreign fields and markets, and environmental challenges are rushing together head on to shape the energy and utilities business of the future. Extremely deep offshore wells in the Gulf of Mexico and offshore of West Africa are being drilled at immense cost. Meanwhile, China has become a major energy importer and Russia has become a major exporter. In the U.S., Europe, and Japan, renewable and alternative energy sources are developing quickly, including big breakthroughs in wind power and fuel cells. This exciting new reference book covers everything from major oil companies to electric and gas utilities, plus pipelines, refiners, retailers, oil field services, and engineering. Petroleum topics include upstream and downstream. Additional topics include coal, natural gas, and LNG. More than a dozen statistical tables cover everything from energy consumption, production, and reserves to imports, exports, and prices. Next, our unique profiles of the Energy 500 Firms are also included, with such vital details as executive contacts, by title, revenues, profits, types of business, web sites, competitive advantage, growth plans, and more. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key information, addresses, phone numbers, and executive names with titles for every company profiled. *Plunkett's Telecommunications Industry Almanac 2007* Jack W.
